-Geo. Howard, of Tarbero', declines being a cacdidate from the Edgecombe district.

-There are f ur candidates for Congress in the sixth District, N. C., to wit :- Hop. Nathaniel Boyden, Col. Samuel Walkup, Dr. William Sloan and Dr. J. G. Ramsey.

- The Wilmington Herald of Friday says: One we k ago it would have been difficult to find a single prominent man in this community who was willing to acknowledge that he would vote for Holden. Now we hear so many expressing their determination to vote the "national union and Andrew Johnson" ticket that we begin to believe that New Hanover county should vote for Holden he will not lose a single county for the state. It is now a foregone conclusion that he will be triumphantly elected : but that is not enough. If it be conceded, as it seems to be, that his election will be an acceptable expression of confidence in the national administration, let us make that expression as nearly unanimous as possible. Twenty thousand majority will not be enough. Let the majority be so overwhelming that the opposition may themselves be led to ree and acknowledge their own littleness and make haste to plant themselves on unconditionally loyal grounds.

-I. C. Fuller, of Cumberland, Hon. Thos S. Ashe and Mr. Alex. Little, of Anson, and Mr. N. McLean, of Robeson, are announced as condidates for Congress in the Third district.

-Speaking of the irregularity of the mails, the Hillsborough Recorder remarks:

There is scarcely a day in which many packages of papers and letters are not brought here which ought to have gone farther up or down the road .-On Thurs lay last, especially, a large portion of the mail was of this kind, embracing packages for all portions of the State. Whether these irregularities are occasioned by ignorance or carelessness we cannot say; perhaps a little of both.

-The number of bales of Cotton shipped from Charlotte over the N. C. R. R., during the month of October, amounts to 4,131 bales.

-- Mr. W. L. Smith declines being a candidate for the House of Commons from New Hanover County.

-C. C. Clark at d R. F. Lehman, of Craven, and Jno. Robinson, of Wayne, are the candidates for Congress in the S cond district. Mr. Clark supports Mr. Worth, and the other two gentlemen Mr. Holden, for Governor.

Randolph Court of Over and Terminer.

This Court began its sittirgs on the third Monday of October, and lasted for two weeks, his Honor Judge Fowle presiding. Gen. J. M. Leach acted as Solicitor, and B. B. Bulla as Clerk. Judge Fowle charged the Grand Jury that they would take cognizance only of offcuses committed since the 29th day of May, when the Provisional Government went into operation. We learn there were sixty-three cases on the docket. Seventy defendants either submitted or were convicted, a large number were not taken, and some were acquitted. The case of the State vs. Henson and seven others excited considerable interest. The State was represented by Gen. Leach. Hon. Jas. R. McLean, and M. S. Robins, E q., and the defence was conducted by Hon. J. A. Gilmer, Gen. W. L. Scott, and J. R. Bulla, Esq. Five were on trial; two were accquitted and three convicted. This is what is called the Swafford case. Swafford had been badly beaten at Franklinsville on the day of the last election. The parties convicted were imprisoned for sixty days.

The case which excited the m st interest was the State vs. Josiah Frezier and twenty-two other persons for an assault and battery u on Alfred Smith, Esq , at the sele of the property of Isaac H. Faust, dec'd. The State was represented by Gen. Leach, Mr. Gimer, and Gen. Scott; and the defence by Mr. McLean, Mr. R bins, and Mr. Bulla. Eleven defemants were on total. The court-room was crowded most of the day, several laties being present, lis-tering with great interest to the management and argument of the case. Two defendants submitted; a nolle prosequi was entered as to one, and eight were Convi en. I've ringleaders were imprisoned and the

others having fied. We trust that the holding of this court there may bave the effect, not only in Raudolph county, but e sewhere, of restoring law and order. - Greensboro' Patriot.

