

# HADACOL'S BLESSINGS ASSURED FOR MORE MILLIONS IN 1950

## DUDLEY J. LeBLANC HAS MODERN \$250,000 PLANT

Relief for those suffering from B Vitamin and Mineral deficiencies is assured for 1950 by the expansion of manufacturing facilities for HADACOL—one of the greatest scientific discoveries of the century.

1949 was a momentous year for HADACOL because it marks the greatest growth of sales which before now had been counted in thousands. By the end of 1949, HADACOL sales could be counted in millions. Throughout the nation there was amazement at the stupendous job HADACOL had done in supplying these precious vitamins and minerals to an ever-increasing area of the United States.

1950 will assure HADACOL's blessings for countless suffering people because the HADACOL folks will soon be moving into the great new LeBlanc Corporation plant. It will cover 35,000 square feet of space in a great \$250,000 building dedicated to bringing HADACOL to more sufferers.

Dudley J. LeBlanc, Founder and President of the LeBlanc Corporation, said that no expense is being spared to make the building the most modern and efficient of its kind. Though the building was constructed in 1945, more than \$50,000 is being spent to remodel it as a perfect home for HADACOL. Completely air-conditioned with super speed automatic machinery, it will be a model of efficient production. A modern laboratory will constantly maintain the quality and purity of HADACOL.

The little plant which has worked so valiantly to keep up with the demand for HADACOL will become a garage shop to service the ever increasing fleet of HADACOL trucks. Constant additions are being made to this fleet, as quite often the trucks must be on the road day and night so that two men are needed, one driving while the other sleeps in a special compartment.

This realization of Mr. LeBlanc's dream is a far cry from the early days of HADACOL when most of the sales could be directly traced to his personal recommendations, and word-of-mouth advertising. From these small beginnings, Mr. LeBlanc continued his efforts because of his interest in alleviating the suffering of the many who were sick or old. As president pro-tem of the Louisiana State Senate, he was a leader in the movement to get increased pensions for older persons, and his study of the pensions system made him a much sought after authority on the subject.

This fall, Mr. LeBlanc directed the most intensive campaign in the history of Southern merchandising on any one product in an all-out effort to bring to more and more people the story of HADACOL and the relief it has brought to so many suffering the disorders of nutritional deficiencies. More than 2500 daily and weekly newspapers, 250 radio stations, hundreds of signboards, and millions of pieces of direct mail were used in this gigantic campaign.

"HADACOL will be in reach of many more people throughout the nation during 1950," said Mr. LeBlanc. "Our little plant has been pressed to the limit, but with our new facilities we will be able to draw closer to our dream of helping those who are suffering throughout the nation."

## Back On Their Jobs Once Again And Feeling Fine

Mr. Jim Gallon, 2306 Bell Street, Houston, Texas, and his wife, Mrs. Olivia Gallon, are both back on their jobs and feeling fine but they didn't think it was possible until they heard the blessed news about HADACOL.

Mr. Gallon works in the salvage department of a Houston oil company and his wife operates a well-known confectionery store. His health has been both of them at about the same time and things looked bad for the family.

"My back and arms hurt so that I couldn't rest at night," said Mr.

Since taking HADACOL, my troubles have vanished," said Mrs. Gallon. "I have so much energy and pep that I do all my own housework and operate my confectionery store. I feel that I owe this all to HADACOL. I recommend HADACOL to all of my friends."

Mr. and Mrs. Jim Gallon had suffered a deficiency of B Vitamins and important Minerals which HADACOL contains.

HADACOL contains only Mother Nature's nutritional elements, FIVE B vitamins and four of the most important minerals. No matter who you are . . . if you have tried all the

Gallon. "I had indigestion, gas on the stomach, bloating and was so nervous and run down that I could not digest my food properly. Since taking HADACOL these troubles have left me, and I am feeling wonderful. I work every day just like old times."

Mrs. Gallon had been in bed for three years with rheumatic pains and heard that HADACOL would supply the necessary vitamins to relieve the rheumatic pains of nutritional disease. Be fair to yourself. Temporary relief is not enough so try HADACOL today. Get a bottle from your drug store.

medicines under the sun give this wonderful preparation a trial. Don't go on suffering. Don't be miserable. Mr. and Mrs. Gallon are just two of the countless thousands who found relief through HADACOL. Many persons who have suffered and waited and hoped for 10 to 20 years or even longer are able to live happy, comfortable lives again because HADACOL supplies the B vitamins and minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Get a bottle at your drug store today.

