

BAR ASS'N ASKED TO DROP COLOR LINE

Charged With Excluding Race Attorneys

NEW YORK, Oct. 7—Because of the ringing denunciations of bigotry and intolerance and the fervent speeches calling for the preservation and enforcement of the United States Constitution which were made at the convention of the American Bar Association in Kansas City, Mo., this week, the bar association was asked by the NAACP to take action for a federal anti-lynching law, against disfranchisement in the southern states, and for the constitutional guarantees of due process of law and equal protection of law and equal protection of the law.

The bar association was also urged to abandon its policy of excluding from membership qualified Negro attorneys solely on the basis of color.

The telegram cited the fact that the first president of the NAACP was the late Moorfield Storey, who at one time was a president of the American Bar Association. Special emphasis was placed in the telegram upon the necessity of defending the rights of minorities if the Constitution is to have real meaning.

It is the feeling of the NAACP that if the American Bar Association and other groups who profess to be alarmed over what they term danger to the Constitution through certain New Deal policies are really sincere and are not talking just for political purposes, they will work for the enforcement of the 14th and 15th amendments and for the guarantee of fair trials and equal protection of the law for all Americans, regardless of color.

The telegram to the bar association signed by Walter White secretary, follows: "Frederick H. Stinchfield, Esq., President, American Bar Association Municipal Auditorium Kansas City, Missouri.

"The many eloquent speeches condemning bigotry made at the current convention of the American Bar Association and the appointment yesterday of a vigilance committee to protect American principals as expressed in the Federal Constitution hearten those of us who have been fighting for equal justice under the constitution

to minorities and particularly to twelve millions of American Negroes. The National Association for the Advancement of Colored People whose first president, Moorfield Storey, also was once a president of the American Bar Association respectfully urges that the American Bar Association in the light of the principles enunciated at this meeting take specific action with respect to Federal legislation against lynching now pending before the congress, on the flagrant violation of the fourteenth and fifteenth amendments in the disfranchisement based on color of approximately eight million American Negroes in certain states, and in assuring to all Americans regardless of color the full benefit and exercise of the due process and equal protection clauses and of the Federal Constitution. May we suggest the appointment of a special committee to devise a program of action for members of the Bar Association effect. May we also urge that the policy of the American Bar Association of excluding qualified Negro attorneys from membership because of color be abandoned."

LT—Please tell me what I can do to make my husband stay at home? Would it be better to part?

Ans: Certainly not—for you have four small children to consider and they surely need the guidance of both father and mother. Ask him to entertain his friends in your home instead of always going out with them—he isn't going to continue this way very much longer as he realizes he is taking a selfish standpoint in life.

MXX—I read your column and enjoyed it fine. Tell me if it will be wise for me to marry this man and does he really want to marry as he pretends.

Ans: He really wants you for his wife but it would be to your advantage to see a doctor and have your physical disability before entering marriage with this party. It will be only a short time before you will be over the condition so seek medical care right now.

MRW—Do I have the wrong

opinion of the fellow that is in my life and tell me what would be best for me to do

Ans: You don't have the wrong opinion of him—in fact you are much too lenient with this man. He isn't showing you the consideration due you and you would be rather foolish to let him continue to hurt you as he has been doing these past six months.

RJH—Do you think I should consider going with the same person I went with before my illness?

Ans: No—take the advice of a close friend of yours and you will be much better off.

LE—Will I make my grade this year and be on the honor roll?

Ans: You bet—if you continue to study as hard as you have done in the past.

RS—If I make the change of residence desire will it bring about the results that I wish it to?

Ans: Without a doubt. This month of October will prove an ideal season for you to make this change and you won't have any trouble whatever getting the job that you have been interested in in the city you have in mind.

GEJ—Is this man I am going with mean good and will I have any trouble with his wife?

Ans: Plenty of trouble if you continue to play around with her husband. It does seem to me any nineteen year old girl could find a nice single boy to go with instead of trying to break up a comparatively happy home.

BMS—I want to know if my mother will ever be well again?

Ans: There will be a change for the better in her condition in the immediate future although she will not be as strong as she was before her recent illness.

RC—I want to know if the boy I love care anything for me and should I continue with him or not?

Ans: He doesn't love you but will show you a good time if you wish to be friends with him. Both of you are too young to really know the meaning of love.

Huggins Book On Africa Wins Nat'l Acclaim

Students, Teachers, Doctors, Clergymen, Business Men, Public spirited citizens—all are finding INTRODUCTION TO AFRICAN CIVILIZATIONS, by Dr. Willis N. Huggins and John C. Jackson, a storehouse of knowledge on racial history.

The scope of the book, which gives the outline of history of Ancient Egypt, Nubia, Ethiopia, and South Africa, and latest current facts on the American Negro, Haiti, and the war between Italy and Ethiopia, gives the reader in one compact volume a source of inspirational knowledge which is bringing letters of commendation and new orders daily. The book is being sold in both America and Europe.

An interesting outline of a course on Negro history in the schools today, and a discussion of the word "Negro" are important and informing features of the current importance of the book.

The work is distributed by the Blyden Society, 1890, Seventh Avenue, New York City, an organization formed for research.
