THE VOICE OF THE PEOPLE.

PITT. A large, enthusiastic and most influential meeting of the citizens of Pitt county was held at Greenville, on the 27th ult., L. P. Berryhill, the chair, and Dr. W. A. Bernard and C. J. Hagan acting as secretaries. Spirited speeches were made by the chairman, Gen. G. E. B. Slaughter, and by Dr. Barham, of Wilson, and the following resolutions adopted by an overwhelming majority:

Resolved, That it becomes the duty of the Legislature now in session to take such steps as will place the State of North Carolina by the side of her sister States of the South, and for that purpose a convention of the people ought to be called at the earliest practicable period.

Resolved, That the present deplorable condition of the State calls for immediate action. A thorough reorganization of the militia and volunteer system should be effected, and liberal appropriations for that purpose should be promptly made.

Resolved, That meanwhile, in view of the present dangerous condition of affairs, it devolves upon the citizens in their private capacity to do what may be in their power in furtherance of the foregoing objects, by forming military companies, by voluntary contributions for their support, and in such ways as may be practical and most effective.

Resolved, That the people of the South have submitted to the aggressions of the Northern States as long as honor and a just regard for the preservation of their rights will permit; and we do, therefore, solemnly declare, appealing to the Heaven for the sanction of our intentions, that the political bond which connects the Northern and Southern States of this Confederacy ought to be dissolved.

On motion it was ordered that the report of the meeting and the resolutions adopted be sent to our members in the Legislature and the proceedings be published in the Raleigh Register, the State Journal, Wilmington Journal, and North Carolina Times.

GASTON. At a meeting of the citizens of Gaston, held at Dallas, on the 1st inst., Col. Richard Rankin in the chair, and W. M. Ferguson and James M. Reid acting as secretaries, the following were adopted with one dissenting voice:

Whereas, We have heard with unfeigned sorrow that a Black-Republican has been elected President of the United States, by an entirely sectional vote; whose principles as announced are that a war of extermination must be made on our institutions, and that the negro must be the equal of the white man in this government, therefore,

Resolved, That we fully and cordially endorse the message of Gov. Ellis on "Federal Relations," and especially that portion recommending an appeal to the people in convention to devise the best means for our safety.

Resolved, That we will not submit to the tyranny of a higher law principles, and if such be the issue submitted to the South she will fall back on her constitutional rights for protection.

David Schenck, James Quinn, J. G. Lewis, Wm. McKee and Col. Rankin, addressed the meeting.

WILSON. At a meeting of the citizens of Wilson, held at the town of Wilson, on the 24th ult., Joshua Barnes in the chair, and B. H. Barlin, acting as secretary, the following were adopted without a dissenting voice:

Resolved, That it is the sense of this meeting, that we have a reserved right as a sovereign State, to secede from the Union; and that in this emergency it is the proper remedy, and that it is expedient that North Carolina co-operate with her sister Southern States.

Resolved, That we request the Legislature to announce these opinions by resolution at the earliest practical moment; and to communicate it to our Senators and Representatives in Congress, and co-operate with the Governor in calling a Convention of the people to determine on the proper mode and measures of redress.

Resolved, That we respectfully suggest to the Legislature to take immediate steps to organize a firm the force of the State.

Resolved, That we respectfully recommend to the Legislature, to take into immediate consideration the passage of such laws as will be likely to alleviate any unusual embarrassment of the commercial interests of the State, consequent upon the present political emergency.

Resolved, That copies of the foregoing resolutions be sent without delay to our Senator and Representatives in the General Assembly of the State, who are hereby requested to lay them before the Houses of which they are respectively members.

This meeting was addressed by Captain J. D. Radcliffe, Rev. D. B. Clayton, Dr. R. G. Barham, Col. M. Moye, J. S. Barnes and J. W. Dunham.

SAMPSON.

The following preamble and resolutions were unanimously adopted by the citizens of this county, at a large meeting held in Clinton, and were forwarded to their Senator Col. Thomas I. Faison, with the request that they be laid before the Senate:

