THE GENERAL ASSEMBLY.

On Wednesday of last week, promptly at 12 o'clock, the two Houses of the General Assembly were called to order by The oath of office was administered to the Senators by the Lieutenant-Governor, and the Senate organized by the election of the following officers: Principal Clerk, H. E. King, (Pop.) of Onslow; Sergeantat-Arms, T. N. Halliburton, (Rep.) of Burke; Assistant Doorkeeper, D. J. Mc-Carthur, (Pop.) of Sampson; Reading Clerk, J. W. Watson, (Rep.) of Craven; Engrossing Clerk, J. A. Buchanan, (Pop.) of Clay.

The members of the House of Representatives were sworn in by Hon. Walter A. Montgomery, Associate Justice of the Supreme Court. The House proceeded to organize by electing the officers following: Speaker, Hon. A. F. Hileman, (Pop.) of Cabarrus; Principal Clerk, E. O. Masten, (Rep.) of Wilkes; Reading Clerk, F. B. Benbow, (Rep.) of Yadkin; Doorkeeper, D. T. House, (Pop.) of Pitt; Assistant Doorkeeper, A. R. Middleton, (Rep.) of Duplin; Engrossing Clerk, B. F. Scarborough, (Pop.) of Lenoir. The usual committees to inform the Governor that the two houses were organized and ready to receive any communication that he desired to send them was appointed by each house. The Governor sent in his message the next day, which was read in full in each house. The Democrats presented candidates in each house against the officers named above. but in each instance their candidates were defeated, as they only received the Democratic strength of seven in the Senate and thirty in the House against forty-three co-operationists in the Senate, and ninety in the House. The General Assembly is moving along smoothly, and starts off under favorable circumstances, and we believe that the people may confidently look for much useful and needed legislation by this body.

DEMOCRATS STILL TRYING TO CO-OPERATE.

It will be seen from the foreafter having previously denounced, villi- going that the Populists and Republicans you speak now, and if you mean what fied and abused the Populists, offered to are still now, as in the past, co-operating, them a proposition to co operate upon to the great dismay, discomfort and the State ticket, which proposition the destruction of the Democratic party. Populists readily and properly rejected. Let the good work continue. It was then thought that the rebuff given the Democrats by the Populists then would be sufficient to prevent them from further proposals with the Popuulists; but, alas! it was not true. It has never been known yet to what depth of inconsistency that the Democratic party would not descend to accomplish their purpose. It is well-known that there is some little disagreement between the Populists and Republicans as to the reelection of Senator Pritchard, and the Democrats conceived the idea that they could further widen the breach by proposing to co-operate with the Populists in the election of Senator, and accordingly the members of the General As sembly of that party met in caucus last Wednesday night, and unanimously adopted the following:

The Democratic members of the General Assembly, in caucus assembled, confiding in the profession of the People's silver at the present legal ratio and reformation of the financial system of our country, and being sincerely desirous of the financial reform set out in the platform of the Democratic party at Chicago,

1. That we invite co-operation with the members of the General Assembly, who belong to the People's party, to the end that a consistent, unswerving and earnest advocate of the free coinage of silver, and opponent of trusts and combines, and an advocate of an income tax, be elected to the United States Sen-

2. That a committee of five, two Senators and three Representatives, be appointed to confer with a committee to be appointed by the People's party members to arrange all details, and that said committee make known at once this action to the People's party caucus of members of this General Assembly.

3. That should the People's party favorably respond to this proposition for co-operation we pledge ourselves to abide by and perform any agreement entered into by our committee.

The foregoing resolutions were unanimously adopted, and the following committee thereunder appointed : Senators-E. S. Parker, E. S. Abell; Representatives-Dr. B. F. Dixon, J. H. McKenzie, J. L. Nelson. J. F. RAY, Chairman.

The Populist caucus has also decided that it will not support any Democrat for United States Senator. By this action the Democrats have been slapped in the face one more time by the Populists, and yet we venture the assertion that it will not be ten days before the Democracy prostrates itself again before the Populists to be kicked by them.

