## Merry Christmas

At this time of the year, when practically the entire world is engulfed in war and bloodshed, the Yuletide Season holds a profound spiritual significance for the people of America. Peace, Good will, and human kindness still reign in this great nation.

For our institution, the year about to close has been one of unusual success. Thousands of new policyholders have joined the "Mutual" family, marked improvement has been registered in all phases of operation, and the company's resources, the life blood of the institution, have reached the highest peak in its history. We recognize the fact that the loyalty and good will of our policyholders, co-workers, and friends have made possible this progress. To them we acknowledge a debt of gratitude.

In this spirit, may we express the wish that health and happiness be your companions this Christmastide, and may prosperity and good cheer attend you during the years to follow.
