JOHN WORK.

Notice.

THE late proclamation of his excellency governor Martin shews that the treasurer of the United States has orders to pay out the cash for arrearages due to the officers and soldiers who have served a certain length of time in the continental army. In consequence of which, and by authority, I have opened an office in Fayetteville, for the accommodation of the persons concerned, and will undertake to collect the cash for all such claims in the most speedy manner, provided they are rendered to me properly attested.

The person having a claim, must make oath before two justices of the peace to the time he has served, and take the justices' certificate, which certificate must be given to me, with a power to receive the money, and that power witnessed by a justice of the peace.—Those persons who may not find it convenient to attend at my office themselves, may forward their papers by letter.

All other kinds of public securities will be received and negotiated in the most advantageous manner at New-York and Philadelphia.
