

# Dubois Denies Peace Center Is Tool Of Foreign Power

New York — When reached by trans-Atlantic telephone in Paris Thursday, and informed of the Justice Department's demand that the Peace Information Center, register under the provisions of the Foreign Agents Act, Dr. W. E. B. DuBois, noted Negro anthropologist and historian, who is chairman of the Peace Information Center, issued the following statement on behalf of the Peace Information Center:

"As chairman of the Peace Information Center since its inception in April of this year, I can state categorically that there is no basis in fancy or in fact, for the charge that the Peace Information Center is a representative in any way of a 'foreign principal.'"

"The Peace Information Center, DuBois went on to say, is an entirely American organization whose sole objective is to secure peace to prevent a third World War. The fantastic absurdity of the Justice Department's request is demonstrated in the fact that it indicates on whose behalf we are supposed to be acting."

"Since there is clearly no justification in fact for this demand by the Department of Justice, I must assume that the Department's action, which comes suddenly after several months of normal activity by our organization, is a further move by the Administration to frighten into silence the voices of peace in America."

"The desire for peace cannot be made an 'alien' sentiment when the fathers and mothers of America's children read daily of impending atomic devastation in their own cities. Branding those who work for peace as foreign agents will not stem the tide for peace in America. It will not erase the two million signatures already secured for the World Peace Appeal. I am sure that these two million signers and countless millions of Americans who hate war will defend the right to speak and work for peace."

## NAACP Hits Ban Of "No Way Out" By Chicago Censor

New York — The banning of the Twentieth-Century Fox Film, "No Way Out," by Chicago police censors, was vehemently protested this week by the National Association for the Advancement of Colored People. The Chicago censors have claimed that the film is dangerous and may incite violence.

In a telegram to Mayor Martin D. Kennedy, NAACP Executive Secretary Walter White strongly urged that the ban be "reconsidered and rescinded."

"This picture," White stated "is the most forthright and courageous picturization of the evil of race prejudice which has yet been made. The Korean war has revealed distrust of the United States in Asia and other parts of the world, particularly among dark-skinned persons, because of continued existence of racial prejudice in the United States. 'No Way Out' exposes the evil nature of this practice and instead of inciting to riot, as police censor claims, will do enormous good in the exactly opposite direction."

## Insurance Premium On Men Covering Korean War Raised

London — Lloyds of London, the world's largest insurance broker has raised the premium 10 per cent for accidental death insurance on newspaper correspondents covering the war in Korea.

This doubles the premium quoted just before D-Day in 1944 for the same kind of insurance on reporters. The company said 18 accident and death policies on correspondents in Korea have been paid out since the fighting began there on June 25.

## St. Paul Faculty, Staff To Hold Pre-School Term Conference

Lawrenceville, Va. — Faculty and Staff Members of the Saint Paul's Polytechnic Institute will report for a four-day conference beginning Sept. 5. The regular 1950-1951 school term will get underway Monday, September 11.

The members of the Freshman Class will begin to arrive on Sunday, Sept. 10. Registration for Upper Classmen will take place on Friday and Saturday, Sept. 15 and 16.

# Chicago Censor Proves That "No Way Out" Shows "Sure Way Out"

By DOTS JOHNSON

Chicago — The motion picture "No Way Out" has been denied an audience in Chicago for the same reason that any demonstration typifying a militant and unified stand by a minority group against oppressive forces is always subdued or aborted.

It is a dangerous thing for the powers of reaction to have a motion picture reach the hearts and minds of ten million Americans which proclaims that the current speed of progress in which the Negro will receive more than crumbs for his amazing and unselfish contribution to the Sciences, Arts and Professions, and sizable contribution to the culture of this country.

I could not agree more with America and "No Way Out" that anything worth living for is worth fighting for, abroad and also at home.

But in any fight you hope to win, you choose your weapons carefully, and our most expedient, powerful weapon is education. Only through militant education can we hope to cope with a situation that for four hundred years could not be solved by appeasement.

In the picture I am the spokesman for every Negro who has ever felt, "Life is sweet, but death bears no terror for me, for I have been subjugated to living near to death all my life. I am Bessie Smith who died on a roadside in Kentucky, because a white ambulance refused to transport her to a hospital. I am Haywood Patterson, who's

youth was spent behind bars for no better reason than that his face was black. I am that soldier from the 24th Infantry of the United States Army who's legs were amputated while my mother rode on a jimerow seat in a streetcar through Atlanta."

And I am the Negro who is tired of being told, every day is a day of advance, for I'm not sure I'll be around for that great day (no more than five hundred years from now, at the current speed of progress) in which the Negro will receive more than crumbs for his amazing and unselfish contribution to the Sciences, Arts and Professions, and sizable contribution to the culture of this country.

I could not agree more with America and "No Way Out" that anything worth living for is worth fighting for, abroad and also at home.