## Hadacol Good For All Members Of The Family

Taking HADACOL gets to be a mighty good family custom after one member has seen the marvelous relief HADACOL has brought to a relative.

For instance, the case of Cora and Curley Pugh of 1342 Murphy Street, Shreveport, Louisiana. Miss Pugh felt tired all the time, had gastric disturbances. She suffered from indigestion, heartburns, gas pains and she could not eat the kind and type of food she wanted without being in misery afterwards. She felt like her stomach was bloated and suffered from severe headaches, was nervous and at night she could hardly sleep.

Her condition became so severe that she just couldn't work. She had tried numerous preparations hoping for relief that didn't come. Then she heard the blessed news about HADACOL. After several bottles she felt like a new person and decided again that life was worth living. She explained that HADACOL had given her energy, relieved her of stomach disturbances, makes it possible for her to sleep at night and she is no longer troubled with headaches.

Her brother, Curley Pugh, also had suffered from gastric disturbances, bloating stomach, inability to sleep and was run down, having lost considerable weight. After his sixth bottle of HADACOL he felt like a new man and now takes HADACOL to stay well.

Cora and Curley Pugh had suffered a deficiency of B Vitamins and important Minerals which HADACOL contains. HADACOL contains only Mother Nature's nutritional elements. The lack of only a small amount of Vitamins and Minerals in your body may cause certain bodily disorders which can become more serious and cause much suffering. There is no known treatment — no medicine that will bring you the positive relief from the ailment caused by the lack of these Vitamins and Minerals except the needed Vitamins and Minerals themselves.

Cora and Curley Pugh are just two of the countless thousands who found relief through HADACOL. Medicines and treatments didn't help them. What they needed were the Vitamins and Minerals such as are in HADACOL. In fact, many persons who suffered and waited and hoped for 10 to 20 years or even longer, are now able to live happy, comfortable lives because of HADACOL. This is because HADACOL relieves the source of the deficiency disease. Be fair to yourself. Temporary relief is not enough, so try HADACOL today. Get a bottle from your drug store.

From Fairfield Ala., February, 1949  
I suffered with Rheumatism. I used to sit around in the house and was unable to go out places but now since I have been using HADACOL, I go anywhere and feel perfectly well. HADACOL has helped me so much. I am living a new life, and am thinking of getting married.

## Rheumatic Aches And Pains Of Neuritis

If you have tried various remedies without getting satisfactory relief from the nerve racking pains of Rheumatism — commonly known as Neuritis — when caused by a Vitamin B deficiency, then you owe it to yourself to try HADACOL. Yes, HADACOL may be the answer to your problem.

It will help Mother Nature replace or repair, and even nourish the nerve cells and tissues that may be damaged or sickly from a B Vitamin Deficiency. Your doctor can tell you that drugs and medicines play a relatively unimportant part in the treatment of any form of Rheumatism. They give only temporary relief and fail to attack the cause of the trouble. HADACOL contains no oil or narcotics, only the B Vitamins and Minerals. So why go on suffering? Why be miserable?

These people were suffering from a deficiency of the B Vitamin and/or minerals which HADACOL contains. Read what these HADACOL users have to say:

## Gets Hadacol As Gifts At Many Holidays

After nine years of sickness Mrs. Bettie Smith, 4405 Stonewall Street, Houston, mother of 11 children, has found her way back to health, because her children gave her Hadacol at Christmas, Mother's Day and her birthday, instead of the usual gifts.

Mrs. Smith had been ill since 1940, when she suffered from a stroke. She was troubled with digestive disturbances, could hardly eat and was very nervous. She was so ill that she took pills to put her to sleep. At one time she was so weak that she was confined to bed for eight months.

It will help Mother Nature replace or repair, and even nourish the nerve cells and tissues that may be damaged or sickly from a B Vitamin Deficiency. Your doctor can tell you that drugs and medicines play a relatively unimportant part in the treatment of any form of Rheumatism.
