dozen gals like the one he's been slipping around with.

HC—I sure would like to know how a certin letter concerning me go to my husband?

Ans:—A friend of yours or a person who claims to be a friend to you saw to it that your husband received this "piece of news." You will have the whole story in a few more weeks. Don't make trouble for the person just forget it, as your husband wasn't small enough to take the note seriously.

IJ—Does the boy I go with intend to marry me in 1941 or is he just stringing me along? Have been going with him for quite a while and says he would marry me in a minute if it wasn't for his mother but you see she doesn't like me. What is ahead for me?

A n s:—Disappointment if you continue to go with this boys for another FOUR YEARS. He's putting you off on purpose—his mother doesn't even enter into the picture. He wouldn't care if she did or did not like you if he was in love with you—but you see he isn't and he must have some w to ick out of the bargain. You've been dropped like a piece of lead.

Aug 26.—I have been on this one job for 6 years and I wonder if I could better myself—any by quitting?

Ans:—No, of course you can't Stiek right on the job you have until you have been successful in making another contacts. It's indicated to me that around the 15th of February you will be working on another job—you will get the job thru an agency.

WJJ—I read your column and I think it helpful. I am 26 years old and married, but my husband left last summer and I haven't heard from him since. I met another man who is 46 years old and he seems much in love with me and wants to marry me says I will have to get a divorce first. Should I do this?

Ans:—It will be necessary for you to get a divorce before you can marry the gentleman. Your first husband deserted you and you have grounds for divorce. I

honestly feel this man you are going with now will make you a very lovable companion and feel you would be using good judgment to marry him.

New York, Jan. 16.—Negroes of America will play a larger part in the 1941 "Fight Infantile Paralysis" campaign than ever before Keith Morgan, national chairman of the Committee for the Celebration of the President's Birthday announced this week.

In several of the larger cities—parties and celebrations have been arranged for January 30, President Roosevelt's 59th birthday, and also on the Saturday night preceding January 25.

Bill Robinson, famous tap dancer, and stage and radio star, is chairman of a grand ball to be held in Harlem in this city.

During the past year, polio struck many states with epidemics, and the total number of cases was 10,000. While the South, except for scattered sections, was spared by the crippling invader, central and northern states were not so fortunate and many cases of infantile paralysis are reported among the Negro population. States registering an unusual number of cases included: West Virginia, Indiana, Ohio, Michigan, Illinois, Kentucky, Kansas, Oklahoma, Louisiana, Missouri and Virginia.

L. E. Garris, prominent Fayetteville business man and civic leader will head the drive for funds in this city, while attorney A. Avery Jones will head the movement in Forsyth county. Negroes all over North Carolina are manifesting a keen interest in the campaign.

regards school and work. At such time the administration is willing to confer with representatives designated by the student body to reopen this matter.

An answer to this communication is requested by 5:00 p. m. today.

Very truly yours,
The Executive Council
F. D. Patterson
President

The strike leaders refused to accept this offer of arbitration unless President Patterson sign a statement promising that no investigation would be made, and that no student would be suspended for his activities in connection with it. President Patterson refused to sign such a statement on the grounds that the strike was a flagrant violation of the rules of Tuskegee Institute, and therefore no commitment not to punish those responsible could be given.

On Thursday the strike was taking on certain aspects of violence because of the efforts of the strike leaders to keep the students from classes, the Dining Hall, and work. Thursday morning the following additional statement was issued to the students by the Executive Council:

To the Student Council:

In view of the present situation existing among members of the student body in that they declare themselves to be on strike, the Southern Trustees and the Executive Council of Tuskegee Institute hereby advise that all such students absent from assigned duty either school or work after 7:00 a. m., Friday, January 17, 1941, will be automatically suspended from Tuskegee Institute.

Suspended students are required to leave the grounds of the Institute at once. Those not doing so without good and sufficient reasons will be regarded as trespassers and subject to ejection by civil authorities. Damage to Tuskegee Institute property will be similarly treated as an infraction of the law.

It is our sincere hope that the good judgment which has characterized Tuskegee students in the past will make the drastic measures described above unnecessary.

Very truly yours,
Executive Council
F. D. Patterson, President.

Thursday afternoon, a group of students prevented the truck of a commercial company from making a delivery to the Dining Hall. The driver of the truck summoned officers of the State Highway Patrol, and made his delivery under their protection.

NINETY-THREE THOUSAND KILLED

Few of us realize that during the year 1939, NINE-THREE THOUSAND people met death from accidents in America . . . one person every five and one-half minutes, eleven persons every hour, two hundred and sixty each day, eighteen hundred each week.

Sixty-two per cent of all fatal accidents fall under two headings . . . motor vehicles 34% and falls 28%. With the holiday season approaching, travel will be in full swing. What would be the picture in your home should you be one of the victims?

Insurance will not bring back a loved one, but there is satisfaction in the thought that the future of those left behind is financially secure. Can you afford to gamble with a need so vital?
