A large, enthusiastic and most influential meeting of the citizens of Pitt county was held at Greenville, on the 27th utt., L. P. Beardsley id the chair and Dr. W. A. Bernard and C. J. O Hagan acting as secretaries. Spirited speeches were made by the chairman, Gen. G. E. B. Singeltary, and by Dr. Barham, of Wilson, and the majority :

Resolved. That it becomes the duty of the Legislature now in session to take such steps as will place the State of N. rth-Carolina by the side of her sister States of the South, and for that purpose a convention of the people ought to be called at the earliest practical period.

Resolved; That the present defenceless condiion of the State cals for immediate action. A thorough reorganization of the militia and volunsystem should be effected, and liberal ap intions for that purpose should be promptly

Resolved, That meanwhile, in view of the present dangerous condition of affairs, it devolves upon the citizens in their private capacity to do what may be in their power in furtherance of the foregoing objects, by forming military companies, by voluntary contributions for their support, and such ways as may be practical and most effec-

Resolved, That the people of the South have submitted to the aggressions of the Northern States as long as honor and a just regard for the preservation of their rights will permit; and we do, therefore, solemnly declare, appealing to high Heaven for the rectitude of our intentions, that the political bonds which connect the Northern and Southern States of this Confederacy ought to be dissolved.

On motion it was ordered that the report of the meeting and the resolutions adopted be sent to our members in the Legislature and the procredings be published in the Raleigh Regist.r., State Journal, Wilmington Journal, and North-Carolina Times.

# GASTON

At a meeting of the citizens of Gaston, held at Ballas, on the 1st inst., Col. Richard Rankin in the chair, and W. M. Ferguson and James M. Reed acting as secretaries, the following were adopted with one dissenting voice:

WHEREAS, We have heard with unfeigned sorrow that a Black-Republican has been elected President of the United States, by an entirely sectional vote, whose principles as announced are that a war of extermination must be made on our finstitutions, and that the negro must be the equal of the white man in this government, therefore, Resolved, That we fully and cordially endorse he message of Goy. Ellis on "Federal Relathe best means for our safety

Resolved. That we will not submit to the ty ranny of "higher law principles." and if such be the issue submitted to the South she will fall back on her constitutional rights for protection David Schenck, James Quinn, J. G. Lewis Wm. McKee and Col. Rankin addressed the meeting.

This meeting was addressed by Captain J. D. Radeliffe, Rev. D. B. Clayton, Dr. R. G. Barham, Col. M. Moye, J. S. Barnes and J. W. SAMPSON.

The following preamble and resolutions were unarimously adopted by the citizens of this coulty, at a large meeting held in Clinton, and we forwarded to their Senator Col. Thomas I. Faison, with the request that they be laid before the Senate:

WHEREAS, The uncertain condition of our civil affairs threatening alike the liberty of our citizens, and the destruction of our property, in our opinion, calls for prompt action on the part of the ci izens of North Carolina. And deeming this a proper time for a fair expression of our rights, we maintain, that North-Carolina, in common with the thirteen independent colonies, entered into a compact for mutual protection and defence. reserving to themselves the absolute right to control, each one for berself, her domestic institu tions: That in violation of the compact, many of our sister States have refused to protect the property of the Southern States, and have passed laws by their State Legislatures contrary to the Constitution, and nullifying the laws passed by Congress for the protection of the property of many of the States: That the citizens of a part of the States have been, and, we have every reason to believe, are still, making every effort, by all the means in their power, to incite our slaves to rebellion and murder: That citizens of the Southern States in pursuit of their property have been murdered, and the soil of a Sovereign Stats stained with the blood of her citizens attempting to defend themselves and their property from the invasion of an armed band from States belonging following resolutions adopted by an overwhelming to the same Government with ourselves: That all this and more has been done against the earnest protestation of the Southern States: That against our solemn protest they have elected a President whose whole course or conduct and expressions of opinion have been, and are, at war with the nearest and dearest rights of the Southern people: That as an example of their opinions, aims and purposes, he, and his supporters, have endorsed the sentiments, and contributed freely by money and labor to the circulation of an infamous publication, the design of which, if carried out, would set the slaves as bloodhounds, upon the white race of the Southern States: That we have borne all this for our love and veneration for the Union and Constitution, until we believe the Union and Constitution have been perverted to means of oppression by designing mer, and no longer metes out to each State equality and justice : Therefore,

