LMK—Do you think that I am doing the right thing to let my niece stay here in my home? I am terribly worried about this matter.

Ans: Your niece is NOT IN LOVE with your husband but if it makes you unhappy to see them carry on, arrange at once for her to get another place to stay. There is no need to keep anyone in your home if it has a tendency to make you unhappy, so stop this matter right where it is before trouble does arise between you and your husband.

SLW—I am thinking of taking a course of art at home and wonder if I will be successful in it?

Ans: The course would help you but you wouldn't have work after you completed the course. I favor your taking something that you could depend on as a future profession and I don't believe it will be art work.

GR—I am corresponding with a married man and I wish to know if he tells me the truth and will do anything to please me. Does he love me as he says and should I put all my confidence in him?

Ans: Be your age—you act like some thirteen year old girl instead of 26 years old. This married man will never mean anything to you and if you want to find yourself in a lot of trouble just continue on with him and you are bound to be made unhappy. Why don't you go with a single boy.

EK—What does my husband do with his money and where does he go and where are his shorts?

Ans: He left his shorts at the same place he left his hat and also where he leaves the larger portion of his money. You had better give him a piece of your mind and put a stop to his frolics around.

RCB—Do I stand a chance of getting this job at the club where I worked last winter? How can I find out?

Ans: You stand an excellent chance of getting back on there the first of October. You had better call the Manager go by to see him right away...let him know that you are waiting for your old job back.

HTS—I seem to be crazy in love with my lady friend and I wish to know how I stand with her?

Ans: This girl likes "ou..." but she isn't as much in love with you as you seem to be with her. You are mighty nice to her but I don't think that she appreciates you as much as she should. Don't let yourself fall too deeply in love until you feel more sure of her.

MEC—Will my daughter overcome the spells she is having and will she ever overcome them?

Ans: Her health is quite poor right now. If she were to get the best of medical treatment for a period of a few months, I feel that she will be well again. She is young, and should react to treatment rapidly.

GK—Please tell me if the man I have been keeping company with loves me?

Ans: Yes he does. He also would like for you to be his wife and is anxious for it to take place soon too.

Freed of Rape Charge

BY O. S. TAYLOR

KNOXVILLE, Tenn. (ANP)—The word of a white woman that a Negro and an ex-convict had attacked her cut no ice with Judge Mynatt, who Wednesday freed the alleged rapist when the case came before him.

The woman, who gave her name as Washington D. C. said late Sunday night she and a man of her own race were out walking when they were attacked by a big colored man on the Clinch avenue bridge. She said that at pistol point her assailant forced her to accompany him to a stop beneath the viaduct where she was raped. Her companion, meanwhile ran for help.

Fred Wade who had previously served a prison term for murder was arrested and identified as the culprit. But when the trial was held, Judge Mynatt listened to the testimony and said, "I do not believe there is a thing it. He dismissed the case and freed Wade.

'LYNCHED' NEGRO ALIVE IN GA.

Chas. Williams Reported Killed By Mob Is Alive

ATLANTA, (ANP)—Charley Williams, who was reported to have been lynched near Woodcliff, Screven county Ga. on March 11 is alive and at work in Savannah. When found by Detective Sergeant E. A. Fitzgerald on Thursday of last week Williams said, "I heard I was lynched but didn't pay any attention to it because I knew I was living." He also said that when he first heard the report he knew his mother would be worried, so wrote to tell her that he was "alive and working in Savannah."

Williams was reported to have been taken off a train near Ogechee by a group of white men and lynched "for having said something out of the way to a white woman." At the request of the Association of Southern Women for the Prevention of Lynching a thorough investigation of the case was made by the Rev. J. O. J. Taylor, pastor Grace Methodist church and Sergeant Fitzgerald south of Savannah.

After receiving Mr. Taylor's report which established the fact that Charley Williams had not been lynched, Mrs. W. A. Turner, chairman of the Georgia Council for the Prevention of Lynching sent the following letter to the members of that body:

On July 1, Tuskegee reported four lynchings for the first six months of 1934 one of these in Georgia. We had not heard of the Woodcliff lynching reported to have occurred March 11 but following our accustomed practice to find the facts and make them public, we first contacted the sheriff by phone and asked for the facts. We found that the Savannah Journal of March 12 carried a story of the lynching under the caption 'Mob Take Charley Williams Off Train Near Ogechee, Leaves Note on Dead Man's Chest. Victim Committed No Crime. Sheriff Giffin insisted no lynching took place.

Mrs. Ames, executive director of the Association of Southern Women for the Prevention of Lynching then asked the Rev. J. O. J. Taylor of Savannah (a member of the Georgia Interracial committee) to try to get some information on this lynching. He went to the job like a trained detective and to show his spirit I am quoting from his letter of July 12. Regardless of which way the case breaks, the public is entitled to know every fact connected with it. If such a lynching did occur and was suppressed, it is nothing short of the lowest form of crime and we will see that if it did not occur, then this area is entitled to vindication and will get it. But we are in the case with open minds and will see it through.

Mr. Taylor with the splendid cooperation of Mr. Parr, superintendent of the Ga. R. R. the Rev. R. L. Harris of Rocky Ford, Mr. Fitzgerald of detective bureau of Savannah Mr. Charleston city editor of the Savannah Morning News and others, proved no lynching took place. Several reliable witnesses stated that Charley Williams was a working man in Savannah. Finally, on August 3 Mr. Taylor and Mr. Fitzgerald found Charley who said I heard I was lynched but didn't pay any attention to it because I knew I was living. Mr. Taylor writes, Charley Williams seems to be a good type Negro. He told a good straight story.

We went into this investigation to find the truth. Frankly I feared the reported lynching might be true, but even so we wanted the facts known for only so can we build a public opinion which will not condone lynching. Needless to say, we are very grateful for the fact that Charley Williams is alive.

The original story announcing the lynching was carried in the March 12 issue of the Savannah Journal, edited by Davis Lee, along with an editorial. A second story appeared the following week.

Dr. G. W. Bowles Delivers Speech at Medics Meet

NEW YORK, (ANP)—On Tuesday August 15 before a joint session of the National Medical association here, Dr. George W. Bowles, York Pa. NMA president delivered his annual address in which he reviewed events of the past year affecting the nation's Negro physicians dentists and pharmacists.

As was expected Dr. Bowles stressed the implications of the Wagner National Health act as pertaining to Negro physicians and their patients and paid tribute to the NMA special committee (Dr. Roscoe C. Grier, chairman, Dr. Carl G. Roberts and Dr. Clarence H. Payne all of Chicago) for its splendid work on behalf of NMA. Among other things, he cited the responsibility of the white American Medical association in securing just and equitable recognition for the Negro professionals of America.

President Bowles said in part: "Organized medicine has raised the minimum standards of education or of competence. The American Medical association has worked untiringly to raise the minimum requirements. Low grade medical schools are passe, the competency of a graduate of an American medical school need no longer be questioned; the AMA has consistently fought and opposed quackery; it has exposed the nonsense of healing cults; it has held high the principle of medical ethics and the sacredness of the Hippocratic oath. It has projected a practical program of health education.

Through laboratory experimentation it has established the values of new remedies and it has encouraged medical research. Regardless of the imperfections of organized medicine, it has done all this and yet there are certain inequities, proscriptions and discriminations perpetrated against the American Negro on

the cognate professions that are definitely the responsibility of the American Medical Association.
