BOXING TOURNEY WILL BE WELL ATTENDED

The next big event which will attract the attention of those interested in inter-collegiate athletics in this sector will be the CIAA Boxing Tournament at Petersburg, Va., (Va. State College) Friday and Saturday March 24th and 25th.

This event is becoming more and more important every year because every year finds one or two additional good teams entering the tournament competition. In the beginning this was more of an inter-school event because the interest was only among two or three schools in the Conference. Just two years ago there were only four schools represented at the tourney and last year the number increased to seven and with the interest that fans and college athletes have shown in boxing during the past year it is highly probable that there will be several new teams at the meeting next week.

A and T College in Greensboro is sending a squad for the first time this year and they are planning to show the others just how the fighting should be done, but from this point of vantage the newly organized Aggie Pugs won't have a chance against the veterans that will be there from Johnson C. Smith and North Carolina College.

From N. C. State there will be Izzy Allen, a heavyweight from Peoria, Illinois who won over everyone in the conference last year and won the N. C. State Golden Gloves title in the lightweight; and heavyweight divisions. There will be that superior lightweight ring general and fancy puncher—John Malloy who is not to be sneezed at; and Odell Daniels, another lightweight; as well as George Logan, that crouching left-hander of the welterweight class.

EAGLES REALLY FLY

The basketball season at N. C. College has come to a close and the fans of the Eagles join with coaches Burghardt and McLendon in the feeling of pride that they must have at the close of this, their most successful season.

Out of the 21 games the Eagles played this season they were victorious in 13 of them. In the conference they closed the season in 5th place with a total of 10 wins and 4 losses defeating such formidable quintas as A and T, Shaw, Howard, Bluefield, to say nothing of Saint Paul, St. Augustine and

Fayetteville. They lost close games to West Va. State and Kentucky State outside the conference.

The nucleus of the team this year was a group of freshmen and if they can beat the strongest teams in the CIAA as freshmen, there can be no doubt as to the success in conference competition next year and the years after.

Colbert and Downing, freshmen from Indiana, have really been the stars of the latter games of this season. Downing, who stands six ft. ten inches and plays guard, is beautiful to watch as he "lakes" his opponents shots out of the basket and shoots the apple to his running mate, Colbert Colbert, Center, who puts it in the basket through the execution of the old pivot play. This was especially brilliant in the games against Shaw, A and T, Smith and Howard.

Ennis, forward from Smithfield, Dick Mack from Karsars, and Peerman from Virginia, have also been brilliant in their first collegiate competition. At the end of the Howard game Colbert had accounted for a total of 176 points for the season and Ennis had 146, while Dick Mack totaled 103.

Influential sports writers who have followed Colbert's career this year have brought out the fact that he is line for conference recognition this year. There can be no doubt of this fact for he has made a record that any player anywhere should be proud of. He has been high point man in almost every game in which he played; his sportsmanship has been exceptional; he plays smoothly and calmly in spite of the keen competition that he has been pitted against and despite his inexperience in collegiate baseball.

HIGH SCHOOL TOURNEY

The high school, quintas of this section of North Carolina will be giving all that in their attempt to win the Eastern championship in the tournament which will be played in the North Carolina College gym Friday and Saturday, March 10 and 11, and on Monday night, March 13.

Monday night will see the victor of the eastern division take on the best team from the western section to determine the state championship.

While it is not probable that there will be a great deal of action in the morning games on Friday and Saturday, the fans may count on seeing some real action in the evening games, for there will be such teams as the Henderson Tigers, Hillside Hor-

EAGLES SWAMP SHAW

WORDS WITHOUT MUSIC

By LOUIS REID (Music Features & Photo Syndicate, N. Y.)

WHAT is the most popular song of all time? This department would nominate "Sweet Adeline" because more people sing it at a time than any other song in history.

Louis Reid

The radio singer, Holly Woodliffe, is preferable to any other type of vocalist for musical films. It's easy to explain. The radio singer has learned the knack of singing in a stationary position. He doesn't turn his back on the microphone, doesn't sidestep as he scurries.

In the old days Damrosch conducted about 100 symphony concerts a year to audiences that totalled by the time he called it a season, perhaps 250,000 persons.

