

THE DAILY PROGRESS.

VOL. VI. RALEIGH, THURSDAY, OCT. 26, 1865. NO. 294

Execution of Champ Ferguson.

Nashville, Oct. 20.—Champ Ferguson, the guerilla, was executed at noon to-day. He evinced no emotion until the rope was placed around his neck, when his face turned very red and broke into profuse perspiration, attended with a strong quivering of the lips. He stood composedly on the drop some twenty minutes, while the charges, specifications and sentence were read by Colonel Shafter. He nodded recognition to several persons in the crowd, and shifted his position in an impatient manner while the sentence was being read. To some specifications he inclined his head in assent. To others he shook his head. He requested that his body be given to the charge of his wife, and called upon his Maker to have mercy on him. The drop then fell, and in a few seconds he was a lifeless corpse.

Episcopal Convention.

The Episcopal Convention at Philadelphia, Saturday, adopted the following resolution:
Resolved, That all those branches of the apostolic church, which accept the Holy Scriptures and the Nicene-Constantinopolitan creed, and which reject the usurpations and innovations of the Bishop of Rome, be called by the course of events and the indications of Divine Providence, to renew those primitive relations which the Roman schism has interrupted.

Brownlow.

It is stated that Mr. James R. Hood, the Chattanooga member of the Tennessee Legislature, is preparing, with five other members, articles of impeachment, against the notorious Bill Brownlow, Governor of Tennessee, upon the ground that he has illegally appointed Justices of the Peace and other officers, contrary to the laws of the State.

Attack on Matamoros Abandoned.

NEW ORLEANS, October 19.—Late Mexican advices report all fears of an attack upon Matamoros at an end, the forces of Escobedo and Cortinas have separated and only a few straggling followers of the latter remaining in the neighborhood of the town.—Maximilian, it is said, intends increasing his forces largely on the frontier.

Arrival of Congressmen.

Members of Congress are beginning to arrive to provide rooms and houses for the coming season.—Fabulous prices are asked for board or rent, and marketing is more costly than ever.

Resignation of Gen. McCook.

Major General A. D. McCook tendered his resignation to the Secretary of War yesterday, in order to identify himself with the Butterfield Overland Express Company.

The Regular Army.

The question of increase of the regular army has been elaborately discussed by Generals Grant, Thomas, Hancock, and other leading Generals, who have been here within the past few days. These officers are all in favor of the proposition, which looks to the increase of the infantry to forty battalion regiments of one battalion each, and corresponding increase of the other arms of the service, so as to make in all 75,000 troops. Secretary Stanton favors the plan, and it will doubtless be adopted as soon as practicable.

Paymasters to be Mustered Out.

An order will be issued in a few days mustering out of service some eighty volunteer paymasters.—This movement is quite unexpected to many of these army officials.

The Washington Church Conference.

Bishop Simpson presided at the annual Conference of the African Methodist Episcopal Church, held in the city of Washington, on Sunday morning, preaching an eloquent discourse to a large African congregation at Asbury Chapel. A considerable number of white persons were also present. The colored population of the district, numbering 27,000, support twenty-one churches in this city and Georgetown.—They also have six in Alexandria.

A Raid Upon Generals.

General Grant has sent to the Secretary of War a communication, recommending the mustering out of all Major and Brigadier Generals of the volunteer service, save those who have been disabled in the service. The fact becoming known, has stirred up many of the able-bodied generals, and their political friends are getting up a strong opposition to General Grant's proposed sweeping decapitation.

Government Finances.

It is believed that the amount of fifty millions of five-twenty-bonds, a recently advertised by the Secretary of the Treasury, has all been taken by the conversion of compound interest notes and other interest-bearing securities.

Startling Discoveries at Nashville.

NASHVILLE, October 20.—A startling discovery has been made in this city within the last few days. A large number of thieves have been predeprating around the city for some time past. All efforts to catch them have been unavailing until lately. It has been ascertained that there are five different caves under the city, which are occupied by thieves, burglars, and counterfeiters. The McNary vault in the graveyard has been put under guard, and men set to work to affect an entrance into the cave. As fast as the earth is removed fresh earth is thrown up from the inside of cave. This is the same cave that Murrill and his gang occupied when engaged in running off negroes and horses. The affair has been kept secret, but leaked out in spite of the military. A year ago it was reported that the McNary tomb was used as a place to store plunder, and it is commonly reported that a lake, covering five acres and very deep, is directly under the city. One man swears to having thoroughly explored the entire cavern from one end to the other. A guard has been stationed over the Acklen and Harden tombs. The locksmith gives his opinion that the lock on the McNary tomb has been used recently. The entrance to the cavern is at the foot of Summer street. The military are determined to find out the outlet of the cave. The entrance looks like a fissure in the rock. The discovery originated from the fact that quite a number of murders have been committed in the immediate vicinity, which led to an investigation, disclosing the above facts.

