What makes a Lucky taste better?

**"IT'S TOASTED" to taste better!**

"I can tell you why this newspaperman smokes Luckies," says William G. Nunn. "They taste better to me than any other cigarette." There are excellent reasons why Luckies taste better. Lucky Strike means fine tobacco. Then, that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—brings Luckies' fine tobacco to its peak of flavor . . . tones up this light, mild, good-tasting tobacco to make it taste even better—cleaner, fresher, smoother. That's our story, pure and simple: a Lucky tastes better because it's the cigarette of fine tobacco . . . and "It's Toasted" to taste better. So, enjoy the better-tasting cigarette . . . Lucky Strike.
