#### THE STATE ELECTION.

It is impossible at this time to give to our readers any official returns of the late election result in the State. As soon as they are all in we will publish a tabulated statement of the vote cast for Presidential electors and State offi-

At present the estimates are placed as follows:

For Bryan electors, about 20,000 majority.

For Russell, Governor, about 14 000 plurality.

The State Fusion ticket is elected by about 40,000 majority. Congressmen elect are as follows:

County, Populist. 2d District-Geo. H. White, of Edgecombe County, Republican.

1st District-Harry Skinner, of Pitt

31 District-John E. Fowler, of Sampson County, Populist.

4th District-William F. Stroud, of Chatham County, Populist. 5th District-W. W. Kitchin, of Per son County, Democrat.

6th District-Charles H. Martin, o Anson County, Populist. 7th District-Alonzo C. Shuford, o Catawba County, Populist.

8th District-Romalus Z Linney, of Alexander County, Republican. 9th D.strict-Richmond Pearson, o Buncombe County, Republican.

#### THE GENERAL ASSEMBLY.

The latest returns from the countie show that the Populists can organize the Senate with the help of only one Republican or Democrat, and that the Republicans are short ten of a majority in the House. The Legislature will stand: Senate-Populists, 24; Republicans, 17; Democrats, 9.

House-Republicans, 51; Populists, 34; Democrats, 34; in one county (Jackson) there was a tie vote.

The Republicans will lack 18 votes to elect a United States Senator, and the Populists will lack 28. The Populists have it in their power to elect one of their number or some other advocate of the free coinage of silver, if they de-

THE election brought many changes. none more agreeable than the election of the Hon. Geo. H. White, LL. D., to Congress from the Second district of this State. He is is a gentleman of culture and refinement, a successful lawyer, for several terms a district solicitor in the eastern part of the State, also a member of the State Legislature, and last, but not least, a Presbyterian elder and Sabbath School superinterdent. Mr. White is a gentleman of unblemished character, and a representative of whom our race may well be proud. He delivered the annual address at Biddle last June, and received the honorary degree of LL. D. His honors come in rapid succession, but he wears them with credit to himself and his people, and with usefulness to his country .- Afro-American Presbyterian.

## DANIEL L. RUSSELL GOVERNOR.

Daniel L. Russell has been duly elected Governor of North Carolina, and if the Democratic leaders, together with the Democratic newspapers were to be believed, the State might well be in mourning; but, like their false promises, the people do not believe a word they say, as is seen by the handsome vote that Russell received. And Russell is going to make us one of the best Governors we have had since the war. He has the ability, is progressive, and has the best interests of the State at heart. And having the courage of his convictions, he will not hesitate to carry them out .- The Populist.

Sound Doctrine. The immortal Vance never uttered a truer saying than when he said, "The horse that pulls the plow should have its enemies to reap the benefits of all the emoluments. The Populists and Republicans of this State, through hard great victory in the State, and are just ly and rightfully entitled to the offices, and should have them; and any Populist or Republican leader who fails to do his duty in demanding and working for a change from Democratic to Populist and Republican is going to be branded as a traitor to his party. To say that the Populist or Republican parties have not got men of sufficient qualifications to fill any of the offices is all popycock, and will not be believed by any sane man. Therefore a change is demanded .- "The Populist."

## Who Did It?

In Mecklenburg county the credit of our victory is all due to the fidelity and work of the colored voters. There is no need of mincing words; if the white Republicans had done their duty there | you hear?

would now be no question as to who is elected here. If the State committee sent any money to the county it failed to reach the poor colored man, who did work worth mention. The fight has been one great sacrifice to many colored men in the county. The State committee, in abandoning this county, threw great responsibility on the poor colored men here, who had nothing to work for but patriotism. Not a single colored man was run for office, and next spring we expect to see every white Republican looking for office, saying it is too

soon yet for the colored man. The candidates in this county refuse to support our Republican papers, even to the amount of 25 cents. Judging from the thousands of extra copies of the "Hayseeder," and other white men's papers sent broadcast in the State, one is led to believe some money was spent in that direction.

