

ADMINISTRATOR'S NOTICE

Having qualified as the Administrator of the estate of John Shipman, deceased late of Durham County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned at Crystal Barber Shop, Fayetteville Street, Durham, N. C. on or before the 6th day of December, 1942, or this notice will be pleaded in bar of their recovery.

All persons indebted to said estate will please make immediate settlement.

This the 11th day of December, 1941.

Mrs. Carrie Shipman, Administratrix of John Shipman, deceased.

C. O. Pearson, Attorney.

EXECUTRIX NOTICE

North Carolina, Durham County.

Having qualified as Executrix of the estate of Charlie Herndon, deceased, late of Durham County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned at 121 South Mangum Street, Durham, North Carolina, on or before the 20th day of October, 1942, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please

make immediate payment. This 20th day of October, 1941 MRS. JULIA HARNDON, Executrix of Estate of Charlie Herndon, Deceased. C. J. GATES, Attorney.

NOTICE FOR SALE OF LAND NORTH CAROLINA: DURHAM COUNTY:

Under and by virtue of a power of sale contained in a certain Deed of Trust executed by Eulie Richmond and wife Amey Richmond to J. J. Henderson, Trustee For Mechanics and Farmers Bank, dated June 30, 1941 and duly recorded in the Office of the Register of Deeds in Book of Mortgages 206, Page 522; default having been made in payment of the indebtedness as therein provided, and having been requested by the holder of said note.

The undersigned trustee will offer for sale to the highest bidder for cash at the Court House Door 12:00 o'clock noon on Monday January 12, 1942 the following described property to wit:

Known as Lot No. 98 as shown on plat of Clements Land Company in the subdivision of their Hickstons Property. Said plat recorded in Plat Book No. 2, on page 44, in the Office of the Register of Deeds of Durham County. Lot No. 98 fronts 77.5 feet on the West side of Shirley Street and extends back

along the South side of Sycle Street some 122 feet, and same being a three cornered or triangular lot. For a more accurate description, reference is hereby made to said Plat. See deed from Clements Land Company to A. W. Wagner, dated April 22, 1911 and recorded in Durham County.

This property is being sold at the request of the holder of the said note. The said sale will remain open for ten days to receive increased bids as is required by Law.

This the 10th day of December 1941.

J. J. Henderson, Trustee

C. O. Pearson, Counselor at Law.

American Prejudice In British West Indies Says Sailor

Trinidad, B. W. I. (NNS). — American prejudice has crossed the Caribbean. According to a sailor on the Alcea Steamship Line, Negroes are being refused service in the American canteen at Port-of-Spain.

There are three such canteens in the island; one private, one British and the other American. While neither the British nor the private canteen discriminates, the American canteen refused the sailor on account of his color.

Seeing the sign "For Americans Only" posted before the U. S. canteen, the sailor said he and his companions approached the building only to be stopped by two guards who asked for a show of passports. On presenting the proper papers to identify their American status, they were then told that they could not be served there. When the sailors insisted on being served they were threatened with bodily harm.

Waste In The Midst Of Want Is Flour Thrown In Sea

Kingston, Jamaica, (NNS). — It was admitted here that large quantities of flour are periodically thrown into the sea by direction of the Food Inspector of the Municipal Service of Kingston. The flour consists of sweepings from freight houses attached to wharves. Other grain stocks such as rice, whole wheat, etc., are similarly destroyed. That the grain is wholesome and usable is not denied, but since it would entail payment of customs duty to bring it through the wharf gates, the authorities have decided it would be cheaper to have it dumped in the sea. This waste stands out sharply amid the poverty and dire malnutrition prevalent throughout the city and the island.

Fall Of Gondar Marks Collapse Of Italian Resistance In Ethiopia

Nairobi, Kenya, (NNS). — The last bulwark of Italian military power in East Africa collapsed with the fall of Gondar, sole remaining fascist stronghold in the Lake Tana region of northwestern Ethiopia last Friday. It marked the end of Italian resistance and the return of Haile Selassie to the seat of at least nominal authority over the whole of his former empire of 350,000 square miles and 10,000,000 inhabitants.

The Gondar garrison surrendered after a hard double-pronged attack, British East African headquarters declared. The garrison was believed to exceed 10,000 men, at least half of them Italians.

Cryptic British communiques on the fighting and capitulation of the fortress did not give complete details, but indicated that the brunt of the British fighting was borne by native troops, composed of Sudanese, West African and Indian units. British, South African and a small Free French detachment also took part in the Gondar campaign.

been tied up in Ethiopia for use in North Africa.

