F. Hoke, Locke McCorkle, Maj. J. Bost, Col. H. L. Robards, and others, and the following resolutions were unanimously adopted :

Whereas, Abraham Lincoln has lately been chosen President of the United States, exclusively by the suffrages of the Northern States, hecause of his declared opinion to the effect that the enslavement of the negroe is a sin and a crime. and slavery must be extinguished, and negroes placed upon an equality with white men; now, therefore,

Be it Resolved; By the people of Catawba, that North Carolina, as a sovereign State, has a right to withdraw from the Union, whenever in her opinion, the Constitution has been violated by her | proper mode and measures of redress. confederated States, or any of them, or by their mutual agent, the Government at Washington, and upon the withdrawal of North Carolina or any and arm the forces of the State. other State, the Federal Government has no power under the Constitution, to coerce or subjugate such seceling State. Resolved, further, That it is the duty of the present Legislature to arm a volunteer force, and organize the militia, and place the State in a condition to maintain and defend her rights, and to call a convention of the people, to consider the mode and measure of redress at this crisis of impending danger to our rights and liberties. Resolved, further, That we heartily endorse the reportimendations, contained in the message of his Excellency, Gov. John W. Ellis, touching the questions connected with our Federal Relations, and are gratified at the bold and manly position he has assumed in defence of our honor and of our rights. Resolved further, That copies of these Resolutions be sent to our Representatives in the Senate and in the House of Commons, with the request that the same be presented to the two Houses of the present General Assembly now in session .-Also that copies be forwarded to our Senators and our immediate Representatives in Congress.

Y | command inadequate to, the emergencies which may arise from the present state of the public Journal may arise from the present state of the public mind; and whereas we would deem the grant of such reinforcements a declaration by the general government, that they intend to coerce South-Carolina, Therefore Resolved. That we respectfully suggest to the

Officers of the different Railroads in this State, the expediency and duty of refusing to transport any troops over the soil of North-Carolina, until some satisfactory arrangement of our common difficulties and dangers can be made.

This meeting took place at Goldsborough on the 8th inst., and was presided over by Major J. Slocumb, W. C. Bryan and Josiah Howell acting as secrecaries. Speeches were made by W. J. Saunders, of Wake; John A. Dickson, of insertion \$1 per square of 14 lines, and 25 cents each | Burke; W. A. Allen, of Duplin, W. T. Faircloth, and others.

#### WILSON.

At a meeting of the citizens of Wilson, held in the town of Wilson, on the 24th ult., Joshua Barnes in the chair, and B. H. Bardin, acting as secretary, the following were adopted without a dissenting voice:

We, the citizens of the county of Wilson, N. C, ignoring all party names and views, cordially unite in the following resolutions :

Resolved, That the election of Abraham Lincoln and Hannibal Hamlin to the Presidency and Vice Presidency of the United States, ought not to be, and will not be submitted to.

Resolved, That it is the sense of this meeting, that we have a reserved right as a sovereign State, to secede from .he Union ; and that in this emergency it is the proper remedy, and that it is expedient that North Carolina co-operate with her sister Southern States.

Revolved, That we request the Legislature to announce these opinions by resolution at the earliest practical moment; and to communicate it to our Senators and Representatives in Congress,

WARREN. The following are the Warren resolutions. F

A. Thornton was in the chair and W. A. Wash, editor of the News, acted as Secretary. The meeting was addressed by Gen. Green, W. A. Jenkins, Dr. Pitchford, Dr. Jerman, Wm. Eaton. ir., and W. P. Soloman. The resolutions were adopted with very few dissenting voices. WE, a portion of the people of Warren, irreresolutions :

Resolved, That the people of the non-slaveholding States, by the recent election of a sectional President, by immense majorities, upon sectional principles, have manifested their unrelenting hostility to the institution of negro slavery, as it exists in the Southern States, and their fixed determination to carry that hostility into every department of the Federal Government, and to exert all of its patronage and influence, and the large powers they attribute to it, for the ultiinate overthrow of our social organization.

Resolved, That this hostile feeling and purpose has been growing for many years, as has been shown in the votes and speeches of their leading men, in the teachings of their pulpits and schools. in their literature and their State legislation.

Resolved, That in view of their present sectional majority, and of the still larger majority which a successful exclusion of the South from he territories must give. the safety and honon of North-Carolina requires such additional guarantees as will give her an absolute security within in both Houses of the General Assemb'y to urge the Union.

