Some of the attractions will be the fine drilling of the military company, the most excellent parade of the different fire companies, conducted by their worthy officers, among whom will be Col. Chas. S. L. A. Taylor in command of his splendid military company, which was one of the companies that made 100 per cent. in attendance at the annual inspection, a thing that every negro who has a spark of pride left should be proud of.

Programme of the Wake County Teachers' Association, Mount Street Baptist Church, October 28 and 29.

Music, Prayer, Music. The necessity of Teachers Applying Themselves to Study.

Miss Addie Whitaker. The Phonetic Method—Prof. Hunter, of the Garfield Grade School, Music. Illustrative Reading—Prof. F. N. C. Bruce, of Shaw University.

The Mission of the Teacher—Prof. J. W. Ligon, Music. The Best Methods of Teaching English Grammar—Prof. L. B. Capehart, of the Washington Grade School.

It is hoped that all of the county teachers will be present at this meeting.

The necessity of a teachers' organization is a great one. It is especially great among the colored teachers of the county. For instance, uniformity of salary among the teachers needs much consideration.

Again, in the rural districts the teachers do well to make a general average one third of the children. We trust that some teacher will suggest a method by which this small average can be made greater.

Again, it is quite common for old Bro. to send their four children to school the whole term with probably one book in which to study. These, and many other things of vast importance, need your careful consideration. Uniformity of methods is to be considered more fully.

DURHAM, N. C., August 21, '97.

Mr. Editor: Please allow me space in your paper to speak of the three weeks spent in the city of Greensboro during the Summer Normal. It was instructive and enjoyable. We stopped with Mrs. Maggie Gray, who spared no pains in trying to make it pleasant for us. We visited the Providence Baptist Church, of which Rev. S. H. Witherspoon is pastor. We are pleased to say that this church is in a flourishing condition, and that Rev. Witherspoon is doing a great work in that city.

On Tuesday evening we attended a literary at his church, and listened to a well arranged programme, at the end of which was the name of Dr. E. Smith, of Goldsboro, N. C. Each rendition showed that no pains had been spared in their preparation.

Just before the name of Dr. Smith was called the Society sang, "Nearer my God to Thee," and just as they sang the last strain, Dr. Smith came forward in his eloquent manner and addressed the Society for twenty minutes. The address was a treat to all present.

Interesting remarks were made by Mrs. Esther Page, of Apex, and Prof. F. T. Husband, of Durham, N. C. We also visited Mrs. L. A. Garrett, Mrs. Fannie C. Pond and Miss Ellen Short, who spared no pains in making it pleasant for us. We shall ever remember the kind hospitality shown us wherever we go.

D. B. GREEN.

TO THE PUBLIC.

THE UTOPIAN AGRICULTURAL SOCIETY begs to announce that the Third Annual Fair of said society will open at Conway, N. C., on the 26th day of October and continue four days.

The object of this enterprise is to stimulate industry, skill, economy and thrift among the negroes of this section of our State, known as "The Dark Belt." To afford the highest possible degree of impetus to the general progress of the race in the field of the workshop, the school-room, the kitchen and the seamstress establishments. It has been by such means that the progressive nations of the earth, from time to time, have increased their power and arisen in the estimation of an enlightened world. In no other way can we better show the strength of our claim of equality with other races of the world when given an equal chance. The world looks daily for practical results—for something worthy of recognition and respect to be done. Then we entrust our people to lay aside sentiment and prejudice and come unitedly to the aid of whatever has the tendency to elevate and build up the race materially, intellectually and morally, as well as spiritually.

We earnestly call upon our farmers, our ladies and educators to bring the best products of their skill and ingenuity, and thereby show the high destiny of the race.

We gratefully solicit the aid, encouragement and presence of our white friends in this praiseworthy enterprise. We are not unmindful of the fact that they have been the true friends of the race in giving their money, labor and strong influence to help us. We cordially ask their continuance.

Finally, we urge the personal presence of the men and women of each race. Come each day, as each day will be a big day, and let us show by our presence and exhibits the great interest we have in the enterprise, and the ultimate elevation of the race in the eyes of an intelligent world.

With sincere hope of much success, we are respectfully yours,

S. G. NEWSOME, President.
R. R. NICHOLS, Vice-President.
E. E. ROBERTS, Secretary.
