The "Mother of the Presidents" (Virginia) furnishes the largest number of applicants for Executive favors at Washington just now. Next comes Tennessee, while North Carolina and Louisiana are about equal.

Le Commerce, the Imperialist paper at Matamoros, says that at the banquet given by the Prussian consul there, where General Steele drank the health of the Emperor Maximilian, the "fete was wound up by a disorderly waltz by Gen. Brown, United States army, and another."

The Mobile Tribune says the entire section of country between Atlanta and Chattanooga, Georgia, is still a mass of ruins, and that the people who once lived there in happiness are now wandering about homeless and almost hopeless.

Major John B. Hill, says a St. Louis despatch, who holds a commission of Colonel of Artillery from President Juarez, left there on Friday last, with thirty-five men to join the Liberal army of Mexico. They will go via Brazos Santiago, and will probably join Cortinas in the rear of Matamoros.

Newspapers from Mexico to the 13th ult., are received. They give glowing accounts of the fete Napoleon celebrated throughout the nation on the 15th. The French residents adorned and illuminated their houses; the Emperor Maximilian and the Court attended a religious ceremony at the Cathedral, and the troops were reviewed by Marshal Bazaine. At Chapultepec there was an imperial ball, at which Maximilian proposed the toast, "to the health of Napoleon!" Marshal Bazaine responded.

The Alexandria (Va) Journal says: "In the County Court of this county recently it was decided, in accordance with the eighth section of the Bill of Rights, that colored men are entitled, in all capital or criminal prosecutions, to a trial by jury. The sixth section of this Bill of Rights gives colored men the right to vote. It reads as follows: 'That all elections ought to be free, and that all inhabiting sufficient evidence of common interest with and attachment to the community, have the right of suffrage, and cannot be taxed or deprived of their property for public uses without their own consent or that of their representatives so elected, nor bound by any law to which they have not in like manner assented for the public good.'"

On Saturday a well executed counterfeit of the new issue of fifty cent fractional currency was presented at the Treasury Department for redemption, but the keen eyes of one of the ladies employed at the Redemption Division detected it. It is represented to be one of the best finished counterfeits in circulation.

Major John Trout, of Harrisburg, Pa., is appointed an additional route agent on the railroad from Goldsborough, N. C., to Charlotte, N. C., with pay at the rate of \$800 per annum.

At the present time there is not a mail or a mail agent in Texas. The Galveston Post Office was closed by the military immediately on their arrival at that city, and has remained closed since. All letters are received and forwarded by private hands or enterprise only.

Eighty five colored people who had no permanent employment in Washington, part of whom were direct from Richmond, have been sent to Providence, Rhode Island, by the Freedmen's Bureau, where homes and labor have been provided for them. Female servants are in demand there.

We have advised up to a late period from the Indian Council at Fort Smith. On the 8th inst. Judge Cooley read an address to the Indians, which was responded to by the Cherokees to the effect that they had no power to treat, but would refer any proposition the government would make to their national Council. Responses from other tribes of a similar character were made. On Saturday the council was taken up in reading the stipulations to be imposed by the government upon all tribes in the Southwest. The stipulations propose a grand concentration of all Indian tribes into one nation, the territory of which shall be the present Indian Territory, and such other as the government may decide upon. The tribes now living in Kansas are to be removed South, and the southwestern tribes are expected to compel the Indians of the plains to observe the treaties. The Indians say they understand they were called to meet the late rebel tribes, and renew friendly relations with them, and not to make new treaties, which they are unwilling and unauthorized to do. On Monday replies were made to the propositions presented them on Saturday. All spoke favorably of the policy of the government, and appear anxious to renew their friendly relations with it. Many of them promise their aid in bringing the hostile Indians of the plains to terms.

A well known pickpocket recently died in Williamsburg, New York, leaving property to the amount of \$60,000, all of which he accumulated within the past five or six years in excursions throughout the various cities of the Union.

THE DAILY PROGRESS.