Whereas, The uncertain condition of our civil affairs threatening alike the liberty of our citizens, and the destruction of our property, in our opinion, calls for prompt action on the part of the citizens of North Carolina. And deeming this a proper time for a fair expression of our rights, we maintain, that North-Carolina, in common with the thirteen independent colonies, entered into a compact for mutual protection and defence, reserving to themselves the absolute right to control, each one for herself, her domestic institutions; That in violation of the compact, many of our sister States have refused to protect the property of the Southern States, and have passed laws by their State Legislatures, contrary to the Constitution, and nullifying the laws passed by Congress for the protection of the property of a part of the States; That the citizens of a part of the States have been, and we have every reason to believe, are still, making every effort, by all the means in their power, to incite our slaves to rebellion and murder; That citizens of the Southern States in pursuit of their property have been murdered, and the soil of a Sovereign State stained with the blood of her citizens attempting to defend themselves and their property from the invasion of an armed band from States belonging to the same Government with ourselves; That all this and more has been done against the earnest protest of the Southern States; That against our solemn protest they have elected a President whose whole course of conduct and expressions of opinion have been, and are, at war with the nearest and dearest rights of the Southern people; That as an example of their opinions, aims and purposes, he, and his supporters, have endeavored, and are endeavoring, to be carried out, and labor to the circulation of an infamous publication, the design of which, if carried out, would set the slaves at bloodhounds upon the white race of the Southern States; That we have borne all this for our love and veneration for the Union and Constitution, until we believe the Union and Constitution have been perverted to means of oppression by designing men, and no longer meet out to each State equality and justice; Therefore,

Resolved, That we believe in State Sovereignty, and that any Sovereign State has the right to secede from a confederated Government, whenever a majority of her citizens in convention met, shall hold that there has been a violation of the national compact.

Resolved, That we instruct our representatives in both Houses of the General Assembly to urge the early consideration and adoption of all necessary reforms, in the militia system, and the immediate appropriation of a sum sufficient to arm every free white man in the State.

Resolved, That the Legislature be requested to pass laws taxing the manufacturers of the Northern States so as to amount to a prohibition of their introduction, against the States that disregard the rights of the citizens of this State in their slaves.

Resolved, That we recommend that each captain's district of this county appoint a committee of vigilance, and form companies of minute men.

CATAWBA. One of the largest meetings ever held in Catawba, was held, irrespective of party, at Newton, on the 8th inst. E. P. Coulter, occupied the chair and C. W. Harmon and G. P. Shuford acted as secretaries. The meeting was addressed by Capt. Jno. F. Hoke, Locke McCorkle, Maj. J. Bost, Col. H. L. Robards, and others; and the following resolutions were unanimously adopted:

Whereas, Abraham Lincoln has lately been chosen President of the United States, exclusively by the suffrages of the Northern States, because of his declared opinion to the effect that the enslavement of the negro is a sin and a crime, and slavery must be extinguished, and negroes placed upon an equality with white men; now, therefore,

Resolved, By the people of Catawba, that North Carolina, as a sovereign State, has a right to withdraw from the Union, whenever in her opinion, the Constitution has been violated by her confederated States, or any of them, or by their mutual agent, the Government at Washington, and upon the withdrawal of North Carolina from any other State, the Federal Government has no power under the Constitution, to coerce or subjugate such seceding State.

Resolved, further, That it is the duty of the present Legislature to arm a volunteer force, and organize the militia, and place the State in a condition to maintain and defend her rights, and to call a convention of the people, to consider the mode and measure of redress at this crisis of impending danger to our rights and liberties.

Resolved, further, That we heartily endorse the recommendations, contained in the message of his Excellency, Gov. John W. Ellis, touching the questions connected with our Federal Relations, and are gratified at the bold and manly position he has assumed in defence of our honor and of our rights.

Resolved, further, That copies of these Resolutions be sent to our Representatives in the Senate and in the House of Commons, with the request that the same be presented to the two Houses of the present General Assembly now in session. Also that copies be forwarded to our Senators and our immediate Representatives in Congress.

MISCELLANEOUS.

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of all languages, and inter a while incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the man born."

'ARDLY REALIZED.—His "ad" or "brilliant" headache this afternoon, had I stepped into the hypochondria hand says he to the nurse, "Can you have me of an 'adache?' 'Does it hurt here?' says 'No, 't is 'no' 'adache,' says he, 'I had an 'adache.'"

HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a signal or warning to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected.

Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism, &c. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting bilious headache, of worms, constipation and other disorders of the bowels, as well as of uterine affections. Diseases of the heart are frequently attended with Headaches; Anemia and plethora are also affections which frequently occasion headache.

Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the patient and rendering it difficult to procure relief, especially if it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyes, and is attended with vomiting; under this class may also be named Neuralgia.

For the treatment of either class of Headache the Cephalic Pills have been found a safe and reliable remedy, relieving the patient in a few minutes, and by its subtle power eradicating the disease of which Headache is the unerring index.

BURIED.—Missus wants you to send her a box of Cephalic Pills, no, a bottle of Prepared Pills, but I'm afraid she's first just it matters but perhaps you'll be after knowing what it is. Ye see she's high dead and gone with the Sick Headache, and wants some more of that name as she never before.