The negro has not had justice in this deal at the hands of the Republican party. The negro has done his full duty in this fight. Now, gentlemen, we have sacrificed manhood and given you victory, with the situation clearly understood all the time; we ask you to do your duty in the future. There will be another time and these things will not be forgotten. We wanted McKinley, Russell and fusion, and for that, we sacrificed all. Now let us reason. Had the colored people of this county been dealt fairly with by the State committee and the white Republicans here, the entire fusion ticket would have been elected by such a majority the Democrats would have been so dumbfounded they would have forgotten Pineville. Whatever we lose here it will be by the treachery and stupidity of white men. "Charlotte Messenger."

# WHY NOT REJOICE?

The colored people throughout the country are rejoicing over the great Republican victory, and truly they have cause to rejoice. A Republican victory means more to them than to any other class of American citizens. To every class it means a just and economical administration of the governernment, a revival of business, and a return of prosperity. To the colored man it means this, and more. It means an opportunity to show to the world that he bas as much ability as any other man. Under the Republican administration the colored man receives some recognition in the distribution of offices and always fills these offices with honor. Then, too, there are generally some colored candidates on the Republican State the fodder." In the recent | Occasionally a discordant note mars th election colored men were elected to offices throughout the country. In this State we elected Hon. G. H. White to work and much sacrifice, have won a Congress, Hon. J. H. Young to the Legislature, every magistrate in Edgea constable in Union County. From Indianapolis, Indiana, Hon. G L. Jones was elected to the Legislature. Cook County, Illinois, elected a colored man, E. H. Wright, county commissioner, and Hon. R. E. Stewart was elected county clerk in Guthrie, Oklahoma. This is a good showing, and we feel that these men will fill their offices creditably. With the number of appointments to colored men when McKinley is inaugurated and the new Republican governors take control, we will have quite a race representation in the affairs

of state. - Wilmington Sentinel.

#### TARIFF PROSPECTS.

Until some of the Sound money Democrats in the Senate, or some of the silver Senators who helped the Democrats to defeat the Dingley bill and declared that they would prevent any tariff legislation unless free coinage was granted. definitely announce their willingness to bow to the will of the people and vote for such a revenue measure as the popular majority desire, it is hardly worth while to discuss the chance of any action on the tariff this winter. There is no longer room for question what the people want. The enormous popular majorities given in the election of Republican Congressmen in 1894 have been greatly surpassed, in some States in 1895 and in almost all States this year: and while the Republican vote for President has been swelled by several hundred thousand Democrats, it is not be coming any honest statesman or journal to affect to misunderstand the con tinued and very heavy majority for Re publican Congressmen. The Senators who prevented tariff legislation last Feb ruary, if honest with themselves and the country, must confess that the peo ple desire, and have in legal form de clared, that they desire, a return to the principles of Republican tariffs.

It would be a manly and patriotic act for any of those Senators to set aside personal judgment or preference for the sake of the national welfare. In a free Government it is never a decent thing for a minority to insist that the public prosperity shall not be permitted unless the will of the majority is disregarded. Such conduct invariably reacts with destructive force against the men or the party thus defying the people's desire. When The Tribune warned certain Republican Senators last winter that they would bring upon the free-silver cause a crushing defeat if they resisted the demand of the people for a better tariff, there were some who made light of the warning. They have appealed to the people and know the result. Loyal sub mission to the declared will of the people is the first step toward recovering

public confidence. The Sound Money Democrats are perfectly aware that the revenue is not sufficient to meet the expenditures of the Government and provide a safe margin for the protection of the outstanding paper currency. They can with propriety, therefore, declare that the need of revenue makes it their duty to vote for such a measure as can be passed, and such as the people demand, without further insisting upon their choice of methods. So the silver Senators, having met with overwhelming defeat, can properly bow to the decision of the people. Except in Kansas and Washington, two Populist States, and in five small silver States, the Republican party in every State in the Union has cast against free silver a larger share of the popular vote than it had previously been able to command. The silver Senator who respects and bows to the will of the prople, and consents that the tariff question shall be settled without longer delay in accordance with the will of the majority, takes the only course now open to him which will tend toward recovery of public respect.

