Plymouth, Wilson To Sue As Negro Unrest Mounts

Two more equal education suits were scheduled to be filed in U. S. District Courts by Negroes this week, the CAROLINA TIMES learned here Tuesday. It was also disclosed that there is much unrest brewing in other sections of the State where glaring inequalities exist in educational facilities provided for white and Negro citizens.

At Plymouth, Attorney P. W. Bell informed the TIMES that it was definite that he would file suit in the Eastern District Federal Court in behalf of George Smith and other parents of Negro children against the State Board of Education, State Superintendent W. A. Erwin, R. F. Lowry, Superintendent of Washington County Schools.

Attorney Bell said that in addition to seeking equalization of the white and Negro schools of Washington County the action would seek to prevent con-
