America Must "Fight For All" Says NAACP

Houston, Tex. — Either America must believe in and fight for the high principle of "all men" to be free and participate in a democracy, or she must renounce her ideals and admit Hitler is right.

This was the declaration of Herbert Agar, editor of the Louisville, Ky., Courier Journal in his address opening the 32nd annual conference of the National Association for the Advancement of Colored People here tonight. Mr. Agar, who is also national chairman of Fight for Freedom, Inc., with headquarters in New York, was scheduled to speak on the franchise and the Negro, but broadened his speech to include the great creed of true Americanism, embracing all citizens.

The keynote address for the NAACP was delivered tonight by Rosecoe Dunjee, editor of the Oklahoma City Black Dispatch. Mr. Dunjee, also a member of the national board of directors of the association, re-asserted the challenge of the NAACP to American democracy and demanded full citizenship status for Negro citizens in all phases of America life. He recounted the successful work of the association in several fields and served notice that in these times of stress the cause of the Negro, which he declared was identical with the cause of democracy, would be pressed unrelentingly by the NAACP.

Welcome addresses were given by Mrs. Ora Lee Terry for the (Please turn to Page Two)

NAACP Blasts Mitchell For The Byrnes Endorsement

New York — A barrage of criticism is aimed at Congressman Arthur W. Mitchell of Illinois this week for the letter he wrote to President Roosevelt endorsing Senator James F. Byrnes of South Carolina for a vacancy in the Supreme Court.

Mitchell had read into the Congressional Record of June 13 his letter to the President, in which he praised Byrnes highly, with Byrnes' reply which began "Dear Mitchell," ignoring the ordinary courtesy of the usual Congressional salutation, "My dear Congressman," or "My dear Mr. Mitchell," or even "Dear Mr. Mitchell."

The NAACP, which has long fought Byrnes for his unsavory record on race and labor questions, stated that Mitchell betrayed his constituency and the Negro people of America in even considering endorsement of a man who has shown at every point his determination not to extend political, social or economic equality to the Negro. A letter like Mitchell's, the NAACP said takes us back to Uncle Tom days.

In the exchange of compliments, Byrnes took pains to point out that the Mitchell letter was "unsolicited" perhaps in an effort to (Please turn to Page Two)