PRITCHAR ILL BE ELECTED.

We have never despaired of the reelection of Senator Pritchard, and have told every one with whom we have conversed on the matter that everything atorial toga upon some fossil who, withwould be all right in the end. We have never expected nor did we believe that every Populist vote in the General Assembly would be cast for Pritchard, but yet we did believe and felt confident that enough members of that party would vote for him to secure his election. At tion, with a hundred-fold more chances the caucus of Republican members on Wednesday night of last week a resolution endorsing the action of the Republican State Convention in nominating Senator Pritchard, and pledging themselves to use all honorable means in their power to secure his re-election, was unanimously adopted amid great enthusiasm. This insures to him the 72 votes of the party that they earnestly advocate and desire the free coinage of both gold and sembly, which leaves him only 14 votes Republican members of the General Asshort of election. Of course we must look to the Populist members to furnish the lacking number and we do not believe that we look without hope, for at the concerted action of the nations. HON. W. R. HENRY URGES SENATOR PRITCHARD'S RE-ELECTION.

CHARLOTTE, N. C., Jan. 7, 1897. Senator J. C. Pritchard. Raleigh, N. C .: MY DEAR SIR-All Populists have pinned 16 to 1 upon their hearts and made bi-metallism their political creed until silver is once more raised to its constitutional throne, whence it was hurled by conspirators in 1873. This being true, the question is: Can Populist members of the Legislature consistently support you for the United States Senate? I have scanned the field and think I understand

unhesitatingly that it seems to me that they not only can support you, but it is their duty to do so. I remember that when we spoke in Lincolnton in the fall of 1895, you declared yourself favorable to the white regard to silver has been, as far as I know, quite as patriotic as any one could clared your status on this subject within

existing political conditions. I answer

the last few days in the following words: "I am a staunch friend of all reforms contemplated in the Populist movement. Speakership, and upon motion, unanim- I will vote for silver by international ously carried, the Republican caucus agreement or independent action at 16 to 1, and will take pleasure in voting to amend the national banking act so as to permit farmers to borrow money upon land and staple crops. Any statement that I have been or am now a single gold

standard man, is without foundation." The members of the People's party of North Carolina seem to have conceded that the Senatorship ought to go to a silver Republican. In view of the above statement, I am frank to say that I think you are the most eminent silver Republican in the field, and for many good and sufficient reasons, the one most deserving of Populist support. It is contended by some that you have spoken against silver in the past. I do not know about that, but if it be true, the question is, how do you say? I am fully convinced that you

Chief among the considerations that dictate your election, I apprehend, is that it will insure a continuance of co-operation in North Carolina between the Populist and Republican parties, thereby guaranteeing us against political slavery at the hands of an intolerant Democracy. Another reason is that we, the friends of silver, would benefit ourselves but little by defeating you, and bestowing the Senout influnce in Washington, would be useless to the cause of silver, and whose election would jeopardize or destroy Populist and Republican power in North Carolina. What could any gentlemen named for this exalted position attempt in Washington, that you are not willing to attempt, according to your declaraof success? If you are for silver, I fail to see why there should be any further

Will the gentlemen named against you have any influence in Washington with the Republican Administration, when they have so little in North Carolina with the Republican party? In addition to what I have said, the following words from the Atlanta Constitution ought to address themselves with force to the consideration of the Populist members of

the Legislature: While believing that the true solution | Edgecombe of the money question is the prompt and independent action of this country, the friends of silver are also in favor of bimetallism, if it can be brought about by obstacle in the way of the Republican plans to secure international bi-metalthey will have to do so or face the indignation of the people at the polls. If they fail, their failure will demonstrate that the proposition for an international agreement is merely a plan to delude American voters and thus prevent independent action. If there is anything whatever in the international proposition, Mr. McKinley can pluck the fruits for the people. If he fails to do so, the people will know that the proposition is a snare and a fraud, and this knowledge will be of the utmost importance to wish a continuance of the gold standard, and all of its evils, they can go ahead