Resolved. That whilst we have ever been devoted to a constitutional Union, and are willing 1, try every peaceable remedy, consistent with the honor of North-Carolina, to preserve it, yet we most solemnly declare that we are determined maintain our rights, and all of them, in the Union if possible and out of it if necessary.

Resolved. That the Constitution of the United tates is a compact between sovereign and indeendent States, and all powers not therein deleated are reserved to the States respectively : hat among the attributes of sovereignty retained by the several States, is that of watching over the perations of the General Government, and pro ecting her citizens from unconstitutional abuse in the one hand, and securing to them on the ther a strict fulfilment of the obligations imosed by the Constitution upon the General Govrnment. Resolved, That the people of North-Carolina, s an organized political community, have the ight to withdraw from the Union whenever a rajority, in Convention assembled, shall decide a vithdrawal necessary to protect their property or ersons from unconstitutional and oppressive gislation by the General Government, or whenver by the failure of the General Government to ulfil her constitutional obligations, the people of the State may deem such a step necessary in orler to secure the enjoyment of the rights, privieges, and protection guaranteed to them by the Carolina, by counties, from 1840 to 1860, It also Constitution of the United States, and m such an emergency a majority of the people of North Carolina, acting through organized authorities of the State, would be entitled to the sole and undivided allegiance of all her citizens. Resolved, In the language of Nathaniel Macon that "a government of opinion, established by sovereign States for special purposes, cannot be maintained by force," consequently that if a State, in the exercise of her sovereignty, secedes, and the Federal Government resorts to coercion, the Federal Government makes the revolution, and transforms the present Union into a military despotism, and should the General Government be guilty of the folly and wickedness of drawing the sword againt the Southern State whose people may choose to seek that protection out of the Federal Union which is denied to them in it,then we of North Carolina would owe it to ourselves, to the liberties we have inherited from our fathers, to the peace of our homes and families, dearer to us than all governments, to resist it to the last extremity. Resoved, That whilst we detest, and are prepared to resist at every hazzard the encroachments of the North upon us, we would most respectfully suggest to our sister Southern States, to await the action of a Convention of all the Southern States, in order that when it becomes Lecessary to strike a blow for our rights, we may act in concert. Resolved, That we heartily approve the wise and prudent suggestions of our Governor, John W. Ellis, in his late Message, in regard to our Federal affairs, and especially the calling of a Convention of the people of North Carolina, at an early day, in order that they may determine what position North Carolina is to occupy in this important crisis of her history, and we hereby recommend, and as far as in us lies, instruct our Senator and Representatives in the General Assembly to vote for the calling of said Convention of the people, and also to vote the most liberal supplies necessary for furthering and carrying out the patriotic recommendations of our Executive, for placing the State in a thorough posture of defence.

all the means in their power, to incite our slaves to rebellion and murder : That citizens of the Southern States in pursuit of their property have been murdered, and the soil of a Sovereign Stats stained with the blood of her citizens attempting to defend themselves and their property from the invasion of an armed band from States belonging to the same Government with ourselves: That all this and more has been done against the earnest protestation of the Southern States : That against our solemn protest they have elected a spective of party, cordially unite in the tollowing | President whose whole course of conduct and expressions of opinion have been, and are, at war

with the nearest and dearest rights of the Southern people : That as an example of their opinions, aims and purposes, he, and his supporters, have endorsed the sentiments, and contributed freely by money and labor to the circulation of an infamous publication, the design of which, if carried out, would set the slaves as bloodhounds. upon the white race of the Southern States: That we have borne all this for our love and veneration for the Union and Constitution, until we believe the Union and Constitution have been perverted to means of oppression by designing men, and no longer metes out to each State equal-'ity and justice : Therefore,

Resolved, That we believe in State Sovereignty, and that any Sovereign State has the right to secede from a confederated Government, whenever a majority of her citizens in convention met, shall hold that there has been a violation of the national compact.

Resolved, That we instruct our representatives the call, as soon as practicable, of a State Convention, to deliberate as to what course the State should pursue in her present position of danger. Resolved, That we instruct our Representatives. in both Houses of the General Assembly to urge the early consideration and adoption of all necessary reforms, in the militia system, and the immediate appropriation of a sum sufficient. to arm every free white man in the State.

Resolved, That the Legislature be requested to pass laws taxing the manufactures of the Northern States so as to amount to a prohibition of their introduction, against the States that disregard the rights of the citizens of this State in their slaves. Resolved, That we recommend that each captain's district of this county appoint a committee of vigilance, and form companies of minute men