One of the patriarchs of the American Society of Composers, Authors and Publishers, he now devotes his entire time to radio. And radio demands that he keep alert to the spirit of the times. He does not draw a forbidding classical cloak about him and sniff at the modern. He mixes the masters with those who are waiting for a nod from Toscanini.

The first college to establish a Department of Dance Rhythms will be the college to report the largest enrollment in the republic.

Jazz Displaces Football

Strange, that the drum-beaters of the campus continue to stress athletics. In the old days Damrosch conducted about 100 symphony concerts a year to audiences that totalled by the time he called it a season, perhaps 250,000 persons.

One of the patriarchs of the American Society of Composers, Authors and Publishers, he now devotes his entire time to radio. And radio demands that he keep alert to the spirit of the times. He does not draw a forbidding classical cloak about him and sniff at the modern. He mixes the masters with those who are waiting for a nod from Toscanini.

Explaining Music

Of all the regular maestros only two—the venerable Walter Damrosch and the puckish Leopold Stokowski—explain the music of their programs. The former has made his talks as welcome as his music. It is because he relies upon simplicity and charm. What Damrosch gives is essentially musical education, but he disguises it adroitly as "music appreciation."

There are those who profess to detect in his manner a patronizing note who would rather he would conduct and not converse. To the majority, however, his manner has something of the friendly, confidential quality of the old-fashioned country doctor. If at times there seems to be condescension it must be remembered that Damrosch is talking to people who, until a few years ago, were unfamiliar with the classics. There is something of the story-teller in his style. He gives anecdotes, little pieces of human

lyric supremacy as the best means of wooing the attention of the land. One good jazz-dance wins more attention in America today than a first-class football team.

Every legitimate means for making a dollar is taught today in the major universities except the art of jazzeroo. Doubtless the faculties do not regard jazzeroo as a legitimate means of making money. It doesn't seem to matter. The students look upon it as the easiest and quickest way at present to fame and fortune.

PHILOCRACY

(Continued from page five) fun being a first guesser. John Allen Pouchée and Julian Richardson, will vouch for that.

Philocratically, it's too bad that SOME matter can't be destroyed, for example, those people who call you up over the telephone and then ask, "I bet you don't know who this is?" as if this was the age of universal television.

over the victory that they jumped on Downing's neck and threw him down in the middle of the court. They also mobbed the coach. SWEET VICTORY! but after ten minutes' Howard caught up and let to the end of

Eagles Trounce Bears In Last Home Game

The North Carolina Eagles ended their home schedule in grand style Saturday night, March 4, when they trampled the Bears of Howard University by a count of 54-23 in the most spectacular game that has been played in the local gym in many a moon.

The breath-taking action of this game started with the beginning of the game. With Coach Burghardt using his tall team (not a man less than 6 ft. tall the Eagles closed a 12-6 lead in the opening minutes and it was necessary for Howard to call time out to get organized. From this point it was a nip-and-tuck affair and the half ended with the count 20 all.

The "short" team of Eagles saw action for about three minutes of this first half.

It was in the second frame that the combination of "Slim" (6 ft. 10 guard) and "Slim" Colbert, (6 ft. 5 center) began to click in grand style. Especially brilliant was the shooting of Colbert whose beautiful pivot play under the basket was too much for Howard and furnished plenty of thrills for the fans. The ten field goals which he sank during this half bought his total for the evening to 25.

Downing was spectacular in locally taking Howards shots out of the basket and he likewise accounted for 15 points to take second honors for the number of points scored.

"Big Train" Hutchins was all over the floor playing guard, and everyone who has seen him in action will testify that the heavy guard really played the game of his career in this his final game on the local court.

ROBESON TO LEAVE FILMS

LONDON, March 10. (CNA)—Paul Robeson, internationally famous actor and singer has broken with the commercial film industry.

Robeson this week indicated his intention to make independent and socially significant pictures. He said he would like to go to Soviet Russia to do a film with Edith Piaf, then return to Hollywood, to make, independently, a picture about Oliver Law, the Chicago Negro, who led leading a contingent of the

Defeats Bears In Final Game Of Season

BY "BILL" TUCK (SPORTS EDITOR) RALEIGH, March 7.—The CIAA Basketball curtain was rung down in grand style in Raleigh Tuesday night, when the flashy Eagles of North Carolina College ran through with the highly touted Shaw Bears by a count of 46-23. The Eagles were really at their peak in this game and the speed and power shown throughout was truly of the championship calibre.