VOL. VI. RALEIGH, MONDAY, SEPT. 18, 1865. NO. 261.

STATE NEWS.

THE PROBATE OF COUNTY COURT.—This court, commenced its sessions yesterday under the jurisdiction of the following magistrates: James Shackelford, Chairman; S. D. Wallace, James Colvin, A. H. Vanbakkelen, A. A. Hartsfield, H. T. Murphy and T. J. Armstrong. It is convened for the purpose of settling important private and public matters that have arisen in the community since the return to the union of North Carolina.

The following appointments were made by the court to-day: Richard W. Nixon was appointed county solicitor, vice A. M. Waddell, resigned.

The chairman was authorized to raise by sale of bonds or otherwise \$5,000, for use of the poor of the county.

Thos. W. Player was appointed inspector of naval stores for New Hanover county.

Jno. C. Mills was appointed constable for the lower division of the town of Wilmington.

Frederick William Ahrens of Charlotte, N. C., has been appointed Assistant Assessor for the 4th division of this collection district, including Mecklenburg, Gaston and Lincoln counties.

Martin Luther Gunn and Peter Augustus Frercks, have been appointed U. S. Inspectors of manufactured tobacco, spirits and brandy, for this district. So says the Salisbury Banner.

Jesse Wheeler, the Assessor for the second district of North Carolina, has entered upon the discharge of his duties as that officer. His office is in this town, in the building formerly used as a medical office by Dr. J. L. Cole, adjoining the residence of W. D. Trotter.

Mr. Wheeler has divided his district into eleven sub-districts as follows: First, Rockingham and Caswell; second, Guilford and Alamance; third, Randolph; fourth, Chatham; fifth, Moore and Harnett; sixth, Montgomery and Richmond; seventh, Cumberland; eighth, Robeson and Bladen; ninth, Brunswick and Columbus; tenth, New Hanover; eleventh Sampson and Duplin.

The county court of Forsyth met on Monday last in Winston. The only matter of importance and of immediate interest to the people, which came up before it, was that of raising funds to defray the expenses of the county in supporting the poor, keeping the jail, and administering justice. It was, in our judgment, properly considered that to lay at this particular time, a sufficient tax to raise the amount required, would be "an onerous burden upon the people." It was a like consideration impracticable to borrow the necessary funds; it was therefore ordered by the court that the chairman should issue in the name of the county, and signed by himself, twenty five hundred dollars in due bills, in denominations as follows, receivable in payment of all county taxes:

- \$100 in the denomination of ten cents. \$400 " " " twenty five cents. \$1,000 " " " one dollar. \$500 " " " five dollars.

These bills will be in the hands of tax-payers as good as gold, and as heavy taxes will long be laid to meet demands upon the county, no considerable citizen will, since money is so exceedingly scarce, refuse to receive them.—Winston Sentinel.

DESPERATE ATTEMPT AT SUICIDE.—Peter Murphy, steward of the steamer Twilight, leaped from a second story window of the seaman's Home at Wilmington, the other night, and received injuries which in all probability will result fatal. Murphy had a severe attack of bilious fever, and was unable to return on the steamer. A nurse was in his room and had turned his back after bidding him good night, when Murphy jumped from his bed, and before he could be stopped was a mass of bleeding broken humanity on the pavement.

The Brutal Murder of John B. Lyons, of Elizabeth City, N. C.

