CHRISTMAS WEEK.

Following our usual custom, we will not get out any issue of THE GARETTE during the week of the Caristmas holidays. We have made our appearance promptly and regularly for fifty-one staff, the printers, the mailing clerk, and in fact all except the collecting agents, have earned and should take a much needed rest. By excepting our collecting agents. we mean that they will call upon you during Christmas week. Prepare to meet you for one week, and let each of you see how bad you miss us for that once. Bright and early on the morning of January 1st, 1898, we shall greet each of you again, in entering upon our journey for that year.

The results of the elections both in 1894 and 1896 being decided in favor of popular government instead of ring rule, we have had and enj yed to a considerable extent our liberties during the year just closing. We rejoice at the active though humble part which THE GAZETTE took in bringing about this condition of affairs. Eternal vigilance being the price of lib the maintenance of the liberty gained will be equally as hard a task as the gaining of it was. Already the machine leaders of the Democratic party aided by a few misguided so-called Christian men are planning to by one means or another curtail suffrage in our old commonwealth mbits embraced work from all grades. The amount expended last year for the proaching great fight to preserve a government "of the people, by the people and for the people." THE GAZETTE will again be a potent factor to the extent of its ability. Human liberty and personal rights are as dear to the people of this great State now as in the days of yore, abiy sustain the reputation of our scho is. of the negro males. The aggr. gate value and woe be to the political party which seeks to deprive them of either. By subscribing for, paying for and reading THE GAZETTE the public will help it to carry forward the latest news as to the acts of

both friend and foe. To the many readers who have during 1897 favored us with renewals and subscriptions, as well as kind words and sympathy, we return our grateful thanks, and we shall strive in the future, as we have in the past, to meet their approval and deportment tastefully arranged, and it win their esteem and confidence. We are striving, in our humble way, as best we can, to edit a journal actually devoted to the best interest of our entire people. We hope during the coming year to double our already large subscription list, and we ask the co-operation of all the readers

May the God of peace guide you in all things and may the lines be cast in pleas. ant places for each of you. We extend to each of you our sincerest wish that you may each spend a pleasant Christmas and enter upon a joyous, happy and prosper- and butter. ous New Year. In bidding you adi- u for 1867, we beg to again thank you for all you have done for us during the closing of your favor in 1898. May Heaven's man. choicest blessings attend each of you, is the wish of THE GAZETTE.

A CERTAIN newspaper in Raleigh-"itself an organized hypocrisy"-has had much to say about the employment, by Gov. Russell, of counsel to assist the Attorney General in the important railroad litigation pending in the courts, in many | ship, had a fine lot of tobacco, corn, etc. respects the most important that has arisen in the State during its existence. While the statutes do not contemplate that the Attorney General of the State | complete. He had an exhibit cotton and shall appear for the State in all matters where the State is interested, as no provision is made for the expenses that would be necessarily incurred in so doing, and it would be impossible to do so and also to be in attendance upon the sittings of har dsome display of fine ladies, needlethe Supreme Court for about seven months | work, drawings, artist work, silk quilts, in the year, still one would think from etc. the wild statements made by the abovereferred-to newspaper, that not a cent had been paid for extra legal services prior to the present administration. A cursory glance at the Auditor's Reports shows that more than \$46,000 were paid out for additional legal help during the terms of Attorney Generals Kenan, Davidson and Osborne. In some instances it was probably properly expended, as when the Attorney General was not able to attend to the particular business by reason of pressing public duties elsewhere; in many other instances the Attorney General doubtless could and ought to have attended to the same without the employment of any other counsel. The statutes authorizing the Governor to employ counsel were passed with a view to giving the legal officer of the State assistance in cases of | tra ned. great importance, in which it becomes necessary to secure the ablest legal talent to be found to meet the formidable array of lawyers against the State. But be all this as it may, the examination of the Auditors' Reports discloses the facts and lays bare the contemptible and sneaking hypocrisy of certain Democratic "axe-grind-

era" and "organ-grinders." The Committee of Arrangements are getting things in order for the big celebration of the Emancipation Proclamation, which will take place on Saturday. the first day of January.
