## NEWS AROUND DURHAM

Well folks, did you see all those streamlined automobiles and taxis driving down on North Carolina College Campus Friday night? The occasion was the grand ball which ended Mrs. Beattie Whitte's Junior Tennis Tournament and did they jam that gym? Both young and old were there to make it a swell affair—the affair of the season. And the Night Hawks really did "set the music ringing." How about it folks. You should have been there.

Brisbane Umstead spent the week end at his home in Rocky Mount.

Carl Beatty was the week end guest of Miss Juanita Hunter in Rocky Mount. Sylvester Bryant was also at home (in Rocky Mount) for the week end.

### QUARTETTES AND CHORUSES IN MUSICALS AT HILLSIDE

Sunday, August 6 at Hillside School the United Congregational Christian Church will sponsor a musical by choirs, choruses and quartettes from Greensboro, Creedmore, Wendell and Zebulon, N. C. along with local choruses. The Carolina Four and the Bright Moon Quartettes of this City—and others have been invited by the committee.

The program will begin at 2 p. m. in the main auditorium of Hillside School with B. J. Johnson of Wendell as director. Rev. T. J. Moore pastor of the United Congregational Christian Church cordially invites the public to attend.

## AS THE WHEEL TURNS

BY DAISY M. MAYO

**WHAT PRICE PARASITES?** Life today, it not only "real and earnest" but decided pain in the neck.

We're all worried and nagged and troubled and tense. We're always grateful to anyone who will make the things seem easier, people who will back up our alibi border up our flustering self esteem. Never in short, have parasites been so precious.

**SPEAKING OF NATURE** Nature has its own little way of getting you to perform as she wishes. She is an expert at giving you a spot of dope and you never suspect. When you are too slow about getting at her work she just gives you an extra shot of adrenalin. Then away you go. Your heart starts to pound, your vision clears, you feel physically stimulated and you decide you can lick the world.

You have felt this extra strength. You have acted in a way that surprises you when an emergency arises. You can leap out of danger, can lift a heavy load you can do things that you never dreamed you could do and you get a big kick out of doing them.

**KEEPING BUSY** Just keeping busy isn't enough. You must have somebody to keep you busy. Somebody to love, somebody to love you enough to go through anything in the world for you—and with you. Somebody who really cares what you do, somebody to depend upon—and somebody depend upon you.

### THE MEASUREMENT OF LIFE

Life should be measured by loss and not by gain, Not by the water of which you drink, but by the water of which you pour forth; Love's strength stands in love's sacrifice, He who suffers most has most to give.

## Mrs. E. H. Rush New Dean At Kings Mountain

KINGS MOUNTAIN, N. C.—Students and friends of Lincoln Academy are happy over the appointment of Mrs. Eleanor H. Rush as dean of Girls at this institution.

Mrs. Rush is the wife of the Rev. Charles F. Rush pastor of the First Congregational Church of Charlotte. She is a graduate of Straight College which was located in New Orleans, and now is a part of Dillard University. Additional study has been done by her at Chicago Seminary.

For five years Mrs. Rush served as Extension worker for the Congregational church Extension Society—working more directly in Georgia and the Carolinas. She is now a member of the Phyllis Wheatley Branch of the YWCA of Charlotte and is chair man of the Branch. Her position as President of the North Carolina Missionary Union gives her membership in the National President's organization. She is

also a member of the Prudential committee of the American Board of Foreign Missions.

also a member of the Prudential committee of the American Board of Foreign Missions.

Mrs. Rush has a winning personality a love for girls, great resourcefulness as a leader and an excellent experience for her new position. It is fully believed that the Girls' dormitory will be a very happy home for the adolescent youth.

### IN CALIFORNIA

L. J. Spaulding left the city last Tuesday for Los Angeles, California, where he will spend his vacation. Mr. Spaulding, local business and insurance man, expects to be out on the sun-kist coast for several months.

### RETURN FROM BEACH

John Melvin Turner and others have returned home after spending a few days at the beach.

Alexander Babes, accompanied by Miss Pearl Byrd motored to Norfolk Friday night July 28 where they spent a delightful weekend on the beach.

### ILL

Friends will regret to know that Miss Janet L. Williams of Pettigrew Street is ill in Lincoln Hospital. We hope for her a speedy recovery.

Mr. and Mrs. Charlie Little spent the past week end with their daughter, Mrs. Mary Laws.

The Larieuse Beauty Foundation was established by the Godfrey Manufacturing Company to study methods of preserving woman's natural beauty, and to make the results of this research available to the public.

Not only is this the bathing suit season but skirts are gradually getting shorter and shorter so that even if we shun the beaches our legs are subject to scrutiny. Judging from appearances, many of us think, as they did in the dark ages, that legs are limbs and should be kept well under cover. Unfortunately, however, they aren't kept under cover and what meets the eye, as a result, is sometimes hardly pleasing.

### Exercise Will Improve Legs

For the majority of us, exercise is the most important factor in leg beauty. One of the most effective exercises both for the girl with too heavy legs and the girl whose legs need building up is bicycling. Bicycling puts muscle where it belongs and takes off unsightly lumps of fat. It's good for the hips and stomach, too, and is an all-round healthful exercise. If you haven't a bicycle, however, and can't arrange to rent or borrow one, the same exercise can be taken by lying on your back and working your legs in bicycle fashion in the air. This isn't as much fun as actual bicycling but as far as correcting the figure goes, it serves the same purpose.

The skin on your legs, too, is important, whether you go in for shorts and swim suits or merely sheer stockings. Scrub your legs hard with a brush to stimulate the circulation and slough off dry,

fakey skin. If the skin is excessively dry, especially after exposure to the sun, a little cream rubbed into the skin and allowed to remain will help correct this condition.

**Hair on Legs Should Be Removed**

And then there's the matter of superfluous hair on the legs. Nothing detracts from the appearance of the legs more than unsightly hair. The way you remove the hair is a matter of personal preference, but the point is—remove it! There's always the simple razor, quick, easy to use and effective. Then there are the paste depilatories which seem to melt away the hair at first using. Or you can rub it off with emery-board-like contrivances. There is also a wax which removes the hair very effectively when used by professionals and by some few amateurs who are proficient at the art.

Remember that your legs are almost half of your body. Get to work on them at once. They can make or break the whole.

What are your beauty problems? Write Marie Downing, Larieuse Beauty Foundation, Room 321—319 North Fourth St., St. Louis, Mo., and she will be glad to answer them. Be sure to enclose a self-addressed stamped envelope.