A correspondent of the Norfolk Old Dominion, writes from Hintonville, Pasquotank county, under date of September 9th, in regard to an outrageous murder, which has been already noticed in the Progress. This correspondent says:

In your paper of the 23d of August, I noticed an erroneous statement of the murder of Mr. John B. Lyons, of this county. Below I give the particulars of the murder, as I got it from his son, a boy of 12 years, who was with him at the time of his murder, and whose name will correct it:

On Monday, August 14th, he left his home, about eighteen miles below Elizabeth City, for a gentleman who lives near Cannon's Ferry, on the Chowan River, the present residence of his murderer. On his way he would have had to pass Lassiter's (his murderer's) house. There had been some misunderstanding between Mr. Lyons and Lassiter before, and Mr. Lyons got out of the cart and went three miles out of his way, through the woods, to prevent a meeting with Lassiter. On his return, on Tuesday, he was overtaken by Lassiter, about three miles from Cannon's Ferry, who hailed him, as he rode up behind his cart, with the word "halt!" Lassiter then shot at him with a double-barreled gun, but no shot hit him. Lyons then attempted to get his pistols, which were in the hind part of the cart. As he put his hand round, Lassiter shot again, and struck him in the wrist with a buck-shot. Lassiter then fired with a rifle, and Lyons fell backwards in his cart dead, the shot taking effect in the heart. His inhuman murderer, not satisfied with what he had done, got out of his cart, and went to the hind part of Lyons' cart, and shot him through the head twice with his pistol. Ten shots took effect, in different parts of his body.

Seldom are we called upon to record the death of a more worthy man. His life was truly an exemplary one. He was a worthy citizen, a kind neighbor, and an affectionate husband and father. He was for some time an editor of a paper in Elizabeth City, and after the war broke out he commenced teaching school, which occupation he was following when the murder was committed, near his home in this county. He leaves a wife and three children, and numerous friends and relations to mourn his loss. D. W. N.

THE CITY.

PROTESTANT EPISCOPAL CONVENTION.—Friday's session of this body was decidedly interesting. After passing the accounts of the late treasurer of the diocese, the proposition for reunion with the church of the North was reached, when majority and minority reports were presented. The first, signed by Rev. R. S. Mason, chairman, after expressing gratification at the views expressed by Bishop Atkinson on the subject, concludes with the resolutions as annexed:

Resolved, That the diocese of North Carolina is prepared to resume her position as a diocese in connection with the Protestant Episcopal Church in the United States, whenever, in the judgment of the Bishop, after consultation with the Bishops of the other Southern Dioceses (which consultation he is hereby requested to hold) it shall be consistent with the good faith which she owes to the Dioceses with which she has been in union during the past four years.

Resolved, That with a view to such contingency, there be four Clerical and four Lay deputies elected to represent this Diocese in the ensuing general Convention of the Protestant Episcopal Church in the United States.

Rev. A. A. Watson then sent to the Secretary the minority dissent, the essential features of which are rehearsed in the preamble. It maintains the view that the proceeding contemplated in the first report ignores, or seems to ignore the legislative rights of the clergy and laity in the diocese which have been in compact with us during the past four years under the name of the Protestant Episcopal Church in the Confederate States, and maintains that that compact cannot be lawfully or honorably broken without at least an effort to obtain the consent of a majority both of the bishops and of the Dioceses constituting that body.

Then follows a series of resolutions proposing action upon such basis, in these words:

Resolved, That the Diocese of North Carolina is prepared to assume her position as a Diocese in connection with the Protestant Episcopal Church in the United States, whenever she can do so consistently with her self-respect and with her obligations to her sister Dioceses in the South.

Resolved, That in order to more promptly action, the Diocese of North Carolina is willing to refer the determination of that question, together with the conditions, time and mode of reunion to a consultation of the Bishops of the Dioceses hitherto in union under the title of the Protestant Episcopal Church in the Confederate States, and that she hereby authorizes her Bishop to act for her therein.

Resolved, That if her sister Dioceses in said union for a majority of their number shall in like manner authorize their Bishops to act in their behalf, and if, in the opinion of said Bishops or a majority of their whole number, it shall seem right and advisable to unite with the Protestant Episcopal Church in the United States, it shall be competent to the Bishops to take all the steps necessary to effect or complete such reunion, so far as the Diocese of North Carolina is concerned.

Resolved, That with a view to such contingency, there be four Clerical and four Lay deputies elected to represent this Diocese in the ensuing general Convention of the Protestant Episcopal Church in the United States.