DEMONSTATIONS OF WIRKINGMEN-THE EIGHT HUUR SYSTEM -The work namen of Washing on City held a mass meeting on Wednesday evening, and paraded the streets in large numbers-between twenty-five hundred and three thousand men of the vavious trales in the Dis rict participated, and made an excellent appearance. They carried torches and transparencies, with appropriate motters to illustrate the object of their combined movement-pamely, eight hours for a legal day's work. The line was about a mile in length-perhaps the largest and most imposing civic procession ever witnessed in Washingtou. Some of the trades, such as carpenters, gasfitters, boiler and steam-engine makers, blacksmiths, and painters, gave practical exhibitions of their respective vocations, while the printers worked off a shert poem in advocacy of the eight-hour system .-A ship, full rigged, with men on board, was among the prominent objects of interest. Thousands of spectators lined the streets through which the procession passed. The workingmen halted before the City Hall, where addresses were delivered to the immense crowd in advocacy of the eight hour system.

The Workingmen's Convention of Baltimore also held a meeting on Wednesday evening. The several candidates for the Legislature, in answer to the queries propounded by the convention, expressed themselves in favor of such legislation as will make eight hours a legal day's work.

NATIONAL EXPRESS COMPANY .- For the past two days the President (General J seph E. Johnston) and Directors of the National Express Company have been in constant session, perfecting their organization, and arranging plans for its practical operation. We learn that it was agreed, on yesterday, to appoint for each State a General Superintendent, who shall have the appointment of all subordinate officers, and the general management of the institution in the States over which they respectively have control.

Among the most prominent applicants for State Superintendencies we have heard of, are General P. T. Moore, for Virginia, General Elzey, for Maryland,

and General Ransom, for North Carolina. It is also reported that a formal consolidation of the National with Reid's Express Company, was effected yesterday, and that in a short while the title of the

latter institution will be merged. Every effort will be made to put the Company in working order throughout the country at as early a day as possible.

-On Tuesday next, the seventh of November, the first general election, under the new Constitution, for county officers, Sheriffs, County Commissioners, Surveyers, etc., will take place in Maryland. At the same time a member of Congress, five Judges, and six members of the General As-

sembly are to be voted for. -General John B. Hood, late of the Confederate rmy, is to lead to the alter a charming daughter f Gen. Preston, of Kontucky. It is General Hood's resent intention and hope to make Texas his home.

A Union Soldier to the Rescue .- A day or two

RALEIGH, TUESDAY, NOV. 7, 1865.

NO. 304.

THE CITY.

Persons in city and country are requested, at all times, to furnish us verbal or written information of any events of public interest which may transpire in their neighborhoods, or of which they may have knowledge.

PUBLIC SPEAKING .- The Hon. Kenneth Rayner will address the citizens of Raleigh, at the courthouse, in this city, this evening at 7 o'clock.

The other candidates are expected to be present. The people are requested to turn out and hear the discussion.

THE CHOLERA. - Whether true or false, our telegrams from New York, published yesterday, reported that a steamer had appeared at quarantine there with cholera aboard. But should future accounts deny the accuracy of those accounts, even then, if the epidemic, which has certainly reached England and France, follow the course of those which have preceded it, we must expect it to reach this continent before many months elapse. We have it on good authority that about the year 1810 it commenced in the East and gradually approached Europe through China and Asiatic Russia, occupying more than twelve years in this part of its course. In less than two years more it invaded France and England, where it prevailed in 1832. From Great Britain its transmission to this counwas say and prompt. First appearing at Quebec, it spread from that city in all directions. After raging in different portions of the United States for nearly five years, it seemed to die out in 1837. An interval of nearly eleven years took place. Again, in 1844, it revived in Asia, and commencing its westward march, pervaded Russia in 1847, making, in this epidemic, the journey which required twelve years in the first, ir less than three. It prevailed in Europe in 1848, and in the November of that year reached New York and New Orleans simulta-

The present epidemic commenced in the early part of the present year in the East, and has thus soon assuredly reached England and France-two hundred deaths a day being reported in Paris. Its advance towards our country this time has occupied less than half the time heretofore consumed in the tour. This increased rapidity, together with its reported appearance in Brooklyn and at New York quarantine, should alarm Raleigh sufficiently to stimulate the most thorough system of voluntary police on the part of our people. We are not on a water course, but Wilmington and Newbern render its transmission very easy. Let us be wise in

The committee to prepare an address to churches of the State are Revs. J. B. Hardwick, J. D. Hufham, W. M. Young, N. B. Cobb, and Messrs. P. A. Dunn and N. B. Gobb.

