"HEALTH BENEFACITOR'S MEET"

Some of the nation's best known hospital and health leaders who last week attended the sixth annual conference of the National Conference of Hospital Administrators held at Flint - Goodrich hospital, New Orleans. Hospital nursing executives also were present and formed a national conference to meet annually with the administrators. President of the hospital administrators is Albert W. Dent, superintendent of Flint - Goodrich, standing in exact center of doorway. The 1942 conference will be held at Provident hospital, Chicago, whose medical director, Dr. John W. Lawlah, is secretary-treasurer of the national group.—(ANP)

27th OBSERVANCE OF NATIONAL NEGRO HEALTH WEEK

In these turbulent days of strife and of rapid defense preparation, the safeguarding and improvement of public health is just as important to our national defense as the rapid production of war. The military might of any country is based, in part, upon the relative physical well being of its armed forces and civilian population. In view of these facts, the annual Health Week Program, sponsored by the National Negro Health Week Comm. of The United States Public Health Service, takes on an added significance.

This year's observance, the 27th., Mar. 30-April 6, will have as its special objective "Personal Hygiene and First Aid Preparation." The daily program outlined by the National Negro Health Week Committee:

Sunday	Mobilization Day
Monday	Home Health Day
Tuesday	Community Sanitation Day
Wednesday	Special Campaign Day
Thursday	Adults' Health Day
Friday	School Health & Safety Day
Saturday	General Clean-Up Day
Sunday	Report and Follow-Up Day

As usual, a Health Week Poster Contest will be a feature of the program. This contest is open to schools throughout the country of elementary or high school standing. Other schools and cooperating agencies may enter complimentary posters; however, they will not be judged in the regular contest. Schools desirous of entering the contest must make formal application to the National Negro Health Week Committee, United States Public Health Service, Washington, D. C., not later than March 30th.
