THE HEART OF GOD: We have known and believed the love that God bath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him .-1 John 4-16.

NO DISCRIMINATION?

The recent announcement of Assistant Secretary of Commerce David K. Niles that there will be no racial discrimination of applicants for jobs with the Census Bureau is worthy of only conservative commendation on the part of Negro leaders in America.

Just how well the Census Bureau will be able to carry out the "no discrimination" edict remains yet to be seen.

We think it is one thing for the heads -of our government department in Washington to make such declarations, and, another thing for them to carry them out locally. Too often we have seen rich legacy from all the past but rank racial discrimination practiced in federal projects and departments of various cities without any action being taken on the part of federal authorities to curb them. Hence we cannot attach very much significance to the statement of Assistant Secretary Niles that there will be no racial discrimination in the Cenaus

Unless the federal government can take the Census jobs entirely out of the hands of local political bigots there will be racial dis crimination the same as is found in the army, navy, post offices; relief agencies and other federal projects. Assistant Secretary Niles cannot eleminate discrimination by merely declaring that there will be none. Instead it is going to take drastic and definite action to destroy the practice of southern states to keep Negroes from getting well paying employment.

This newspaper is too well acquainted with southern resourceful- times overbearing in its claim to the battle fields of Europe and all Americans, white and black. ness in keeping Negroes from federal employment to hang out the greatness! victory sign merely because there has been a declarction of war We would rather "see a sermon" than to hear one.

SOUTHERN "STATESMEN"

Steed Rollins, editor of the "Book Page" in the Durham Herald-Sun of last Sunday, reviews the book, "Dixie Demagogues" by Allan Michie and Frank Rhylick. We have not read the book but according to Mr. Rollins it discloses the fact that the South today is producing no statesmen worthy of the name.

While such a declaration may cause somewhat of a stir, and maybe resentment, in semi-intelligent circles of white people, it will be no revelation to the most unintelligent Negro.

The south cannot feed white children on lynching, mob violence, discrimination in the allotment of public funds and other products of race hatred and expect its children to make great statesmen.

as Huey Long, Theodore Bilbo, John Nance Garner; Bob Reynolds; Josiah Bailey, Carter Glass, William Byrd; Cotton Ed Smith; Gene Talmadge and other so-called southern statesmen, the average American Negro has known all his life.