These considerations may lead one or more of the Senators who defeated leg islation last wihter to change their attitude. If so, the fact will be mede known and the passage of some measure may be possible. It ought to be assumed that President Cleveland was honest in publicly telling Congress that he would join in such measures of relief as Congress might prefer, even though not such as he would choose. The Dingley bill was by no means an ideal measure, and probably would not have been favored by any of the Republicans except as an effort to find some compromise which might be accepted in circumstances of peculinr National emergency. The conditions have now greatly changed. The certainty that a Republican Congress and President will soon have power to act makes resistance merely for the sake of delay inexcusable. It ought to be possible to enact at once a very brief measure, more satisfactory than the one offered by the House last winter, and in the line of the policy which the new that neither this nor anything else can be done unless some of the Democratic or silver Senators stand ready to bow to | \$76,391,837 in 1894

THE CABINET DISCUSSION. It gives us great pleasure to say that the Democrats who rallied with admirable courage and loyalty to the defence of their country, and fought a good fight throughout the campaign and at the polls, have in general further honored themselves by the spirit which they have harmoniobs chorus of gratitude and congratulation, but thus far such relapses from a high plane of sentiment have merely served to make a few individuals unpleasantly conspicuous, without discombe County, and two magistrates and turbing the relations of amity and mutual esteem which have prevailed for several months.

It is especially gratifying to note the comments which prominent Democrats and influential Democratic newspapers are making on the suggestion that Mr. McKinley should invite some eminent Democratic dissenter from the doctrines promulgated in the Chicago platform to enter his Cabinet. The President elect does not stand in need of immediate advice upon that question. He will settle it at the proper time, and we have no doubt that he will settle it wisely. We allude to the matter now only because Democrats are themselves Judge D. L. Russell will be our Governor for the next four years, and he is going to take a "peep at the book." cur certain obligations of loyalty to his chief, which would be, or at least might be, inconsistent with the maintenance of his own sincere political convictions;

while, on the other hand, the coming Administration could not be successful from the public any more than from the party point of view, if the President were embarrassed in the performance of what he conceived to be his duty by his desire to preserve harmonious relations with an adviser whose political creed differed widely from his own. It may be added, as a fact bearing not remotely upon the question, that the late General Gresham's acceptance of a portfolio from President Cleveland is not commonly considered either to have

such an appointment would thereby in-

It should be understood that the "Tribune" does not advance these opinions with reference to an important and interesting suggestion, but reproduces them from Democratic sources, solely for the purpose of illustrating the fine sense of honor and public care which still animates many men who have been faithfully co operating with former an tagonists to save their country from disaster.

#### DENOUNCING THEIR ALLIES.

While the known results of the election are not yet official, they are sufficiently clear for us to know that Bryan is defeated. With this defeat there come regrets and disappointments of an almost bitter character. Dreams of a pure American government and hopes of better times and conditions are nullified and crushed, temporarily at least. But the cause of the people is not dead. It is a cause that cannot die. It is probably idle to go back now and

review the causes which led to defeat, but the chiefest among them all was the brutal stupidity of the goldbug nominee for Vice President in declining to retire from the national ticket supported by those forces declaring for reform. It may not be altogether correct to assert that this stupidity is the sole cause of defeat, but it is certain that many people who favor reform could not be persuaded to believe in the sincerity of such a man as Arthur S-wall, and we have no hesitation in saying they were right. We have asserted before that he was put on the ticket by the schemers, to defeat it, and we say so now. The object for which he was put up has been accomplished.

Another cause of the defeat was the failure of the party represented by the Chicago convention to support the Bryan ticket. If that party had given two thirds as many votes to Bryan as it gave to Cleveland four years ago. Bryan would have been elected. While large numbers of the rank and file of the Democratic party may have favored what Bryant stood for, the "bossing" and subsidized element of the party proved to be strong enough to divide its strength and thus let the party stand for trusts, monopolies, etc., get another four years' lease on this country.

