Washington Items—Wirz Hung.

WASHINGTON, Nov. 10.—A dispatch has been received at the Treasury Department announcing the death from accidental gun-shot wound of William Johnson, only brother of the President and late collector of Velasco, Texas.

Wirz was executed this morning. He died without exhibiting emotion or fear, and protesting his innocence.

The findings of the court convicting him included in the charge of conspiracy the names of Davis, Seldon, Cobb and Wynder.

U S Senator Gone Up.

MONTPELIER, Vt. Nov. 10.—Jacob Collamer, U. S. Senator of Vermont, died this morning.

The President and South Carolina.

WASHINGTON, Nov. 10.—The Secretary of State today telegraphed Gov. Perry to continue to exercise the functions of Governor of South Carolina until relieved by the President. The order says: Mr. Johnson regrets that neither the Convention nor Legislature has repudiated the rebel State debt, and that she seems to decline the Constitutional amendment to the Federal Constitution abolishing slavery.

Yesterday Mr. Seward telegraphed Gov. Perry, for the President, stating that the early adoption of the Constitutional amendment was deemed peculiarly important, and especially desirable with reference to the general situation of the Union. President Johnson's opinions, before expressed, had undergone no alteration.

New York Markets.

NEW YORK, Nov. 10.—Sales cotton amount to 2000 bales at 51 to 52 cts; flour declined; wheat firm; corn declining; pork unsettled; whiskey firm; naval stores quiet. Good 4 1/2 premium.

The Army.

WASHINGTON, Nov. 10.—The available strength of the army exceeds one hundred and eighty thousand men, of which about one half are on the east side of the Mississippi river.

North Carolina—The White House.

Washington, Nov. 10.—To-day members of the late North Carolina State Convention and others from the old Commonwealth paid a visit to the President. Judge Read, in behalf of the convention, told what had been done, including the repeal of the secession ordinance, the prohibition of slavery, and the repudiation of rebel debt. The Convention ask Congress to repeal the first oath, and thought it proper and respectful that their petition in that behalf should pass through the Executive's hand, with the hope that his magnanimity would induce him to add to it some reflection which would avail with the National Legislature.

The President said North Carolina had done much well, but something yet remained to be done to render her restoration practicable, viz: the acceptance of Congressional anti-slavery amendment to the Constitution as practically important to the successful position they so much desired. His action would depend upon events to be developed, and Holden will be instructed to continue his functions as Governor till relieved by orders that effect.

Abandonment of Mexico by the French.

NEW YORK, Nov. 10, 11 P. M.—The Independence Bells says that it is the intention of the French Government to abandon the occupation of Mexico, beyond what is absolutely necessary. It is more apparent than ever that it is their intention to be strengthened by different acts on the part of Mexico. The Cabinet even said that at the next meeting of the French Chambers, the announcement would be made for the immediate evacuation of Mexico by the French troops.

MILITARY RULE.—The Army and Navy Journal discusses the subject of continued military rule in the South with much intelligence.

It asserts the necessity of keeping a considerable force in the reclaimed States until civil law and social order are fully restored, which will not probably be for some months to come, or until the new relations of labor have been adjusted. The Journal thinks the volunteers are not the right men for this service; they are uneasy at being detained now that the war is over, and having the idea that they are to serve but a short time longer, they cannot be relied upon for discipline or orderly conduct. In many parts of the South, the volunteers are not behaving well, and the negro troops are worse than the whites. For these and other reasons, the Journal recommends that only the regular troops should be employed to garrison the South, assisted by local military; and thinks these forces will work together harmoniously, as the colored troops and white militia will not.

Withers and Zachariah C. Deas are in Mobile. They have submitted to the decree of war with a good grace that gives hope that they will lend a helping hand hereafter to the advancement of the country.

POSTAL AFFAIRS IN N. C.—We mentioned in our last that a number of new route agents had been appointed from this and other cities in the State for the different railroads. We are able to say this morning that Postmaster General Dennison intends to revive the post offices in North Carolina as rapidly as practicable. He has just issued an order for the reopening of the following under the appointments specified:

Sedge's Garden, Forsyth county—Lewis P. Waggoner, postmaster, vice Jos. Waggoner. Rock Creek, Alamance county—C. C. Curtis postmaster, vice W. J. Albright. Yadkinville, Yadkin county—Thomas Talbot postmaster, vice W. H. Rodwell. Marshall, Madison county—Elisha Tweed postmaster, vice E. J. Tweed. Reem's Creek, Buncombe county—Mary E. McClure postmistress. Joyner's Depot, Edgecombe county—G. W. Griffin postmaster.