But in any fight you hope to win, you choose your weapons carefully, and our most expedient, powerful weapon is education. Only through militant education can we hope to cope with a situation that for four hundred years could not be solved by appeasement.

I honestly believe that Darryl F. Zanuck, production head of "No Way Out" and Joseph L. Mankiewicz, director and co-writer of "No Way Out" have made an important contribution to our fight for freedom at home.

# An Informal Glance At The W.D. Hill 'Rec' Center

By MRS. M. H. JOHNSON

The City Recreation Department has completed plans for a Recreation Institute to be conducted at the Center from Sept. 18-23, according to an announcement made by Mr. Holmes. The institute will be directed by Miss Grace Walker of the National Recreation Association.

This institute is planned for any one who is concerned with the recreational needs of the community. They may be staff, committee, and volunteer members of the following institutions: the Recreation Department, Community Centers, Y. W. C. A. and Y. M. C. A., Boys' Club, Adult Clubs, Churches, Rural Extension Groups, P. T. A. Associations, Veteran Organizations and Auxiliaries, Camp Counselors, Industrial Leaders and Labor Union Leaders.

Hours of the institute are from 8:00 p. m. until 10:00 p. m. If you are interested in improving your program, why not have one or more persons from your group in attendance at this institute?

Miss Grace Walker, who has been on the staff of the National Recreational Association since 1944, has had a wealth of training and experience in the field of recreation. She is a graduate of Emerson College, in Boston and has taken courses at the Royal Academy of Dramatic Art in London, England, and at the School of International Studies in Geneva, Switzerland. In addition, Miss Walker is a former teacher of literature at Tuskegee Institute, Alabama and a former staff member of the Phyllis Wheatley House, Minneapolis, Minnesota.

I honestly believe that Darryl F. Zanuck, production head of "No Way Out" and Joseph L. Mankiewicz, director and co-writer of "No Way Out" have made an important contribution to our fight for freedom at home.

## CITIZENS

(Continued from Page Three)

fall. However, she came down with tuberculosis about 3 months ago and will have to do her reading and studying at the sanatorium until she gets well. A member of the St. Paul Baptist Church she attended Sunday School and church every Sunday. She loves to dance, used to go to the Recreation Center for the regular Saturday night dances. She made good grades in school and was quite popular with her young friends.

At one time B. M. had a desire to be a beautician, but now she is thinking of taking up sewing. She loves Durham and is anxiously looking forward to going back to school again.

If any group is interested in making the sanatorium more pleasant, they could supply her with books, magazines (she loves to read love stories), fruit, bed clothes or toilet articles. She is young and attractive and has every reason to be bitter because of the many, many months she must spend away from her school and friends because of this illness. However, she hasn't allowed herself to become that way but has been cheerful through it all.

## Vic Vet says

REMEMBER, PAL, V-A IS ALWAYS READY TO HELP YOU REINSTATE YOUR LAPSED GI INSURANCE POLICY

Mrs. Mary E. Carter, 1327 Kensington, Kansas City, Mo., is mighty proud of her beautiful flower garden and she likes to keep it in tip top shape. Her garden won't be looking run-down any more because she now has the pep and energy to get out and work. She says this can be traced to HADACOL. Her system was deficient in Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron.

Here is Mrs. Carter's statement: "Before I started taking HADACOL I had an awful hard time with aches and pains of neuritis in my arms and legs. Seems like all the wind would have to do is blow a little and I would catch cold. I had an awful hard time sleeping — seems like all I did was sleep between pains — just cat naps all night long. I took many pills — nothing helped. Then I heard one day how other folks were being helped by HADACOL. I have taken 3 bottles of HADACOL and the change is amazing — no more aches and pains in my arms and legs. And sleep — why, I sleep 8 hours without waking up. I feel wonderful — just wonderful — thanks to HADACOL."

Thousands Are Thankful for the way it has helped their systems which lacked Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin. Yes, even hundreds of doctors have recommended HADACOL to patients.

And these important Vitamins and Minerals in HADACOL come to you in special liquid form so that they are more quickly absorbed and assimilated in the blood stream, ready to go right to work at once. HADACOL even builds up the red blood cells (when iron is needed to carry these precious elements to every part of your body — to your kidneys, lungs, heart liver — even to th chair, nails and eyes!)  
**Relieves Cause of Your Trouble from Such Deficiencies**

HADACOL now makes it possible for you to relieve the active cause of neuritis pains and a general run-down nervous condition when due to deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin. So why be satisfied with symptomatic relief when you can now relieve the cause with HADACOL. Yes, relieve those deficiencies directly!

So what are you waiting for? Why continue to suffer? Why be miserable?  
Know what it means to get that wonderful, wonderful HADACOL feeling! Make up your mind that you'll start this very day and take HADACOL. HADACOL costs only a small amount daily and is sold on a strict money-back guarantee. HADACOL must help you, or it costs you nothing. Trial-size bottle, only \$1.25. Large family or hospital size, \$3.50.
