THE VERY LATEST BY LAST NIGHT'S MAIL.

THE WIBZ CASE.

Mr. Louis Schade, counsel for Captain Wirz, was at the President's house to-night to intercede in behalf of his client. He is apprehensive that the Military Commission have found him guilty of all the charges, and, therefore, is desirous of saving him from the death penalty. Although Mr. Schade's fears may be well grounded, several days will probably elapse before the result of the trial shall be promulgated. As the members of the court were sworn to secresy, the findings can only be known with certainty through an official source. The President has not yet acted on the record presented by the Com-

PETITION IN BEHALF OF JEFFERSON DAVIS-GEN. G. GARIBALDI AND HUNDREDS OF DISTINGUISHED CITI-

ZENS THE PETITIONERS. From Washington we are informed that on Saturday afternoon, an Italian committee, composed of Prof. Achille Magni, Mr. Henry Fardella, who lately distinguished himself as General in the Union army, and Mr. Theodore Marana, who fought for the independence of Italy, all residents of New York, gained an introduction to President Johnson in order to pre-sent to his Excellency the following petition, sent to Prof. Achille Magni by the committee in Milan:

To His Excellency Andrew Johnson, President of the United States of America:

A nation still far from that fullness of life and power to which she is entitled, nay, even under the necessity of appealing to the universal brotherhood in order to overcome the last obstacles to her revival, has in a special degree the right of speaking in the name of humanity without offending anybody's pride. Therefore, we hope that you, in receiving

our supplication, will forget that we are citizens of a foreign nation, and will remember only that we are , men and your own brethren.

The death of President Lincoln plunged us into mourning, but the execution of Davis would make us blush. We cannot comprehend through what necessity the justice of a great and victorious people could imitate the vengeance of an assassin detested even by your vanquished as infamous. We cannot understand why the American Union should be less sure either of its greatness or its integrity, if to so much blood shed during the war this ope drop more, coldly spilled in peace, should not be added. Davis, from his scaffold, would say: "Then I make you

Battling for freedom and justice against the institutions and prejudices of old Europe, we have up to the present strenuously advocated that where freedom reigns thence violence is banished; where the people are sovereign there the hangman is not their minister. To the timid and incredulous we have until now pointed out the example of your States; but if a contrary example should henceforth support him who founds order on terror, if that beneficial influence which has fostered liberty in Europe, should no longer be shed from America, the fatal contagion of legal violence may perhaps begin to extend from Europe to your shores.

It has been said that republics are more inexorable than tyrants; that tyrants may practice clemency from fear, ambition, or a sudden impulse of natural goodness; that republics, on the contrary, fear no censure, seek no applause-are heartless. But we know that the President of your Republic can feel for every one. Abraham Lincoln would not have deserved either such dogged hatred from the wicked, or such genuine, earnest love and sorrow from the good, had he not gained from the triumphs of war the sublime force to command pardon from the victors to the conquered. Now the attention of all, as well as our prayer, is directed towards your Excellency, the heir of the task and the virtues of your predecessor. While public opinion in Europe compels the monarchs to mitigate the rigor of the laws by exercising "their right of grace," the friends of human progress are tremblingly awaiting your action, and beping that the American people, at least in time of peace, will take the axe from the fasces of their lictors.

THE SANDERS ABDUCTION CASE.

MONTREAL, Oct. 21 .- In the Sanders kidnapping case the jury was again locked up, but could not agree. The Court charged the jury that the honor of the country and the sacred principles of a free asylum for strangers, private as well as public honor, conscience and everything, called on the jury for a fair verdict in accordance with the facts. His Honor held that there was no consent given by Mr. Sanders to the conspiracy, and finally concluded by charging directly against the prisoners. There is little chance of the jury agreeing.

