

THE NEWS.

—For latest news see Fourth Page.

—At a meeting of the State Rights' men, held at Cooper Institute, New York city, on the 25th inst., Thomas Lawrence, presiding, resolutions were adopted denouncing the Democratic nominations and platform, as absolving them from obligations to support the party ticket, and proclaiming them for the Constitution as it is and the Union as it was, and affirming that all Executive proclamations and decrees affecting the rights of the States are unconstitutional, null and void, &c. The nomination of a State ticket is left to the decision of the committee. Thirty or thirty-five Assembly districts are said to have been represented.

—The Post Master General has accepted the offer of Edward Wood, of Edenton, N. C., in behalf of the Albemarle Steam Packet Company, to convey mails from Plymouth, by Edenton, Colerain Landing, Gates Ferry, Winton, Bartonsville, and South Quay, to Franklin Depot and back, three times a week till the 31st December, 1865, at the rate of \$22 per mile per annum.

—The Concord National Bank of Concord was entered, on the 25th inst., while the cashier was at dinner, and the safe robbed of \$300,000, consisting of U. S. Bonds. A large reward will be offered.

—The Provost Marshal of Freedmen has arrested the judge, sheriff, district attorney, and the jury of the Tenth Judicial District of Louisiana for trying a negro on the charge of larceny. The Superintendent of the Freedmen says jurisdiction over the negroes during the existing interruption of the civil law belongs exclusively to his Bureau.—The judge gives notice of an appeal.

—Governor Wells, of Louisiana, has issued a proclamation, designating the first Monday of November, for the election of Congressional and State officers.

—A special dispatch, to the Washington Chronicle from Montgomery, Ala., dated Sept. 25th, says the statement that the convention decided by a vote of fifty-eight to thirty-four against repudiating the State debt, has just been received there, with comments of New York papers thereon. No such vote was taken concerning the subject of State debt. It was referred to a committee, who will report in a day or two, when the subject, for the first time, will come before the Convention, and I hope for favorable action. The ordinance for the abolition of slavery was adopted—only three opposing votes—and the ordinance of secession was declared null and void. Everything is going on very satisfactorily for the cause of the Union.

—A Republican paper in Ohio states [that Senator John Sherman, in his speech] at Marietta, declared he would have said more about negro suffrage had not the State Central Committee (Rep.) at Columbus instructed him not to discuss the subject.

—It is stated that Edwin Booth is about to marry an interesting young Massachusetts lady of personal charms and pecuniary consequence, who wrote him a tender and sympathizing letter at the time when he was terribly depressed by the crime of his brother, the correspondence thus begun having ripened into love and all that sort of thing.

—Three passengers were killed near Columbus, on the Columbus and Indianapolis Central Railroad, Friday night, by being swept off the top of the cars, where they were directed to ride for want of accommodations elsewhere.

—A whale was shot at Surry, Maine, last week. He swam ashore between two small reefs, and there was not room enough for him to turn round, and he could not back out. A farmer, hearing the noise, went to the shore with his gun and shot the big fish.

—William Barber, of Chemung county, a snake exhibitor at the New York State Fair, was badly bitten by a rattlesnake last Thursday. He cured himself of the poison by drinking four quarts of whisky in less than six hours. The same snake had previously bitten two other persons, one of whom died in three hours, and the other was saved by the whisky treatment.

—Professor Lieber has written a letter to Mr. Seward, suggesting that our difficulties with England be referred for arbitration, not to a monarch, but to a board of learned jurists, as the law faculty of some European university, Heidelberg, Leyden or Berlin.

—General Terry, commander of the Department of Virginia, has just given the people of that State a very forcible reminder that martial law still prevails there by the issuance of two orders making provision or loyal proprietors to recover their property confiscated by the rebel government and by putting a stop to all legal proceedings instituted against national officers for acts done in the performance of their official duties. Hereafter, while martial law continues to prevail, the General announces, any person connected with the institution of suits of this character will be arrested.

