**LIVINGSTONE COLLEGE**

The above photo is a birds-eye view of the Livingstone College campus. The many beautiful buildings and beautiful shrubbery go to make up school grounds that are a far cry from what was found when the college was started by J. C. Price in 1879.

**Well Worth It**  
Dr. Milbank: "Has your son's education been of any value?"  
Patient: "Oh yes, it cured his mother of ragging about him."

**The Truth**  
Mr. Smith: "Your wife used to be so nervous, now she doesn't seem to show a sign of it. What did you do for her?"  
Mr. Brown: "That was easy, he asked me about it, and I suggested that he tell her that her nervousness was a sign of advancing age."

"Doctor, my husband is troubled with a buzzing noise in his ears."  
"Better have him go to the seashore for a month."  
"But he can't get away."  
"Then you go."

The ability to speak several languages is an asset, but to be able to keep your mouth shut in one language is priceless.

**Eye Catcher**  
Mrs. Brown took her husband to a mannequin parade. An evening gown worn by an extremely pretty model attracted her attention.  
"That would look nice at our party next Saturday," she said, hoping her husband would buy it for her.  
"Yes," agreed Mr. Brown.  
"Why not invite her?"

**With All Sincerity**  
Teacher: "Now, Tommy, suppose a man gave you \$100 to keep for him and then died, what would you do? Would you pray for him?"

AS EDUCATION improves the Mental Standards Of Life  
So . . . ELECTRICITY has played an important part in  
the physical development of our community . . .