Public Meeting in Johnston County.

On Saturday, the 21st inst., at Smithfield, a portion of the citizens of Johnston county met, when Maj. W. A. Smith was chosen Chairman, and Jno. L. Banks, Secretary.

On motion, the Chairman appointed a committee to draft resolutions, consisting of Messrs. Simon Godwin, F. Phillips, B. R. Hinnant, Jas. Jeffreys and Wm. H. Saunders.

The committee retired and returning reported the following:

Resolved, That in pursuance of an ordinance of the convention appointing the 2nd Thursday of November next, for the election of Governor of North Carolina, Representatives to Congress, and members of the General Assembly, we, the loyal citizens of Johnston county, would recommend for the General Assembly, Thos. D. Snead, Esq., for the Senate, and Benj. Godwin and J. R. Coats, Esq., for the Commons, and we shall cheerfully support them, accordingly.

Resolved, That we prefer Maj. J. P. H. Russ as our next Representative to Congress, believing that the bold and manly course he has heretofore pursued stamps him as the man for the position.

Resolved, That we cordially endorse the administration of Andrew Johnson, President of the United States, and entirely approve his liberal and magnanimous policy towards the South.

Resolved, That we thoroughly endorse the administration of our worthy and esteemed Provisional Governor, William W. Holden, and offer him our sympathies in his arduous efforts to restore the State back to her original position in the Union, and prefer him to accomplish the work he has so efficiently begun, believing that he also possesses the confidence of the President, and can do more for the State at this time than any other man in it. We shall, therefore, earnestly support him as our candidate for Governor, and hope and believe that every loyal citizen in the State that has the interest of his country at heart will vote for him.

Resolved, That a copy of these proceedings be sent to the Daily Standard and Progress for publication.

W. A. SMITH, Chairman.
Jno. S. BANKS, Secretary.

The Cholera.

The State Department received a large foreign mail Friday morning, containing additional information relative to the cholera:

The United States Consul at Leghorn advises the Department under date of September 30th, that the ravages of the cholera, which have for several months creased such an alarm throughout Italy and other portions of Europe, as well as in some portions of Asia, have almost entirely abated. There have been no cases within the Leghorn Consular district.

Intelligence from the Consul at Gibraltar is to the effect that the cholera is also gradually disappearing there. Since its first appearance at Gibraltar four hundred and fifty persons have fallen victims to the malady. Several cases have also appeared among the shipping in the port.

Intelligence from Smyrna as late as the 23d of September is to the effect that the cholera has entirely disappeared from that city, after carrying off about four thousand of the inhabitants. It is now said to be decimating several parts of the interior of the country.

The New York Tribune's Paris letter, of the 6th, says that the deaths from cholera in Paris are said to be two hundred per day. There has been no rain since August 16th, and there is great scarcity of water. London letters repeat the reports before published about the cholera, and there is nothing additional except that precautionary measures appear to have prevented the extension of the disease.

GENERAL ITEMS.

—It is stated that the counsel of Jefferson Davis has expressed a desire that his client be accorded immediate trial. The desire comes originally from Davis, who, it is said, has declared that he has "no fears for the issue," and that, therefore, the government will do him a great favor by arranging him at the earliest possible moment. It is also reported that the recent favorable change in his every day life was mainly the work of the President, and at this hour he has almost everything that he could ask, save liberty itself, and the presence of his family about him.

—Gen. Henry A. Wise has declined to take the oath of allegiance.

—The Pope has again pronounced an allocution, which is stamped a desire that his client be accorded immediate trial. The desire comes originally from Davis, who, it is said, has declared that he has "no fears for the issue," and that, therefore, the government will do him a great favor by arranging him at the earliest possible moment. It is also reported that the recent favorable change in his every day life was mainly the work of the President, and at this hour he has almost everything that he could ask, save liberty itself, and the presence of his family about him.