—A meeting of the Board of Regents of the Virginia Military Institute, at Lexington, was held on Thursday last, when ex-General Ouellet Lee, son of Robert E. Lee, and formerly a member of Jeff Davis' staff, was elected to the professorship of Applied Mechanics and Military and Civil Engineering, and Maj. Blair, another rebel ex-officer, was chosen Professor of Natural Philosophy.

—Mr. Azambuja, the new Brazilian Minister in Washington, presented his credentials to President Johnson on last Saturday, on which occasion speeches were made by both of the distinguished individuals. The President, in the course of his remarks, said:— "All the nations of America, if they would continue to exist, must aspire to absolute self-sustaining independence, and to a perfect political equality with the other nations of the earth. If Brazil shall agree with us in this policy, we shall hereafter be not only close friends, but practically we shall become firm and fast allies."

THE CITY.

COLORED CONVENTION.

—This body, according to previous notice, will assemble in this city today, the 29th. Whatever their object may be, it would be well for them to be cautious, to avoid extremes, in every particular, not to dictate to the approaching State Convention, or make any unnecessary insinuations as to their future position, political or social. "Watch and wait," with them, would be their true policy; for while they are free—free from slavery, they are not yet free from the control of the laws and regulations of the Freedmen's Bureau—they are still subject to the will of the military, and they are still subject to the legislation of the General Assembly of North Carolina, and it will rest entirely with that body to say what rights they shall exercise as freedmen. This is a right guaranteed to every sovereign State, and all laws enacted by such State, not in conflict with the constitution and laws of the United States will be enforced—enforced by the powers, combined of the Union, if needs be. This fact, it would be well to remember. But, while our position is known on the question of universal suffrage, we believe that our legislators will be charitably disposed towards the newly made freedmen, and such laws will be made as to ameliorate their present and future condition. To this end, then, let every intelligent man, bend his efforts; a wholesome code, tempered tolerably with charity. For surely, if we are to live together, it would be far better to live as friends—intelligent, law-abiding—and in due time, by energy, industry and honest dealing, the colored man will be prepared to exercise, intelligently, the various functions of a citizen. In all kindness, we have thrown out these hints; perhaps it would be best if they are so received.

FASHIONS.

—As the ladies are always curious in regard to the very latest verdict of the monarchs of style, we give a synopsis of the fashions, gathered partly from late exchanges and partly from observation.

Veils.—Veils have become very conspicuous items of a full toilette. They are worn long—of Tulle, dotted with gold, or steel.

Nets are still in vogue. They are very elaborate, so trimmed with gold and silver beads as to constitute a very handsome head-dress.

Pretty coquettish head-dresses of lace and ribbon are now universally worn in the morning by married ladies, under the names of breakfast caps.

The most popular are, of pure, or Cluny lace, and blue, pink, or rose-colored ribbon. They are exceedingly becoming, and in this sort of lace, though costly at first, very economical in the end, as it can be washed and worn to the end of time, and like black gaiters, always looks "real," and is always fashionable.

Dresses.—Heavy materials and rich cream colors are the rage.

Dresses en suite, that is, dress, underskirt and basque of the same material, are fashionable.

Pointed waists are still worn, with one or more points at back, front or sides. The round waist begins to be seen again, and the ever popular "Boero," and other jacket shapes, hold their sway.

Long coat tails, and the deep square basques, are still prevalent, much to our disgust. The sleeves are tight, scarcely admitting of a close undersleeve; skirts as ample as ever in breadth, and increased in length. Profuse trimming is the rule. Fluting is generally confined to the underskirt.—Designs embroidered in silk, or braid, and mingled with gold, or steel braids and cord, are the favorite trimmings, and on heavy material are stylish.

Cloaks.—The *Paletot*, cut partially to fit, seems to have taken a new lease of life. It will be the favorite garment for fall wear. They are made of heavy silk, or thread, or of cloth. They are cut half fitting, forming a fullness of plaits behind, which add much to the grace of their appearance.

Novelties in laces, handkerchiefs, tarletons and balmorals have been introduced, which the ladies will find at the furnishing establishments in the city.