A debate ensued, distinguished by the utmost courtesy and kindness, which was participated in by Hon. Wm H. Battle, Mr. K. P. Battle, Rev. Dr. Mason and others in behalf of the majority report, Rev. A. A. Watson, Rev. J. H. Tillinghast and J. B. Eatecolor supporting the side of the minority suggestion.

The latter paper was then rejected, when Mr. Hale proposed a substitute, which met the same fate, and the question recurring, the report of the majority of the committee was sanctioned. Under a requirement of one of its clauses, the following delegates were elected to the General Convention to be held at Philadelphia in October.

Clergy.—Reverends R. S. Mason, F. M. Hubbard, J. B. Chesire, W. H. Hodges.

Lay Delegates.—Hon. Wm H. Battle, R. H. Smith, Robert Strange, K. P. Battle.

The Council then elected as delegates to the General Council to be held at Mobile, Ala., in November next—

Clergy.—Reverends R. S. Mason, D. D., F. M. Hubbard, D. D., J. S. C. Hulse.

Lay Delegates.—R. H. Smith, Robert Strange, J. H. Bryan.

Rev. E. Geer offered a tribute of respect to the memory of the late Rev. Samuel Johnston, D. D., which was unanimously adopted.

An adjournment was then ordered to 4 o'clock.

INFORMATION WANTED.—Mrs. Hester Crawford, of Columbia, Tenn., is anxious to obtain some information concerning her husband, A. H. Crawford, who was a member of 48th Tenn., and was wounded near Kinston, N. C., about the 9th March last.

The friends of the following named parties, also are desirous of obtaining information concerning them: Vincent V. Flack, 144th Ohio, National Guards; Arthur Carns, and S. Secord.

Any one possessing any knowledge of the above named will confer a great favor by communicating with this office or with the Commanding officer of the Post of Salisbury.

"WATERFALLS" NOT A NEW AGONY.—We have always regarded the "waterfall" as a heathenish invention; but we were not aware until recently that it is a monstrosity of classic birth. We have recently seen a com of HIERO I., Tyrant of Syracuse, who reigned from 478 to 286 before the Christian era, on the obverse side of which is the head of the goddess Diana, with an excrescence precisely like that now worn by our ladies under the dubious name of waterfall. There is nothing new under the sun.

PARENTS SHOULD APPLY THE BIRCH.—The very

rule, not to say extremely pernicious practice of boys throwing stones at teams passing in the streets seems to be growing on them. We noticed a rather aggravating case yesterday. A small boy hit a spirited team with a stone, and then had the impudence to dare the driver to come after him, well knowing that he could not leave the horses. Parents should be aware that they are liable for any damages caused by these sportive tricks of their young topicals. This item of information may have the effect of putting a stop to these troubles, if not, give them the lash.

REV. DR. DENNETT.—The New York papers thus refer to this eminent North Carolina divine. The allusion is to his second discourse:

There was again preaching by a Southern clergyman in Cooper's Institute on Sunday 10th inst., the Rev. Dr. Deems of North Carolina, delivering an able and interesting sermon to a large congregation. The reverend gentleman returned thanks for the restoration of the Union and prayed for the President.

M. E. CONFERENCE.—The Standard learns that the annual Conference meeting of the Methodist Episcopal Church, which was to be held in Rockingham, Richmond County, will take place in this City in December next.

The Washington correspondent of the Baltimore Sun of the 9th says: "Secretary Chase had a recent interview with the President, when a free interchange of views was had relative to reconstruction policy. The Chief Justice was quite condemnatory of the policy of the President. The parting was not characterized by any particular cordiality."

INTO HER MIGHTY TRUMPET.—Fame has breathed a new word, Sozopont, and she is making it resound through the civilized world. It is the Greek for tooth preserver, but in plain English Fragrant Sozopont, is the most effective dentifrice that chemistry has ever yet extracted from the Oriental vegetable kingdom.