GOV. PEIRPOINT IN WASHINGTON .- The following card, which we find in the Constitutional Union, sets at rest another of the telegrams :=

"DISLOYAL SENTIMENT PROMPTLY REBUKED -The Hon. Freeman Clark peremptorily ordered Governor Peirpoint, of Virginia, to leave his office at the Treasury on account of uttering disloyal sentiments. The language used in part was: 'We people of the South never will submit to be taxed to pay the Union war debt. We never will stand it, sir,'

The above appeared in the New York Tribune's special Washington dispatch of the 17th instant .-Freeman Clark, by a subordinate in his office, procured the above statement to be made. It contains two gress falsehoods: 1st. Freeman Clark did not order Gov. Pelrpoint to leave his office. 2d. Governor Peirpoint did not say, " We people of the South never will submit to being taxed to pay the Union

war debt. We will never stand it, sir." Both statements are grossly false, and Freeman Gark know them to be false when he procured them to be published. F. H. PEIRPOINT. Washington, D. C., Oct. 28, 1865.

*Election of Bishops -The General Convention of the Protestant Episcopal Church, at its session last Monday night, elected the following Bishops: Rev. George M. Randall, D. D., Missionary Bishop

of Colorado and parts adjacent, with jurisdiction in Colorado, Montana, Idaho and Wyoming. Rev. M. A. De Wolf Howe, as Missionary Bishop of Nevada and parts adjacent, with jurisdiction in Nevada, Utah, Aramingo and New Mexico. Rev. Channing Moore Williams was chosen Mis-

sionary Bishop to Japan.

GENERAL ITEMS.

-The trial of brevet Brigadier-General Briscoe. for the larceny of funds belonging to the United States in the possession of the quartermaster at Lynchburg, Va., terminated on Saturday. The proceedings and findings have been forwarded to the Secretary of War for action, and will probably be promulgated in a few days.

-A letter from the Norfolk navy-yard says that in the dry dock is a portion of the frigate Congress, out of which is being removed old guns, tanks, &c., and frequently something much resembling the remains of a human body, is exhumed. Alongside of the wharf are the once Confederate rams Texas, Albemarle and Richmond, all of them formidable

-In Kansas, a State settled by Freedom Shriekers, and where black is the color of joy, the new

Constitution only allows white men to vote. -General Grant has ordered that no one shall hereafter be arrested as a deserter for running off to avoid the draft.

-Garrett Davis has filed a petition in the Bourbon circuit court against the Kentucky Central Railroad, and Generals Brisbin and Palmer, claiming ten thousand dollars damages, for carrying several of his slaves out of the State, under Palmer's and Brisbin's orders. This is to be a test

-The last rebel prisoner of war, at Elmira, lef

on Tuesday, and the post is closed. -Gov. Johnson, of Georgia, requests the President to retain the military in that State until the

militia are organized. -The papers describe Miss Anna Dickinson as a lady of twenty-five, or so. Considerably more "so," saith the Boston Post.

-The Nashville Dispatch says that nobody there has heard anything of the alleged "guerilla outrages" at Springfield, Robertson county, Tennessee, a sensational-telegraphic account of which was sent all over the country a few days ago.

-Henry C. Magruder, a guerilla, aged 22 years and of a respectable family, was executed at Louis ville on last Friday. The Democrat states that he marched to the gallows with a cigar in his mouth and manifested the coolest indifference as to his fate.

-A dispatch from J. A. Donohue, President of the San Francisco Chamber of Commerce, to A. A. Low, President of the New York Chamber of Commerce, says the effects of the earthquake on the 8th instant were very slight, doing no damage of moment, and that there has been no interruption of

-A petition has been sent Governor Wells, from citizens in North Louisiana, asking him to take steps to prevent the threatened negro insurrection in that locality, of two negro regiments raised by Banks, which have been disbanded. -A notice was posted yesterday, giving a list of eighty or ninety persons whose pardons were ready for delivery at the State Department. Among them were William C. P. and Robert J. Breckinridge, and W. C. Bullock, of Kentucky.