Nation-Wide Move to Designate Feb. 1st as "Abolition Holiday"

Philadelphia, Pa., (NNS). — A nation-wide movement seeking proclamation of Feb. 1 as a national holiday for the Negro population in commemoration of the signing of the Thirteenth Amendment abolishing slavery, has been organized here. Maj. R. R. Wright, president of the Philadelphia Citizens and Southern Bank said that a committee of fifty persons from all over the country had formulated such a proposal which would shortly be presented to Congress.

Interboro News Co. To Employ Negroes In Its Harlem Area

The Greater N. Y. Coordinating Committee, Dr. Adam Clayton Powell, Jr., Councilman of the City of New York, chairman, announced that effective as of December 1 the Interboro News Co. will employ Negroes in its Harlem area. The first stand to go entirely colored is now in the process of being set up at the 125 St. Independent Subway Station. This stand, one of the best in New York operates on a twenty-four hour basis. It is under the management of John Perry of 64 W. 130 St. and includes on its staff: James Brown, 121 W. 138, Leroy Worrell, 111 W. 159.

Dr. Powell was approached directly by Mr. Herbert Meyer, vice-president of the Interboro News Co., whose offices are at 525 W. 52 St. Mr. Meyer after arranging an appointment with Dr. Powell expressed to him and to Dr. Powell's secretary, Mr. Joseph E. Ford, that it was only right that Negroes should share in job opportunities in New York. It was with this in mind that the company had decided to take on Negroes in all of its Harlem area.

Mr. Meyer suggested that in time Negroes might be given opportunities in other stations outside of Harlem. Details of the arrangement were worked out by Mr. Joseph E. Ford and Mr. Ralph Higzer, Director of Personnel of Interboro News Co. The Interboro News Co. has the contract for all the newsstands in all the subway stations of the system operated by New York City. The particular territories opened up for opportunities for Negro workers will include stations at 110, 116, 125, 135, 145 and 155 Sts. This system is completely unionized. The United Periodical Employees Union Local 809, C. I. O., is accepting the Negro workers for membership as rapidly as they are being hired by the Interboro News Company.

Dr. Powell in a statement released to the press on Tuesday, December 2 stated, "It is actions like this on the part of Mr. Herbert Meyer and those he represents the Interboro News Co. which makes democracy real. If other employers had the same idea of democracy as the officials have shown there would be a rapid disappearance of the many economic conditions that now cause the so-called 'crime wave'." Continuing, Dr. Powell stated, "The Greater N. Y. Coordinating Committee over the past four years through conferences with representatives of Loret's drug stores, Consolidated Edison, N. Y. Telephone Co., N. Y. City Omnibus Corp., Phillin Morris Cigarettes, Hoffman and Canada Dry Beverage Co. and many other small businesses, has so increased the job opportunities of Negro in N. Y. City to date that the annual income secured by its efforts is close to \$1,000,000 per year."

The Greater N. Y. Coordinating Committee for Employment is cooperating closely with the recently formed People's Committee which is to serve as the backbone of Dr. Powell's program as the first Negro Councilman of the City of New York.

MINOR WINS — Winston-Salem, — (CP) — Edward Johnson was awarded \$100 by a Forsyth County Superior Court jury in his suit against C. C. Disher individually and the Disher

Chevrolet Company here last week. The verdict was for \$101.50, but was compromised at the even figure.

Johnson's suit, brought by F. Gaither Jenkins, "next door friend", charged that Disher wrongfully seized and kept from Johnson an automobile in which he had an equity.

More Than One-Third Of U. S. Farms Electrified

Nearly 1,400,000 of the nation's farms have substituted electric lights for the traditional oil lamp in the past 6-12 years, according to a report today by the United States Department of Agriculture. This brings the total to more than 2,000,000 electrified farms out of a total of over 6,000,000 farms in the nation.

This report, prepared by the Rural Electrification Administration, is compiled from various sources, including the REA estimate of un-electrified farms required to be made each year under the terms of the R. E. Act of 1936.

The actual number of farms receiving central station electric service is 48 as the game ended.

Duffield Stars — There were many dramatic moments in the game, but the unsung Duffield's two runs, the 47-yard gallop, which set up the Wolverine score, and a 19-yard skip on the same play, where Morris Brown's best offerings—Moddy's scoring notwithstanding.

The North Carolina State line was the big factor in the Eagles' play, the forwards from end to end playing spirited, crafty ball and refusing to be outsmarted by the Wolverine eleven. George Meek at center; Tackles Gaines and Red Davis, and Ends Moore and Bunny Rich were the standouts, but it is difficult to credit any single individual with the brilliant display of line maneuvering. It was

a smartly coached crew that played determined ball.