Others are soon to be announced and then continuously as fast as practicable. It is necessary, in the meantime, for the people to aid in this matter by manifesting readiness to undertake transportation and perform other needful service.

SMELLING MICE.—Our friend Wiggins, living in the eastern ward, says the other day a girl called at his door and asked if his family wanted "house help." He replied they did. "Do you have small children?" she asked. "No." "Do you have your washing done out of the house?" "No." "Will my room be carpeted?" "Yes." After going on a while in this manner, the gentleman turned the tide and said he would like to ask her a few questions. "Can you play the piano?" he began. "O, no." "Can you speak French?" "No." "Can you sing the opera?" "No." "Can you dance the lancers?" "No." "Well, then," he continued, "if you can't do any of these, you won't suit," and off went the astonished maid smelling mice!

STABBING AFFRAY.—A correspondent, writing to us from Company Shops, under date of Wednesday, says:

"We have had a stabbing affair at our shops today between two negroes. One of the parties perpetrated a theft against the other. The injured negro made an effort to recover the lost goods and being abused by his roguish brother, the former armed himself with an axe and attempted to kill the latter, but was prevented through the intervention of bystanders. He thereafter approached the darky of thieving propensities to thrash him, when the other turned and stabbed him three times—once under the right ear, on the right arm, and then in the centre of the breast. The cuts may not prove fatal and up to this hour the desperado has not been arrested."

We hope T. B. J. and others will write us of all matters of interest transpiring in their neighborhoods.

BUSINESS NOTICE.—Having to pay cash for everything in the management of our business, we must do a cash business or none at all. Many of our city subscribers are in arrears and we have sent our bills until we are tired of it. We now give fair notice that the paper will be stopped in all cases where the subscription is not paid when presented. Persons at a distance, if of the class mentioned, must remit money to pay the subscription or their paper will be discontinued.

All persons indebted to the Progress office or the proprietor, by note or open account, are requested to settle the same at once.

BISHOP ATKINSON'S APPOINTMENTS.—As requested we give publicity to the appointments made by Bishop Atkinson, of the Episcopal church, for the present and next month:

Table with 3 columns: Location, Date, Time. Includes Newbern, Town of Beaufort, Trinity church, Beaufort co., Washington, Z. N. church, Beaufort county, Plymouth, St. Luke's, Washington co., Edenton, Gatesville, Hertford, Elizabeth city.

REMEMBER—white male and female teachers are wanted in the freedmen's sabbath school recently organized at the Baptist church. It is a home undertaking, some of the most estimable ladies and gentlemen of our city have engaged in the enterprise as teachers, and we hope others will go until the demand is supplied. The whole thing is under the direction of a very energetic gentleman, Mr. W. J. Palmer.

FREE SCHOOL.—It will be seen from an announcement by the acting mayor that a free school for white children is to be opened under the auspices of the American Union Commission. From notices of this society appearing elsewhere, we are led to believe that it is one of the noblest to which the war has given birth. The only object underlying its operation, we hear, is to advance the educational interests of the country.

KINSEY IN THE SADDLE.—Notwithstanding his dethronement by means of the fire Tuesday night, our neighbor Kinsey is again up and in the saddle. He is now doing business where his card explains and no doubt his old customers will flock to his standard at once. He has choice goods in store for buyers.

OLD BACHELORS who cannot put on a patch, button or make other needful repairs, should consult the card of Joseph Kroth in this morning's paper. Indeed, he is a superior workman in any department of tailoring, whether in merely reinforcing old garments or manufacturing a new outfit.

CASH SYSTEM.—We must have cash for advertising, job work and subscription to the Progress. We have to pay cash and must have cash. City subscribers who do not pay their subscriptions very soon, will find their papers stopped.

LENOIR COUNTY.—At Kinston Holden received 167 and Worth 157 votes. A gentleman who left there at 8 o'clock, Thursday night, thinks Worth's majority in the county will be 50 to 60.

Trial of Mr. Davis.

The following dispatch is from the Herald of the 8th:

"The President yesterday received a numerous delegation of ladies from Baltimore, deputed to present a petition signed by fifteen thousand ladies, seeking the Executive clemency in behalf of Jefferson Davis. Mrs. Coleman, daughter of the late lamented John J. Crittenden, addressed the President in feeling and appropriate terms, to which he responded in a most felicitous manner, regretting that public policy prevented his yielding to their persuasive and touching arguments.

The interview was a protracted one and of the most agreeable character, and the fair petitioners left the city carrying with them the most pleasurable impressions of the President. In declining, the President regretted that the national character of the question restrained all private sympathy which they might have awakened in him, and then made the important statement that complete arrangements have been made for the early legal trial of Mr. Davis, according to the laws of the land."