BRIDGE.—Och! sure now as you've sed it, here's the quarter and give me the Pills and don't be all day about it after.

CONSTIPATION OR COSTIVENESS.—No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness and indolence, it is regarded as a slight disorder of little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and seldom fails to eradicate its sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Pain in the Back, Piles and other like ailments, as well as Malignant Fevers, Abcesses, Dysentery, Diarrhoea, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, from all these diseases the system is gradually becoming an ailing system.

Not unfrequently the disease named originates in Constipation, but takes on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention, whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as they will expel the noxious humors, and thus prevent the disease from becoming a chronic one, and thus destroy this dangerous foe to human life.

A REAL BLESSING.—Physician.—Well, Mrs. Jones, how is that headache? "Mrs. J.—The Doctor, all gone! the pills you sent cured me in just twenty minutes, and I wish you would send me so that I can have them handy."

Physician.—You can get them in any drug store. Call for Cephalic Pills, I find they never fail, and I commend them in all cases of Headache.

Mrs. J.—I shall send for a box directly, and shall tell all my suffering friends to get them a real blessing.

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spalding has sold two millions of bottles of his celebrated Prepared Pills and it is estimated that each bottle saves at least one dollar of the patient's money, thus making an aggregate of twenty millions of dollars reclaimed from total loss by this valuable invention. Having made his Glue a greater service by curing all the aching heads with his Cephalic Pills, and if they are good with his Glue, Headaches will soon vanish away like snow in July.

OVER EXCITEMENT, and the mental care and anxiety incident to business, and to the various occupations, are among the numerous causes of Nervous Headache. The disorder of state of mind and body incident to this distressing complaint is a fatal blow to all energy and ambition. Sufferers in this case obtain speedy relief from the Cephalic Pills, whenever the symptoms appear. It quiets the overtaxed brain, and soothes the strained and jarring nerves, and relaxes the tension of the stomach, which always accompanies and aggravates the disordered condition of the brain.

By the use of these Pills the periodic attacks of Nervous or Sick Headache may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained, giving tone and vigor to the system, and relief from the Nausea and Headache, to which females are so subject. They act gently upon the bowels—removing Costiveness.

For Literary Men, Students, Delicate Females, and all persons of sedentary habits, they are valuable as a Laxative, improving the appetite, giving tone and vigor to the system, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and careful conducted experiments, having been used for many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the nervous system or from a deranged state of the stomach.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety, without making any change of diet, and the absence of any disagreeable taste renders it easy to administer them to children.

BEWARE OF COUNTERFEITS! The genuine have five signatures of Henry C. Spalding on each box. Sold by Druggists and all other Dealers in Medicines. Box will be sent by mail prepaid on receipt of the Price 25 CENTS. All orders should be addressed to HENRY C. SPALDING, 48 CEDAR STREET, NEW-YORK.

NOTICE IS HEREBY GIVEN THAT A PUBLIC meeting will be held in the Court House at 10 o'clock on the 29th inst., without regard to party, and it is hoped and sincerely desired that as many of our fellow citizens as can attend, and give their opinions freely as to what the State ought to do at this momentous period of her political history. By the request of MANY CITIZENS. Dec. 21, 1860. 5-tf.

PROSPECTS OF THE STATE JOURNAL.

Having become the proprietor of the Democratic Press, I have merged that paper into the STATE JOURNAL, which will be published Semi-Weekly and Weekly.

The STATE JOURNAL will advocate Democratic principles in the broadest sense, and will support and defend Democratic measures and their advocates as they are presented and as occasion may require. In other essentials it will be my aim to make the paper, what its name denotes, a State Journal—eschewing all sectional considerations and working for the entire State and her common interests.

As soon as arrangements can be made the whole paper shall be re-modeled and printed with new type, on good paper, and in a superior manner. The Editorial department will be properly attended to in its various branches, and will speak for itself. Neither labor nor expense will be spared in the management of the paper.

The terms of the State Journal will be as follows: Semi-Weekly, per annum, \$4 00 Weekly, 2 00 CLUB RATES: Clubs of ten and upwards will be supplied at the following rates: Semi-Weekly, per annum, \$3 00 Weekly, 1 50

These terms will be insisted upon invariably in advance. No name will be put upon the list without the money, and all papers will be discontinued at the expiration of the time for which they have been paid, unless the subscription be renewed. I am satisfied, from years of experience, that upon no other footing can any newspaper hope to succeed. JOHN SPELMAN.