—The Republican convention of Colorado has nominated W. Gilpin for Governor and G. M. Chittcott for Representative in Congress.

—Advices from Texas state that there is a great deal of sickness among the troops on the lower coast; the mortality in some regiments is said to be quite large.

—General Canby has issued an order removing all orders restraining or putting a condition on the sale or transfer of lands in Louisiana.

—The widow of Colonel Keitt, of South Carolina, is reduced to poverty. Her plantation is in the hands of her former slaves.

—Gen. Grant, it is stated, has refused to endorse the application of ex-Governor Wise, of Virginia, for the restoration of his property.

—The trial of Emerson Etheridge was concluded on the 20th instant. He is reported to be "confident of acquittal."

—"Duke" Gwin passed Vicksburg on the 12th under guard, en route for Washington.

—Gen. Beauregard is to be Superintendent of the New Orleans and Jackson railroad.

—Hon. R. M. T. Hunter had an interview with President Johnson on Saturday.

—Hon. A. P. Poland has been elected Chief Justice of the Supreme Court of Vermont.

THE CITY.

Persons in city and country are requested, at all times, to furnish verbal or written information of any events of public interest which may transpire in their neighborhoods, or of which they may have knowledge.

LATE PAPERS—In advance of the mail—from Petersburg, Richmond and Nashville, Tenn., were sent us last night by the Southern Express Company. Mr. J. J. Lewis has our thanks for promptness in their delivery.

DESERVED COMPLIMENT.—We willingly publish the note below, not because of the compliment implied in the reference made to the Progress, but mainly from the consideration that justice is done an officer whom we have frequently heard highly praised:

Editor Progress:—You have entitled yourself to the thanks of this community, especially the female portion of it, for the persistent and unswerving logic advanced in behalf of municipal regeneration. Permit me to say, however, that whoever else may or may not be derelict, Officer Wm. H. Parker is faithful and prompt in the discharge of the duties appertaining to his position. Indeed, the present police organization is amply numerous to assure the peace and property of the citizens, and I am glad to see from the cases reported in your paper that they are active against crime and criminals. VINDEX.

Our correspondent appears to labor under the impression that we have been disposed to censure the old police for the lawlessness which was so rampant in Raleigh a month since. If so he commits error, as our constant endeavor has been to show that too much had been anticipated from an insufficient body of men. We suggested the augmentation to the commissioners—they made the requisite increase—and we sincerely hope that under the present arrangement disorders will be entirely crushed.

PRETTY GOODS.—Among the well-filled and elegant dry goods establishments of the city, is that of Messrs. Randall & Bowen, 15 Fayetteville street. In this matter, we have the opinion of a matron who has seen fashion on the shelves of Stewart in New York and who is thoroughly familiar not only with the modes, but the materials which enter into the manufacture of almost every species of goods worn by ladies. Her verdict is that the house we have named can truly boast as pretty and cheap stock as any other in this place. We know their supplies to be of the newest patterns and most superb qualities, and as they are gentlemen of enterprise we presume the scale of prices has been fixed upon a fair basis. Go and judge by practically testing the matter.

NEW PROVOST MARSIAL.—It was stated several days ago that Capt. Purinton had been relieved from duty as provost marshal of this post, the office abolished, and thus military rule relaxed in another sense. Since then it was found very inconvenient to conduct affairs without the services of such an official and Lieut. Chester has been assigned to duty in that capacity. Our people have been fortunate up to the present moment in the appointment of such officers; they have invariably been popular; and we have every reason to conclude that Lieut. Chester will win like laurels.

CANDIDATE.—Hon. A. H. Arrington, of Nash, who represented this district in the Confederate Congress, has a card in another column proclaiming himself a candidate for a seat in the U. S. House of Representatives.

Calvin J. Rogers, of Wake, announces himself a candidate for the House of Commons.

E. H. Ray, an ex Confederate officer, but an original Unionist, is again in the field for the Sheriffalty.

Dr. T. L. Banks is up for the same post of public trust.