Eagle Line Landed

Working behind the fast charging forward wall, all the backs showed to advantage with Coach Burghardt shifting them in and out to meet the needs of the movement. The Eagles' secondary defense was alright, too, completely throttling Morris Brown's aerial attack and missing out only once and that on Duffield's yard-eating run.

Wysinger, Bill Griffin, at guard, and Turpin, end, looked best on the Purple line, while Moody abared backfield honors with Duffield, vice, from private power companies, REA systems and all other sources as of June 30, 1941, is 2,126,150, according to the REA estimate, as against 743,954 on January 1, 1935, the year in which REA was established. Today, 34.9 percent of the Nation's farms are electrified. In 1935, only 10.9 percent had such service.

New Jersey ranks first among the states in percentage of rural electrification of approximately 25,000 farms in the State, 92.0 percent were receiving central station electric service on June 30, 1941. This is an increase of 4,838 farms since January 1, 1935, at which time the State had 51.6 percent farm electrification and ranked fourth.

Mississippi, with an 1149.1 percent step-up, holds first place in rate of increase in farms served. Of the 311,683 farms in the State on January 1, 1935, only 2,802, or 0.9 percent, were receiving electric service from central stations, but by this year the number had increased to 35,000 or 12.0 percent. Even with that gain, Mississippi ranks only 45th among the states in percentage of electrified farms. The state with the largest numerical increase in farms electrified since the establishment of the REA is Ohio. Between January 1, 1935, and June 30, 1941, Ohio increased the number of its farms receiving electric service by 104,952. This represents an increase of 218.4 percent of Ohio's total number of farms—233,738 according to the latest census—153,000, or 65.4 percent, are now electrified.

This compares with a total of 46,048, or 18.8 percent, in 1935. Ohio has risen from 19th place to 13th in the period.

24 Get Varsity Letters At Lincoln University, (Mo.)

Jefferson City, Mo. — Coach Raymond H. Kemp head coach at Lincoln University announced this week that twenty-four football men had won their letters for 1941 varsity competition. Of this number 8 are freshmen, 7 are sophomores, 8 juniors, and one is a senior. Coach Kemp also announced the election of Bertran Wallace, stellar junior end, to the captaincy of the 1942 Lincoln eleven, succeeding Robert Cobb, veteran tackle, who graduates in June, as top man for the Tigers.

The 1941 letter men are: Freshmen—Arthur Catlin, Canonsburgh, Pa., Elijah Brewer, St. Louis, Mo., Sylvester Smith, St. Louis, Mo., Ballard Henderson, McDonald Pa., Louis Bonhammon, Campbell, O., Frederick Moss, Chicago, Ill., Maurice Barksdale, K. City, Kan., and Steve Clayton, Latrobe, Pa. Sophomores are: Pete Saunders, Finleyville, Pa., Thomas Thornton, Chicago, Ill., Clarence Turner, Kansas City, Kansas, Herman Howard, Louisiana, Mo., Sylvester White, Jefferson City Mo., Herman Stevens Omaha, Neb., and Khamalaw White, St. Louis, Mo. Juniors are: Bertran Wallace, Kansas City, Mo., John Lawson, Macon, Mo., William Killingsworth, Kansas City, Mo., Charles Brown, St. Louis, Mo., Charles Richardson, Columbus, Mo., Everett McKinnis, Camden, N. J., Maurice Sneed, Gary, Indiana, and George Thompson, St. Louis, Missouri. Senior — Robert Cobb, Jefferson City, Mo.

Although the Tigers dropped four games to Langston, Morris Brown, Kentucky, and Wilberforce, while winning three tilts from LeMoyne, Lane and Philander Smith, Coach Kemp declared himself well pleased with the progress of an eleven which was made

up mainly of untried freshmen. Except for the first game at Langston, the scores for all of Lincoln's losses were close. With a season's experience under the belt of the freshmen players, and with the addition of a few new men, Coach Kemp is looking forward to a great season for Lincoln next year. As proof of this confidence, he is lining up an even tougher schedule for next year than the 1941 Tigers had to face.

Santa Relies On Railway Expressmen To Handle Christmas Packages Quickly

WHAT with the boys in camp and increased employment due to expanding national defense production, we're going to have the biggest Christmas season in years, in the opinion of Railway Express Agency. They should know, for the expressman is one of Santa's most important aides and handles thousands upon thousands of Christmas gift packages in all parts of the United States. In fact, some express employees will be on the job on Christmas Day, to make sure that holiday shipments reach the homes intended before the day is over. Shop Early—Ship Early! The expressman respectfully requests the public to ship early, pack carefully and write legibly, and to give full information in addresses. The latter should include "street and number" of recipients in large cities, and avoid abbreviations of state names.