MEETING OF TOWN COMMISSIONERS.

—Raleigh, Sept. 27, 1865.—At a regular meeting of the Board of Commissioners, held this evening:

Present: Dr. W. H. McKee, Mayor pro tem; Messrs. C. B. Root, C. M. Farris, J. J. Overby, P. Overby, H. Poole and A. Creech, Commissioners.

On motion of Mr. J. J. Overby, a committee was appointed to wait on the Governor and ascertain if they can get permission to bury persons of color on the State grounds adjacent to the State quarry.

The Mayor appointed on the committee Messrs. J. J. Overby and C. M. Farris.

On motion of Mr. Root, ordered, that the above committee ascertain from the Governor if the Board has the right to tax retailers of spirituous liquors.

On motion of Mr. Farris, ordered, that the city constable be directed to call on all retailers of liquors and bucksters and ascertain their name and places of business, and report to the Board at the next meeting.

Mr. Creech, chairman of committee to settle the affairs of the City Treasurer, made the following report:

RALEIGH, N. C., Sept. 27, 1865.

We, the committee appointed to examine the account of the City Treasurer, respectfully beg leave to make the following report:

The City Treasurer has been notified time after time and that we waited upon him in person, urging upon him the necessity of making a report showing

the condition of the Treasury, but he has failed to make any report whatever, and is now absent from the city.

Respectfully,
A. CREECH, } Com.
C. M. FARRIS, }

Which report was received and committee discharged.

On motion of J. J. Overby, the City Treasurer was displaced.

And on motion, Mr. C. M. Farris was appointed Treasurer to fill the vacancy.

Mr. Farris moved that the auctioneers of the city be forbidden to hold their auctions on the sidewalks, or on the public streets.

Before the vote was taken, Mr. Creech moved to lay the motion on the table, which was carried.

On motion, the price of the grave lots in future shall be six cents per square foot for citizens and twenty-five cents per foot for non-residents.

On motion, Board adjourned.

J. J. CHRISTOPHERS, Clerk.

ENCOURAGE THEM.

—Nothing in the enterprises of a city reflects so accurately the character of the inhabitants as their church accommodations. We always hail their extension as good omens, and we therefore wish abundant success to the teachers of Christ Church Sunday School. They have a fine scholarship, but in order to reach a fuller success require a room for their use. We feel well assured that our citizens as well as the army will aid them liberally, and that people at a distance would not hesitate to extend helping hands if they are properly informed in the premises. Besides, the fair proposed to be held will undoubtedly produce large revenue.

THE COMET COMING.

—The comet of Bella is nearing its perihelion, and will soon be visible in the heavens. It has rather a long journey to perform, being at present about one hundred and ten millions of miles distant.

On the 1st of November next it will be close to the bright Alpha Pegasi Markab, one of the four bright stars forming the well-known square of Pegasus. It then pursues a southerly course, crossing the celestial equator about the middle of December. It then crosses its old path in 1846, near where it separated into two comets. At the end of February, its distance from the earth will be less than twenty millions of miles. This comet's period is about six and three-quarters year.

SPARRING EXHIBITION, &c.

—We are informed that a party of professional sparsers are stopping in this place, opposite the Farmer's Rest, with Capt. Gallion, who propose giving an exhibition on Saturday evening, the 30th inst. We believe they intend intergrammes will make known particulars in time to afford the curious full knowledge of the evening's bill of fare.

OUR THANKS ARE DUE AGAIN AND AGAIN TO THE SOUTHERN EXPRESS COMPANY, THEIR AGENTS, MESSAGERS, &c., FOR LATE PAPERS IN ADVANCE OF ALL OTHER SOURCES. THEY DO THINGS IN FIRST CLASS TIME AND WITH MUCH SUCCESS.

IN TOWN.

—By last night's train a number of freedmen reached the city as delegates to the colored people's convention which is to assemble this morning.

ON DUTY.

—That Henry Ward Beecher, the great Brooklyn divine, and others of like prominence will be present at some period during the session of the freedman's convention.