Resolved, That we believe in State Sovereignty, and that any Sovereign Sta e has the right to secede from a confederated Government, whenever a majority of her citizens in convention met, shall hold that there has been a violation of the

national compact. Resolved. That we instruct our representatives in both Houses of the General Assemb'y to urge the call, as soon as practicable, of a State Convention, to deliberate as to what course the State should pursue in her present position of danger.

Resolved. That we instruct our Representatives in both Houses of the General Assembly to urge the early consideration and adoption of all necessary reforms, in the militia system, and the immediate appropriation of a sum sufficient to arm every free white man in the State.

Resolved, That the Legislature be requested to pass laws taxing the manufactures of the Northern States so as to amount to a prohibition of their introduction, against the States that disregard the rights of the citizens of this State in

THE AMALGAMATION OF LANGUAGE .- There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorpora e them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born."

'ARDLY REALIZED.—Hi 'ad 'n 'orrible 'edache this af-ternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you hease me of an 'eadache?" "Does it huche 'ard," says 'e ?"Hexceedingly," says hi, hand upon that 'e gave me a Cephalic P.II, hand 'pon me ' nor it cured me so quick that I ardly realized I ad ad an

GF-HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard in ended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Head ches may be classified under two names, viz: Symptomatic and Idropathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache of hepatic disease constituting bilious headache, of worms, onstipation and other desorders of the owels, as well as urenal and uterine affections. Diseases of the heart are very fequently attended with Headaches; Anæmia and plethora are also affections which frequently occasion headache. Idiopathic Headache is also very .common, being usuarly distinguished by the name of nervous heudache. sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over

one or both, eyes, and sometimes provoking vomiting; under this class may also be named Neuralgia.

For the treatment of either class of Headache, the Cephalic Pills have been found a sure and safe remedy, receiving the most acute pains in a few minutes, and by its ubtle power eradicating the diseases of which Headache is the unerring index.

BRIDGET -Miss us wants you to send her a box o. Cephalic Glue, no, a bottle of Prepared Pills, but I'm thinking t at's not just it haither; but perhaps ve'll be afther knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relaived her before.

CONSTIPATION OR COSTIVENESS .- No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness, Often originating in carelessness, or sedemary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the trecursor and companion of many of the most fatal and dangerous diseases, and unles early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which c stiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and other of like nature, while a long train of frightful diseases such as Malignant Fevers, Abcesses, Dysentery, Diarrhoza, Dyspepsia, Apoplexy, Epi-lepsy, Paralysis, Hyste ia, Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the ause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should peglect to tabox of Cepha ie Pills on the first appearance of the complaint, as their timely use will expel the insiduous approach es of di sease and destroy this dangerous foe to human life.

A REAL BLESSING .- Physician,- Well, Mrs. Jones, how is that headache? Mrs. Jones .- Gone ! Doctor, all gone ! the pills you sen! cured me in ju t twenty minutes, and I wish you would send more so that I can have them handy. Physician. - You can get them at any drugists. Call fe Cephalic Pills, I find they never fail, and I commen them in all cases of Headache. Mrs. Jones .- I shall send for a box directly, and shall ell all my suffering friends, for they are a real blessing.

TWENTY MILLIONS OF DOLLARS SAVED .- Mr. Spald. ng has sold two millions of bottles of his celebrated Pre pared Glue and it is estimated that each bottle saves at leas: ten dollars worth of broken furniture, thus making an ag gregate of twenty millions of dollars reclaimed from total loss by this valuable invention. Having made his Glue a household word, he now proposen to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Headaches will soon vanish away like snow in July

AF-OVER EXCITEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint is a fatal blow to all energy and ambition. ers by this disorder can always obtain speedy relief from these distresing attacks by using one of the Cephalic Pills whenever the symtoms appear. It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stmoach which always accompames and aggravates the disordered condition of the braine