-The nine hundred beautiful and accomplished young ladies who were to have sailed for Washinging territory two weeks ago last Saturday, are still pining in the solitude of their New England homes, and will probably continue to pine some weeks longer. Mr. Mercer, the agent under whom they are to seek homes and husbands in the glorious West, expects to be ready to sail to-day, but it is just as likely that there will be another protracted delay of a few weeks. It is said that nearly all the young ladies (the oldest is only 23) are "well educated, handsome, virtuous, energetic, industrious, and possessed of a sincere desire to improve their condition."

-Col. John W. Fairfax, of London county, Va., ex-chief of Gen. Longstreet's staff, and who received a special pardon form the President a short time since, has forwarded the necessary documents to secure the restitution of his property in the above county, now held by the Freedmen's Bureau, and which is known as the Monroe estate.

-It is understood that Major General Howard upon his return from the South, will immediately enter upon the preparation of the report of the Freedmen's Bureau. A good share of the data necessary to the compilation of that document is now being prepared in the Bureau, and his extended examination of the practical operation of the agents of the Bureau in the South will furnish the material requisite for its completion.

-The medical department of the Freedmen's Bureau estimates that it has about seven thousand sick and helpness negroes under its care and treatment throughout the Southern States, the number of such dependents averaging about six hundred to each State.

An installment of Secretary Seward's correspondence has been made public. It refers to discussions with Spain relative to her maritime jurisdiction beyoud the shore of Cuba, and promises neutrality in the contest between Spain and Chili. Mr. Seward in it reiterates his determination to maintain diplomatic relations with the Liberals in Mexico. Mr. Wood, our resident Minister in Denmark, is rebuked for having exchanged visits with the envoy of Maximilian to St. Petersburg, Stockholm and Copenhagen. and instructed to know no State not acknowledged and known by our State Department.

Throughout the State of North Carolina the Union feeling is increasing rapidly, and the people are awakening to a due sense of their relations towards the Government. A disposition to aid it in its noble and generous efforts to bring about reconciliation and harmony is evinced in almost every county of the State. Prominent citizens take the lead in this matter, and many men, who were devoted and active in the cause of rebellion, are now using their influence among their friends and neighbors for the purpose of restoring amity and peace to the country. Calls are published for Union conventions, and preparations are in progress for the election, which is to be held on the 9th of November.

It is be hoped that good men and true will receive the nominations to be made this month. They should be men who can take the .oath-men qualified and able to assume the weighty responsibilities of the hour, - [Washington Ohroniele.

THE CITY.

Persons in city and country are requested, at all times, to furnish us verbal or written information of any events of public interest which may transpire in their neighborhoods, or of which they may have knowledge.

TURNED OVER .- We intended to state, yesterday, that the Atlantic and North Carolina railroad has been turned over to the company by the military autherities. We believe that this completes the work of restoration in this State, so far as relates to our internal improvement system. Ability to make such an announcement affords us the highest satisfaction. It is but an indirect method of proclaiming that military necessities are decreasing with the lapse of every week and soon we shall find ourselves altogether relieved from an unnatural condition.

It is to be hoped that the different companies will, now that they have control, have an eye to local interests in arranging both their schedules and tariffs. We do not intend to arraign any of the imprevement corporations upon the charge of illiberality, but wish to suggest that throughout the South there has been too much attention paid to connection with external lines of travel. We desire to see such reform as will secure to the citizens of North Carolina a share of the benefits derivable from the railroad system when wisely managed. In brief, while it may be perfectly agreeable and decidedly advantageous to Virginia and Northern cities for our rallroads to work upon given plans, these identical arrangements may operate to hinder internal prosperity. In all things we must discriminate in favor of local enterprise in order to a proper developement of State power.

RAILROAD ACCIDENT. - Considerable interest was felt here during the earlier part of yesterday to learn the reason of the non-arrival of the mail train from Charlotte. About 4 o'clock in the afternoon, however, all anxiety was allayed by the whistle of the engine and the appearance of belated travellers on our streets.

