Thirty Dollars Reward.

RAN AWAY from the subscriber, in Oglethorpe, near Lexington, in Georgia, two negro men, viz. 11 VIII, a yellow fellow, short hair, forehead runs high up in the corners, a tuft in one of his hands, believed to be the left, a little open thigh and bow legged, about twenty seven years old—the above fellow left my house about the middle of Oct. ber, and shall brood skinned fellow, called BILLY a little disposed to look dark under the eyes, good countenance and a dark brown hair, with some of his legs white and a black face, quite old, and made his escape about the first of December. The above reward will be paid for the whole, or in proportion for either of the above negroes if taken and confined in any jail, so that I get them again. The attention of all persons, but particularly of the Jailers in North and South Carolina, is requested to the above, and the earliest information given me. It is supposed they will try to get back to Norfolk, where they were bought.

BURWELL POPE, 3-4w

January 7, 1825

25 Dollars Reward.

RAN AWAY from the subscriber on the 9th of October, 1825, living in Chatham county, near the R. d Field Ford, on Haw River a negro man, named SIMON five feet seven or eight inches high, dark complexion, tolerably heavy made about twenty seven years old, and has a scar near his left eye, and I believe one on the side of his neck and on his head. I expect he has a free pass, as he was apprehended, and two or three taken from him, and made his escape; and I expect some Clerk's name is assigned to it, by way of forgery, and perhaps some county seal. No doubt he will try to pass for a free negro, and intends to try to get to some free state. I expect he will make for Milton or Fayetteville, and try to get in some boat. I will give the above reward, if delivered to me or lodged in some jail, so that I get him again.

JOHN F. BURNETT, 5-4f

January 5, 1825.

100 Dollars Reward.

RAN AWAY from the subscriber, at Tallahassee, about the 30th July last, a negro man named ESSEX, about 35 years old, light complexion for a negro, 5 feet 8 or 9 inches in height, at ut male, cross eyed, lame in one leg, occasioned by a burn when small, a piece of one ear cut off, believed to be the right) has a small foot, & a down look when spoken to. It is possible he may have obtained forged papers for the purpose of passing as free. All persons are forbid harbouring him under the severest penalties of the law.

The fellow originally came from the neighborhood of Deep River, North Carolina, and was sold to me by Gen. Jno. Brahan, of Huntsville, Alabama. I am inclined to believe he has shaped his course to North Carolina; and that he is some where in that state at this time. I will give the above reward for said negro Essex, if delivered to me at Demopolis, Murengo county, Alabama, or to Major H. Lewis, Tallahassee; or Fifty Dollars for his apprehension and confinement in any Jail in the United States, so that I can obtain him. Any information, by letter, addressed to Major H. Lewis, Tallahassee, Florida, will be thank fully received.

LEVI ONES, Swift Creek, Dec. 12, 1825. 51-4f

MAP OF THE State of North Carolina.

A correct Map of the State in which he resides must be a desirable object to every individual. Whatever may be a man's occupation in life, it frequently becomes important to him, as a matter of pecuniary interest, to possess a correct knowledge of the relative situation of the different sections of country. In the present enlightened state of society, the subscriber is convinced that, apart from all considerations of interest or convenience, there are very few of our citizens who do not feel it an affair of personal pride that they and their children should be able to speak with facility of those parts of the State lying at a distance from them, as well as those in their immediate vicinity. The subscriber therefore flatters himself that the following proposition will be received with pleasure by a large portion of the inhabitants of his native State.

He proposes to publish a correct Map of the State of North Carolina, measuring 6 feet 9 inches in length by 4 feet 6 inches in width, laid out upon a scale of six miles to the inch. The materials will be of the best kind, and the engraving executed in superior style.

But correctness of delineation being the most important circumstance, has claimed the subscriber's chief attention; the attainment of which important object the Map of each county has been separately executed by R. H. B. Brazier, Esq. with the assistance of gentlemen of science residing in different parts of the State, and from the public surveys, and have been likewise revised and corrected by the several county surveyors; or some other competent persons in each county.

Terms—For Maps, varnished colored, and mounted on rollers, or put up in portable form, \$5 dollars each.
