# THE VOICE OF THE PEOPLE. PITT.

A large, enthusiastic and most influential peting of the citizens of Pitt county was held at Greenville, on the 27th uit., L. P. Beardsley. in the chair and Dr. W. A. Bernard and C. J. Oldagan acting as secretaries. Spirited speeches we're made by the chairman, Gen. G. E. B. Sin-Reditary, and by Dr. Barham, of Wilson, and the dlowing resolutions adopted by an overwhelming iority :

Resolved, That 'it becomes the duty of the agislature now in sussion to take such steps as I place the State of North-Carolina by the side ther sister States of the South, and for that purpose a convention of the people ought to be died at the earliest practical period.

Resolved, That the present defenceless condiof the State ea ls for immediate action. A

#### SAMPSON. The following preamble and resolutions were unanimously adopted by the citizens of this county, at a large meeting held in Clinton, and were forwarded to their Senator Col. Thomas I. Faison, with the request that they be laid before

the Senate : WHEREAS, The uncertain condition of our civil affairs threatening alike the liberty of our citizens, and the destruction of our property, in our opinion, calls for prompt action on the part of the ci izens of North Carolina. And deeming this a proper time for a fair expression of our rights. we maintain, that North-Carolina, in common with the thirteen independent colonies, entered into a compact for mutual protection and defence. reserving to themselves the absolute right to control, each one for herself, her domestic institutions: That in violation of the compact, many of our sister States have refused to protect the property of the Southern States, and have passed laws by their State Legislatures contrary to the Constitution, and nullifying the laws passed by Congress for the protection of the property of unany of the States: That the citizens of a part of the States have been, and, we have every reason to believe, are still, making every effort, by all the means in their power, to incite our slaves to rebellion and murder : That citizens of the Southern States in pursuit of their property have been murdered, and the soil of a Sovereign Stats stained with the blood of her citizens attempting to defend themselves and their property from the invasion of an armed band from States belonging to the same Government with ourselves: That all this and more has been done against the earnest protestation of the Southern States : That against our solemn protest they have elected a President whose whole course or conduct and expressions of opinion have been, and are, at war with the nearest and dearest rights of the Southern people : That as an example of their opinions,

aims and purposes, he, and his supporters, have endorsed the sentiments, and contributed freely by money and labor to the circulation of an infamous publication, the design of which, if carried out, would set the slaves as bloodhounds. upon the white race of the Southern States: That we have borne all this for our love and veneration for the Union and Constitution, until we believe the Union and Constitution have been perverted to means of oppression by designing men, and no longer metes out to each State equality and justice : Therefore. Resolved, That we believe in State Sovereignty, and that any Sovereign Sta e has the right to secede from a confederated Government, whenever a majority of her citizens in convention met. shall hold that there has been a violation of the national compact. Resolved, That we instruct our representatives in both Houses of the General Assemb'y to u:ge the call, as shon as practicable, of a State Convention, to deliberate as to what course the State should pursue in her present position of danger. Resolved, That we instruct our Representatives n both Houses of the General Assembly to urge the early consideration and adoption of all necessary reforms, in the militia system, and the immediate appropriation of a sum sufficient to arm every free while man in the State. Resolved, That the Legislature be requested to pass laws taxing the manufactures of the Northern States so as to amount to a prohibition of their introduction, against the States that dishas, on the 1st inst., Col. Richard Rankin in regard the rights of the citizens of this State in their slaves.

# THE AMALGAMATION OF LANGUAGE .- There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate

MISCELLANEOUS.

them into our own ; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mi. Spalding's great IIcadache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born."

'ARDLY REALIZED .- Hi 'ad 'n 'orrible 'edache this afternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you hease me of an 'eadache ?" "Does it hache 'ard," says 'e ?"Hexceedingly," says hi, hand up-on that 'e gave me a Cephalic Pull, hand 'pon me 'mor it cured me so quick that I 'ardly realized I 'ad 'ad an 'edache.

GF-HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease ed on as a saleguard incended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headackes may be classified under two names, viz: Symp-tomatic and Idiopathic. Symptomatic Headache is ex-ceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all tebrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting bilious heudache, of worms, constipation and other desorders of the owels, as " well as u renal and uterine affections. Diseases of the heart are very fequently attended with Headaches ; America and plethora are also affections which frequently occasion headache. Idiopathic Headache is also yery common, being usually distinguished by the name of nervous headache. sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental, and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper.--In most instances the pain is in the front of the head, over one or both, eyes, and sometimes provoking vomiting ; under this class may also be named Neuralgia.

For the treatment of either class of Headache the Cenhalic Pills have been found a sure and safe remedy, receiving the most acute pains in a few minutes, and by its ubtle power eradicating the diseases of which Headache is the unerring index.

BRIDGET .- Missus wants you to send her a box o. Cephalic Glue, no, a bottle of Prepared Pills, but I'm thinking t at's not just it naither; but perhaps ye'll be afther knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relaived her before. Druggist .- You mean Spalding's Cephalic Pill

CONSTIPATION OR COSTIVENESS,-No one of the "many ills flesh is neir to" is so prevalent, so little understood, and so much neglected as Costiveness, Often originating in carelessness, or sedentary habits ; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unles s early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which c stiveness is the usual attendant, are Headache, Colic, Rheumatism,

Foul Breath, Piles and other- of like nature, while a long train of frightful diseases such as Malignant Fevers, Abtrain of frightful diseases such as Mangnant Fevers, Ab-cesses, Dysentery, Diarrhœa, Dyspepsia, Apoplexy, Epi-lepsy, Paralysis, Hyste ia, Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an carly stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to , tabox of Cepha ie Pills on the first appearance of the complaint, as their timely use will expel the insiduous approaches of disease and destroy this dangerous foe to human life.

A REAL BLESSING-Physician,-Well, Mrs. Jones, Mrs. Jones .- Gone ! Doctor, all gone ! the pills you sent cured me in ju t twenty minutes, and I wish you would end more so that I can have them handy. Physician.-You can get them at any drugists. Call. for Cephalic Pills, I find they never fail, and I commend

them in all cases of Headache. Mrs. Jones .- I shall send for a box directly, and shall ell all my suffering friends, for they are a real blessing.

TWENTY MILLIONS OF DOLLARS SAVED .- Mr: Spaldng has sold two millions of bottles of his celebrated Prepared tilue and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an ag-gregate of twenty millions of dollars reclaimed from total loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curi ig all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Head-aches will soon warrsh away like snow in July

27-OVER EXCUTEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disorder ed state of mind and body incident to this distressing complaint is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distresing attacks by using one of the Cephalic Pills whenever the symtoms appear. It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stmoach which always accompanies and aggravates the disordered condition of the braine