FREEDMEN'S FAIR.—Certain of the freedmen and women of the city have combined and decided to hold a fair on the 3rd of next month, in Guion's old hotel building. We have not learned the object to which the proceeds will be applied, but no doubt it is a proper one and the originators will unquestionably be encouraged by our citizens to the extent of handsome donations. In spite of all the abolitionists in the country, we contend that Southrons are and always have been the best and truest friends of the African race, and they will yet give new proofs of it.

THE TERM "FENIAN."—A correspondent says frequent inquiry is made as to the meaning of the term Fenian, and volunteers to say that it is derived from the Gaelic word Fiann. In the antiquated Gaelic it is written Fian. It was a name given to an order or class of professional soldiers among the Pagan Irish, long before the Christian era. In ordinary times the Fiann consisted of three legions: in each legion were three hundred men, but in war there were usually seven legions.

We give this version of the origin of the now famous term for what it is worth.

To be Successful.—we take it for granted—is the wish of every candidate in the present campaign. They must therefore supply the ammunition promptly to the scouts and we inform them that election tickets, in any quantity, from one to fifty thousand, can be printed at this office on the shortest possible notice. Price, one dollar per thousand.

Circulars, book work and all other jobbing done with dispatch.

IDENTIFIED.—We understand that Mr. Beard came forward yesterday and identified the bale of cotton stolen from him and found by the police secreted in the house of a negro. So far nothing has transpired to fix guilt on the two darkies arrested. They were in the shanty where the cotton was found and may be made to show who was the rogue and where he has gone.

UPSCALE, Dodd & Co., corner Fayetteville and Hargett streets, are conducting a smashing business in the grocery line. They have a nick of doing things up brown, managing by some process to us unknown to ever keep on hand fresh and choice supplies, and yet they are eternally selling—busy from morning till night. Just pay them a visit.

TRICKS OF COUNTERFEITERS.—It is stated that the counterfeiters of the new fifty-cent national currency notes have adopted a shrewd plan and our people may as well be posted against their latest dodge. The counterfeit is an excellent one and apt to deceive good judges; but in order the more effectually to deceive, they have spelt the word "designated" on the right corner "designated," on some of the notes, thus leaving many persons under the impression that all the counterfeiters are so spelt and easily detected. This is all a mistake, and but very few of the notes have this misspelling on them.

RELEASED.—Simeon Johnson, arrested Tuesday upon the charge of insulting a lady, was released yesterday morning, no one appearing to substantiate the complaint.

We are glad of this because we hope there is not in Raleigh the semblance of man who would insult a woman. It is gratifying to know that the police, in the meantime, are determined to repress such attempts no matter by whom made.

TO BE FIXED.—The timbers for the repair of the bridge near the gas house are being gotten out and only a short time will elapse before they are put down.

NEW ADVERTISEMENTS.—We direct attention to the new advertisements of Swapon, Mendenhall & Co.—Commission Merchants, etc., New York.

THE CONCERT—last night—was quite an improvement on anything of the same character we have witnessed in the city. O'Daniels has much improved matters and the bill for this evening can hardly fail to draw a full house.

THE VOTERS OF THE FOURTH CONGRESSIONAL DISTRICT, composed of the counties of Chatham, Granville, Warren, Franklin, Nash, Johnston and Wake:

FELLOW CITIZENS:—I hereby announce in self a candidate to represent you in the next Congress of the United States. The short time between this and the day of election precludes the possibility of a canvass—indeed, in the present condition of the country, a canvass of political campaign should be deprecated by all.—The particular measures that will claim the attention of the ensuing Congress cannot now with certainty be known. Hence, idle speculations and precedent pledges are, for the most part, vain and unnecessary. There is a question, however, which seems to be agitating, to some extent, the minds of the people, both North and South, but which properly comes within the purview of the State Legislature. I allude to negro suffrage, to which I am utterly opposed. I am in favor, as no doubt all of us are, of the speedy restoration of civil law in the State. If I am honored, fellow-citizens, by your suffrages with a seat in Congress, I can only promise you to guard zealously your best interests—to devote what ability I may possess to the advocacy and preservation of all your rights—and to uphold and maintain, to the full extent of my power, whatever measures will redound to the welfare, freedom and honor of North Carolina. I sincerely and ardently desire that our people may soon be restored to the enjoyment of all their rights of both person and property, and that they may again be blessed with prosperity, liberty and happiness. Very respectfully, your obedient servant, A. H. ARKINGTON. Hilliardston, Nash county, Oct 21st 1865.
