Mangum, of Stateville.

Dr. Miles Mark Fisher was introduced by Dr. Sharpe, president of the local Negro Democratic organization. Dr. Fisher stressed good citizenship and interracial cooperation. Judge York spoke on good citizenship.

A platform was adopted calling for greater political, educational and business opportunities for Negroes in North Carolina, and a closer co-operation between all citizens, Negro and white, of North Carolina for greater democracy. Mr. Watkins was featured speaker of the afternoon session.

The platform included 10 points—the perfection of all county units; collection of assessments from county units; oversee and advocate all welfare designed to advance the welfare of Negroes in North Carolina; work for the establishment of a home for delinquent Negro girls; work for the establishment of training for domestic women; work for appointment of Negroes in higher class position in North Carolina; work for creation of a permanent welfare commission for Negroes and a sufficient appropriation for its expense and operation; work for the appointment of Negroes on boards of education, and work for the equalization of salaries of Negro teachers in the state with the economic trend of the present time.

services of Gov. Clyde R. Hoey. He pledged the Negro Democrats service and support to the new deal and urged its continuance.

Free Education Lauded
Advancement of agriculture, and of free education of the youth "regardless of the cost" were pointed out as fundamentals of the government. He condemned the existence of lynching.

"We as a nation," he said, sincerely believe that we shall be kept out of the present conflict and that we shall not become entangled nor involved unless the honor and dignity of this nation and the safety and welfare of its people are jeopardized."

ter from the International Brotherhood of Teamsters and Helpers, local No. 727, affiliated with the American Federation of Labor.

According to Euclid Taylor, counsel for the United Taxicab Owners, who own the cabs rented by Chauffeurs, this action was taken after the owners refused to deal with the CIO because its leaders are "reds and communists." The owners were asked to sign a closed shop agreement after the proposed AF of L contract was done, Taylor said.

Colored America Much In Evidence At GOP Confab

PHILADELPHIA, — Colored America was much in evidence at the Republican National Convention.

When the Convention was called to order, first session, Clyde Barrie, well known baritone, sang "America"; Dr. John A. Gregg one of the Convention Chaplains, offered prayer at the Tuesday evening session; Sidney Davis of New York was the Convention's favorite reaching clerk, and had the honor of calling the Roll of States on the sixth Ballot, when Wendell L. Wilkie was nominated; four Bishops, John A. Gregg and David H. Sims of the AME Church, and Wallace and Brown of the AME Zion Church sat on the platform as honored guests of the Convention, while Bishop Lorenzo H. King, just elevated to the Episcopate by the Methodist Episcopal Church sat as a delegate from the 21st Congressional District with the New York Delegation.

Also, some 75 Colored men and women sat as delegates on the floor of the Convention with Perry W. Howard and Mrs. Mary C. Boose as National Committeeman and Committeewoman.

the race, business and professional men and women, editors, ministers, and others, were present as spectators and as participants in important conferences of the delegations of their States.

Colored editors and news gatherers and photographers were sprinkled among the hundreds who reported and photographed the proceedings of the Convention.

Mr. Pryor, only 42 years of age was the Convention Manager for Wendell L. Wilkie the nominee of the Convention for President of the United States.

Their efforts were rewarded with the most satisfactory and inclusive expression which has appeared in a Republican Platform for 30 years. This plank follows:

"We pledge that our American citizens of Negro descent shall be given a Square Deal in the economic and political life of this nation."

"Discrimination in the Civil Service, the Army, Navy, and all other branches of the Government must cease.

"To enjoy the full benefits of life, liberty and pursuit of happiness universal suffrage must be made effective for the Negro citizens."

"Mob violence shocks the conscience of the nation and legislation to curb this evil must be enacted."

Other planks of direct interest and concern to Colored citizens are the following:

Reemployment
"The New Deal's failure to solve the problem of unemployment and revive opportunity for our youth presents a major

challenge to representative government and free enterprise. We propose to recreate opportunity for the youth of America and put our idle millions back to work in private industry, business and agriculture. We propose to eliminate needless administrative restrictions, thus restoring lost motion to the wheels of individual enterprise."

Relief
"We shall remove waste, discrimination, and politics from relief through administration by the States with Federal grants in aid on a fair and non political basis, thus giving the man and woman on relief a large share of the funds appropriated."

"We favor the extension of old age benefits on an earmarked pay as you go basis to the extent that the revenues raised for this purpose will permit. For such group as may thus be covered we favor a system of unemployment compensation with experience rating positions, aimed at protecting the worker in the regularity of his employment the funds appropriated."

Pageant To Be Presented At Hillside Pool
BY WILLIAM A. TUCK (Sports Editor)
DURHAM — The second annual National Red Cross Aquatic school for Negroes opened here Monday, July 1, for a ten day course which will end July 10. Sixty seven students from as far West as Wichita, Kansas and Ohio are enrolled in the school and classes are held at the North Carolina College as well as at the Hillside park swimming pool and at Whispering Pines camp.

Classes in first aid are held from 8 until 10 o'clock each morning at the College; from 10 until 12 instruction in water safety takes place at the Hillside Pool and from 2 until 6 p. m. the instruction at the pool deals with recreational swimming and diving. Siminars, discussion or movies begin in Avery Auditorium of N. C. Collee at 8 each evening. On Sunday the students of the aquatic school will hold their own vesper services at the college. The students

them off without giving them a say.
"The Negro's first loyalty is to freedom and opportunity and not to those who discriminate against us even in the armed forces of the the country," declared Mrs. William Henry Hittie, whose husband heads the National Legal Committee of the NAACP, amidst thunderous applause. "I am not a communist but those ships which are sinking on the seas belong to the capitalistic corporations and not to the people."

A criticism of President Roosevelt for failure to speak out opening for passage of the anti lynching bill was vigorously applauded at the closing session of the conference. At that session, too, a spirited anti war fight was put up against NAACP officials who succeeded in an earlier session in defeating the resolution against conscription adopted by the Youth section.

Walker White, National Secretary of the NAACP, referring to the Association's fight for the anti lynching measure, said: "The present occupant of the White House has disappointed us by his failure to espouse openly and vigorously the passage of the anti lynching bill."

It was the first time during the 6 day convention that an NAACP official had discussed the plight of the anti lynching bill, and followed by the many delegates' speeches indicating a desire to press harder for Negro rights.

will go to camp Whispering Pines on July 4th and 7th for instruction in diving canoeing, boating, and surf boarding.
R. S. Eaton of the National Red Cross Staff, Washington is in direct charge of the school which is being held in Durham for the second time, having had its beginning here last year. With fourteen faculty members taken from the National Red Cross staff emphasis is placed on leadership in various programs since there is crying need for Negro leaders at beaches, pools, etc. As a result of the excellent job that last year's aquatic school students did at organizing an leading beach, pool programs Mr. Eaton stated that the city and government funds have made available for Negroes an increased number of swimming facilities throughout the country.
