Cab Calloway Creates New Policy In Boston Theatre

BOSTON, Mass. — Cab Calloway, his orchestra and his Cotton Club Revue were booked into the RKO Boston Theatre, here last week for a seven day engagement. The booking was in the nature of an experiment. In the last couple of years the house has been operating on an four day a week vaudeville policy and three days of straight pictures. The management scheduled Cab for a full week, coupling him with a film. If business held up, they reason that the house would revert to its old policy.

Calloway opened on Thursday in the face of an old fashioned New England snow storm. The snow continued unabated through Sunday a. m., but up for the Sabbath and then continued on Tuesday and Wednesday, piling eight inches on streets and completely obliterating suburban roads. Despite bad weather breaks, the Calloway unit, which perhaps plays more weeks of theatres than any other "flesh" revue, piled up the amazing gross of \$14,000 for the seven days. "Variety" the theatrical trade paper had the following to say in its issue this week: "Very flashy \$14,000 indicated, second best gross this week in the Hub first run sector and nearly twice what the house does on dual film policy. Bulk of 21, 22, according to a statement credit goes strictly to Calloway, by Coach A. W. Mumford.

Five other teams besides Southern are to participate, which will bring together under the same roof, six of the nation's best quintets. Heading the six will be Xavier university and North Carolina State, two teams whom experts have already picked for high honors. Potentially, the Cats have a well balanced team, and if they have their eyes on the hoop as they have shown in previous games, they might surprise those experts. The Southern Cats represent a team which has scored 1205 points in 24 games, while holding opponents to 988. They have five men, namely: Taylor, 294 points; Byron 210 points; Marcelle, 190; Brown 172; and Burns, 92 who have wreaked havoc with opponents all season with uncanny ability to find the range.