The delay was produced by the breaking of an axle of the tender, about 2 o'clock in the morning, four miles beyond Morrisville. We are glad to understand that only three persons were injured and the trio so slightly as not even to inconvenience them. Three cars were thrown from the track and one completely demolished. We feel confident the accident was not the result of want of circumspection on the part of any of the employees. Mr. Wilkes is strict in his regulations and requires of all persons in the company's employ rigid account-

CERTIFICATES NOT NECESSARY. -It is of some importance for voters to remember that in the next or November election it will not be necessary for them to show a certificate of the amnesty oath. It is only requisite that the oath shall have been taken. This applies to all citizens who are not among the excepted classes. Every justice of the peace can administer the oath. The attention of all inspectors of polls is invited especially to the ordinance providing for the election of members of the general assembly, governor and representatives to Congress. Under the provisions of this ordinance inspectors are directed to examine on oath all challenged voters, touching the question whether they are duly qualified to vote, by having taken and subscribed the amnesty oath, either of President Johnson or President Lincoln.

WHERE IS THE LEAK ?-We have forborne making mention of the irregularities in the mail communication between this city and New York, Philadelphia, Baltimore and Norfolk, but complaints with respect to them are becoming so common as to convince us that we are not the only sufferers. Our neighbors of the Advertiser allege that "letters frequently spend a week on the route from New York, while newspapers and circulars are entirely lost. There should be an inquiry into the matter at once, so that the gross neglect which is productive of so much business embarrassment, may be properly located. It is only through such course that the displacement of delinquents can be accomplished. Let them loose their "pap" and become better and wiser men.

THE OLD NORTH STATE SALOON .- Among the many places in our city where the wants of the inner man are gratified, none perhaps present a more splendid and recherche appearance than the above popular resort. Here can be enjoyed, amid a flood of dazzling light, surrounded by gorgeous paintings, and attractive books and papers, the sparkling Heidsick, fragrant punch, and the more democratic beverages.

Capt. Dexter, the polite and obliging superintendent, is always on hand, adding his part to the general fund to be enjoyed at this favorite saloon.

IMPORTANT TO TAX-PAYERS .- The mayor pro tem gives information elsewhere of a little arrangement in which the property-holders hereabout are deeply interested. The tithing agencies of the confederacy have been abolished, and yet it is found necessary to have money to operate the government machine. It may appear fallacious, but it is just so, and we hope those who are fortunate enough to have any property left will hand in a list of it early next Monday.

To BE SUCCESSFUL -we take it for granted-is the wish of every candidate in the present campaign. Price, one dollar per thou-

Circulars, book work and all other jobbing done with dispatch.

CAN'T DO IT .- We are constantly in receipt of applications, by mail and otherwise, for copies of particular ordinances of the convention. We cannot undertake to comply with such requests. It is not difficult for individuals to subscribe to one of the three papers in Raleigh, in each of which the ordinances are being regularly printed. Every citizen should file them for future reference.

THE GAS last night, from some cause, threaten ed an eclipse. About 9 o'clock we felt some apprehension that the obscuration would be total. It is currently reported on the streets that the bad light was the result of a negro's looking into the furnace, he being so black as to transform the rosin into tar.

DISCONTINUED. - The Postmaster General has issued orders for the discontinuance of the carriage of letters by route agents, to points between postoffices. This is done to induce the people to apply for the establishment of postal facilities.

JUDGE GILLIAM, we are requested to say, will hold a court of Oyer and Terminer for Davidson county, at Lexington, on the 2nd Monday in November, instead of the 1st Monday, as heretofore

THE SOUTHERN EXPRESS Co. - The officers of this company have placed us under obligations for regular receipt of the Petersburg papers. They will accept our thanks.

We invite attention to the advertisement of Baugh's raw bone super-phosphate of lime. These who are interested in cultivating the earth should inquire as to its merits.