There was a fast beginning to the second half with NCC keeping the same pace they had set in the first frame. Although the shooting of Green, Erick, and Marable was deadly accurate at times, their scoring was never a serious threat, and when the Eagles had almost doubled the score Shaw, apparently quite disconcerted, called time-out.

Ennis, NCC forward, was next to Colbert in the number of points for the evening, accounting for 12 points. Peerman was next with 8 points. Downing

out in order to pull themselves together when the count was 11-17. However, they were able to stop the determined onslaught of the Eagles who were out for revenge and the score board read 19-12 at halftime.

In GOOD WEATHER or BAD—

You're SAFER on NEW Firestone CHAMPION TIRES

The Only Tires Made With the NEW SAFETY-LOCK CORD BODY and GEAR-GRIP TREAD...

Stronger Cord Body—More Non-Skid Mileage

YOU'RE safer on any road in any weather when your car is equipped with new Firestone Champion Tires. They give you greater protection against blowouts, because of the exclusive Firestone Safety-Lock Cord Body and they give you greater protection against skidding because of the amazing new Firestone Gear-Grip Tread.

The sensational new Safety-Lock Cord Body is the result of a new and revolutionary means of locking greater safety into the cord body of the tires. This is accomplished first, by the use of a new type of tire cord called "Safety-Lock," in which the cotton fibers are more compactly interwoven to give greater strength. And then the fibers in each individual cord, the cords in each ply and the plies themselves are all securely locked together by a new and advanced Firestone process of Gum-Dipping, which provides amazingly greater strength—and greater strength means greater safety.

The new Safety-Lock cord construction gives added strength that makes possible the use of the new, thicker, tougher, deeper Firestone Gear-Grip Tread, which provides remarkably longer non-skid mileage. This sensational new tread is called "Gear-Grip" because of its unique design which has more than three thousand sharp-edged angles that

grip the road with a sure-footed hold to protect against skidding and to assure a safe stop. In good weather or bad, in winter or summer, you need all of this extra protection—and you need it NOW! Let us equip your car with a set of new Firestone Champion Tires—the only tires made that are safety-proved on the speedway for your protection on the highway.

Aggies Trample Howard Bisons By Score 47-39

BY ARCHIE HARGRAVES GREENSBORO, March 10.—Inman Breaux's Aggies turned back Howard's basketball sharpshooters after an exciting, close and hard fought game here last week 47-39.

It was the last home game of the current season for the Breauxmen and the last time that three members of the varsity squad, Al Lynch, "The Goon" Riddick, and Jimmie Mitchell, all seniors were seen in action on the hardwood by local spectators.

The Aggies started the scoring, going into a four point lead.

Philocratically, it's too bad that SOME matter can't be destroyed, for example, those people who call you up over the telephone and then ask, "I bet you don't know who this is?" as if this was the age of universal television.

over the victory that they jumped on Downing's neck and threw him down in the middle of the court. They also mobbed the coach. SWEET VICTORY! but after ten minutes' Howard caught up and let to the end of

the first period. A shift in forwards by Breaux sent the Aggie stock soaring upward again. Burt's Bison were not to be outdone, however, as fast cutting and brilliant mean while cross court passing soon tied the Aggies in another knot.

With ten minutes remaining in the last half, Riddick and Mitchell, co-captains got their heads together and decided to change offensive tactics. When this was done, the locals flashed much of their old form to sink basket after basket and leave the Bison utterly exhausted. From then on the Bison never saw their native plains again and the game ended, with the Aggies 8 points ahead.

The invaders showed a pretty attack, but found the scrapping and tenacity of the Aggie Bulldogs too much to handle. Jackson with 15 points led the Howard play.

Mitchell and "The Goon" Riddick were the works for A and T but they had brilliant aid from the other swan singer, Lynch, and Evans and Roan. Over 2,000 spectators saw the game.

NOTE TO OLD MEN:

Let's forget how hard we worked when we were young. WE THINK a man's entitled to a drink before he steps out in a silk hat.

Club Fiesta PRESENTS ZACK GREEN'S ORCHESTRA