From a report of board of missions it appears hey have only \$55 in money now available. After the reception of several other reports an

Progressing.-The most unexampled success, we are told, has attended the efforts of the white members of the Baptist church in this city, in organizing a sabbath school for freed people. The class referred to, of all sexes and ages, attend in great numbers, and the only trouble now is a deficiency of teachers. All the denominations in our State, speaking through official channels, have endorsed such policy and we hope our young men and ladies will take hold of the work in earnest. It is not a degrading task.

HEAVY FROST .- These who were early on the wing, yesterday morning, had the satisfaction of seeing one of those heary frosts which are ordinarily in this section the product of mid-winter. this was the latitude in which yellow-jack figured, such an appearance would have produced merrymaking in every household in the city. As it was, no one seemed to regard it as a blessing; on the contrary, advanced price of wood, hardships of winter, &c., were the points it raised.

CHANGE OF SCHEDULE .- It will be seen from the schedule elsewhere that there has been considerable change in the running of the Raleigh and Gaston trains. Commencing with yesterday morning. the hour of leaving Raleigh for Gaston has been established at 4.80 a. m., arriving here at 8.15 p. m. The arrangement of the time-table on the line of the North Carolina road is such as to form connection here, thus giving travellers a route through to Washington city without stoppage.

WITHDRAWN. - We learn officially that Hon. A. H. Arrington, of Nash, has withdrawn his name as one of the candidates for Congress in this district. This leaves the field to Russ, Edwards and Turner.

Col. Russ is our choice, but we are not therefore unmindful of the fact that Mr. Arrington is a man of fine practical sense, popular, and we hope will ever prove himself a worthy son of the Old North State.

STRANGE FANCY .- In conversation with a gentleman, yesterday, upon superstition and premonition, he stated that there is a gentleman of much respectability, residing in the southern part of Raleigh, who had a dream fifteen years since that if he came up town he would die. He yielded full faith to the vagary of the brain, has never ventured to violate the supposed forewarning, and as he therefore fails to register his property, on Wilmington street, at a proper moment, pays double taxes. These facts are well authenticated.

GONE TO JAIL .- Scott Tucker, Bill Boylan and Oscar Smith, three of the negroes who participated in the disturbance at the freedman's fair, Saturday night, have had a preliminary examination and been sent to jail. It is said their cases will go tha mili tary court. The other parties have not been definitely disposed of.

A DRIVING BUSINESS - I'he matrimonial market has an upward tendency and at its close yesterday was bouyant. The clerk of the court is now issuing marriage licenses at the rate of four per day for the county. The young folks are determined to set up for themselves.

BROUGHT BACK .- Mr. Marcom, charged with killing a negro it Chatham county two months ago and sentenced by a military commission to hard labor for one year in Fort Pulaski, was brought back to the city yesterday from Wilmington. No one appears to doubt that the President will yield to the recommendation of Gov. Holden and the citizens, and grant him full pardon.

THE present Jewishmonth, Heshven or Marheshven, has three fasts, yesterday, next Thursday and Monday. On these three days are read the prayer of supplication for forgiveness. Marheshven has no holiday in the month. The devout German Jews observe the days mentioned with great circumspection.

PETITION FOR PARDON .- A petition for the pardon of Jefferson Davis is circulating here for the signature of ladies. It was drawn by one of the most gifted of North Carolina's daughters, is eloquent in terms, and has been already numeronsly signed. An effort of like character is being made in behalf of Ex-Gov. Vance.

More Voters .- The private secretary of Governor Holden announces that the following persons additional to those already announced will be entitled to vote next Thursday :

Carteret-A M Haskitt, Robert S. Walker, J P.

Mecklenburg-Joseph S. Wilson.

TRY IT.-If any of our citizens wish to enjoy a dozen oysters raw, scalloped, fried, stewed, roasted or broiled, with other good things to match, they have but to call on C. L. Johnson, restaurant at the corner of Market and Wilmington streets. He has them gotten up in style.

THE NEW BRIDGE.-The new bridge over the ravine just in front of the gas-works, a very substantial affair, was completed yesterday. Thus, by proper energy, an important thoroughfare has been opened to pedestrians and vehi cles.
