would follow from use of the course by Negroes, and asking the Court to so hold.

On April 4, 1952, the 16 petitioners filed their suit in said Court against the City, the Commission, the Superintendent of Parks and Recreation and the Professional Manager of the Course, asking for relief by declaratory judgment and injunction against the racial discrimination claimed to be practiced as respects the course.

On May 26, 1952, the defendants in the petitioners' case presented a motion to dismiss this case on the ground that the issues involved in it were the same as those involved in the Commission's case which previously had been filed.

On November 10, 1952, the petitioners' case came on for hearing on the motion to dismiss and upon a demurrer ore tenus, presented at the commencement of the argument, based on the same ground. After hearing argument, the Court denied the motion to dismiss and overruled the demurrer. The consequence of this action is that the petitioners' suit remains in Court for

decision on its merits at a future date. The Court's order also provided that this case should retain its position on the Court's trial docket and granted the defendant's therein 60 days after final judgment in the Commission's case within which to file their pleadings in the petitioners' case.

It is expected that the Court will hear the Commission's case in January, 1953. The Charlotte Branch, NAACP is sponsoring the case. NAACP Attorneys are: Spottawood Robinson, III, Southeastern Regional Counsel; Thomas H. Wyche, Chairman, Charlotte Branch Legal Committee and Robert D. Glass, Chairmen, Legislation Committee of the Charlotte Branch.