MR. PENNINGTON: Allow me, through your columns, to return my sincere and heartfelt thanks to the citizens and soldiers, also the colored people, for their timely and valuable aid during the fire. Our thanks are especially due to Mr. Jordan and G. M. E. Jones. I have succeeded in getting the corner house on Fayetteville street, formerly occupied by William White, Esq. Hope our old customers will not forget to call on us.

Yours respectfully, S. D. HARRISON.

NEW ADVERTISEMENTS.

HELMBOLD'S FLUID EXTRACT BUCHU. For non-retention or incontinence of Urine, Irritation, Inflammation or Ulceration of the Bladder or Kidneys, disease of the Prostate Gland, Stone in the Bladder, Calculus, Gravel or Brick Dust Deposit, and all diseases of the Bladder, Kidneys and Dropsical Swellings.

HELMBOLD'S FLUID EXTRACT BUCHU FOR WEAKNESS ARISING FROM EXCESSIVE OR INDISCRETION.

The constitution once affected by Organic Weakness, requires the aid of medicine to strengthen and invigorate the system, which Helmbold's Extract Buchu invariably does. If no treatment be submitted to, consumption or insanity may ensue.

HELMBOLD'S FLUID EXTRACT BUCHU, in affections peculiar to females, is unequalled by any other preparation, as in chlorosis or retention of the menses, painfulness or suppression of customary evacuations, ulceration or scirrhus of the uterus, leucorrhoea, and all complaints incident to the sex, whether arising from habits of dissipation, imprudences, or the decline or change of life.

HELMBOLD'S FLUID EXTRACT BUCHU AND IMPROVED ROSE WASH, will radically exterminate from the system diseases of the urinary organs arising from habits of dissipation, at little expense, and without change in diet, and without any other remedial measures, completely superseding those unwholesome and dangerous remedies, Copaliba and Mercury, in curing those unpleasant and dangerous diseases.

USE HELMBOLD'S FLUID EXTRACT BUCHU in all cases of the urinary organs, whether existing in male or female, from whatever cause originating, and no matter how long standing. It is pleasant in taste and odor, immediate in its action, and more strengthening than any of the preparations of bark or iron.

Those suffering from broken down or delicate constitutions, procure the remedy at once. The reader must be aware that however slight may be the attack of the above disease, it is sure to affect his posterity. Our flesh and blood are supported from these sources.

PHYSICIANS, PLEASE NOTICE. We make no secret of the ingredients. Helmbold's Fluid Extract Buchu is composed of Buchu, Cubebs and Juniper Berries, selected with great care, and prepared in vacuo by H. T. HELMBOLD, Druggist and Chemist of this city. His extensive experience in the city of Philadelphia, which is now prescribed by the medical profession, and has been admitted to use in the United States Army, and is also in very general use in State Hospitals and public Sanitary Institutions throughout the land.

nov11-1m Ask for HELMBOLD'S.

From the American Journal of Pharmacy, May, 1865. Edited by WM. PROCTOR, J. Professor of Pharmacy in the Philadelphia College of Pharmacy.

"Will the Fluid Extracts go out of use owing to the high price, or can we have some authoritative indications of the formulas by which we can make them at a more reasonable cost?"

"If the latter, shall the change be in the quality of the menstruum, or in the manner of applying it, so as to reduce the quantity requisite? Can there be a convocation of the Committee of Revision to authorize some new method or modification of the present recipes?"

With regard to the contemplated change in the quantity, or in the menstruum itself, in the preparation of fluid extracts, I would take occasion to say that in medicine the health of the patient is the great object to be gained.

The cost of material is something, but when put into the scale with human health, and often human life, it is hardly worthy of consideration at all. My Buchu (Helmbold's) will continue to be made as formerly, and it cannot be maintained at present prices, they will have to be advanced to meet the advance in the price of material. To such an extent, quantity instead of quality we would say that water is a cheap commodity, and may be readily added by the person using the medicine if he desires to do so.

H. T. HELMBOLD, Druggist and Chemist, 594 Broadway, New York city.

TO THE PUBLIC. I have again opened store opposite to my old stand and ask my friends and the citizens generally to give me a call. This is the time to lend a sufferer by the late fire a helping hand. I hope, notwithstanding my severe losses, to be able to give full and ample satisfaction to all who will give me a call. All kinds of goods in my line will be found at my new stand, and if prompt attention to the wants of my customers and the public generally will ensure their assistance, I am resolved that I will merit it.