The announcement now comes that Mr. Bryan declares he will continue to fight the battle of reform. It is well perhaps that he will do so. He is an able leader, and it may be that none can now be found to equal him But great events can be evolved within the next four years; and speaking now for the People's Party of North Carolina, and, we believe, for the nation, we take the liberty of serving notice on Mr. Bryan that if he desires to head the reform forces of the Paople's party in the next fight, he must do so under some other name than that of D mocrat. Toat name has become a reproach and a stench among the p-ople, and it will not be supported any more, now or here

Democrats had charge of the govern ment for nearly four years, and they played the people false—grossly and brutally false. In the campaign just closed, the People's party joined their forces with the Democrats, and the Democrats again played the people false -grossly and brutally false. There is no virtue in them. We are done with them now and forever, and also with any man who seeks to lead the people hereafter under anything that may bear the name or have the smirch of the word Democrat on it .- Raleigh Cau-

## Tax Valuation of Property.

The forthcoming Auditor's report will show the value of property in the State of North Carolina for 1895 to be \$230 .-861.131 as against \$234,479,901 the year previous-a decrease of \$3,618,770. The real estate this year is valued at \$153,835,-584 as compared with \$158.088,064 the Congress will adopt. But it is evident | year before, or a decease of \$4 252,480. But the personal property shows an increase in value of \$633,710, the valuation this year being \$77,025,547 as against

There are 28,019,748 acres of land in the State valued at \$110,668,453, a decrease of \$4,412,880 since 1894, when the land valuation was \$115,081,323. Town lots show little change in value, being worth \$43,167,131 in 1895 as against \$43,-006.741 in 1894

The items of personal property and their value are as follows: 162,010 horses valued at \$6,314,923; 116,770 mules at \$5,062,064; 860 jacks and jennies at \$42,-231; 42.510 goats at \$31,593; 527,131 cattle at \$4,423,893; 1,257,385 hogs at \$1,-785,074; 356,857 sheep at \$343,496; farming utensils, \$12,602.455; money on hand and on deposit, \$4,135,761; solvent credits, \$18,979,564; stock in incorporated companies, \$3,771,730; all other personal property, \$19 582,763.

The unlisted taxables this year are \$89,186.21. Last year they were only \$55,454.27. This increase of \$33,731.94 is due to the tax of \$10 on lawyers, doctors and dentists imposed by the last legislature, from which \$18,790 was realized: the tax of 50 cents on each bed in every hotel and boarding-house, which paid into the treasvry \$2,568, and the corporation tax which paid \$5,910.

The rate rate of taxation fixed by the last legislature was 21% cents for the State. instead of 22 cents as heretofere, and 18 cents for schools as against 16 cents before. This caused an increase of \$82, 068.30 in the school tax, and an increase in county taxes of \$873,137.80. School taxes this year amounted to

\$847,578.57 as against \$765,510.27 in 1894, and are divided as follows: White polls, \$265,966.20; colored polls, \$112,019.61; bank and building and loan stock, \$6,-799.86; railroad property, \$45,184.37; general property (white), \$402.829.65; general property (colored), \$14,748.88.

SHOTWELL, N. C., Nov. 10. Mr. Editor: Please allow me some space in your valuable paper. I read it closely, and consider it one of the most instructive papers ever published for the race. It is devoted to the welfare of the race. I will further say that the intelligence and sincerity of its great and noble editor has led the Republican party to victory. Thanks to God for the glorious privilege that we Afro Americans have of casting a free ballot. Our rights will be retained as long as Republicans and Populists rule our country. Thanks to the editor of THE GAZETTE for the extra work done last week for the benefit

of its readers. I can but congratulate you for your untiring efforts in trying to give to your subscribers a valuable and interesting paper. So I wish you success, and will do all in my power to get our people to read THE GAZETTE. I want to see the day come when the demand for THE GA-SETTE will be so great that it will soou double its number of employes. So let THE GAZETTE come.

Yours, for success S. M. R. SLADE. The Grand Lodge of Masons will meet

at Edenton on December 8th.
