LOCAL STORE ADS ANOTHER EXCLUSIVE

The United Department Store on West Main Street in Durham has added another exclusive to their credit. The store officials were not satisfied with being the only department store in the city that issues S and H stamps but have also secured Condon dungarees that have been placed on sale for only \$1.98. These garments are union made and sell for a dollar less than any other dungaree to be found in the city.

At points of the dungarees that require extra strength, copper rivets have been placed. They are styled to fit any type figure and are made of lasting materials by union workers.

LUNCH BOX
 For the Young and Hearty

With a little imagination, mothers of lunch-toting school tots can pep up the looks of the usually drab lunch box. Since youngsters are always attracted by color, the sandwich placed on a gay colored six-inch paper plate or a small tray shaped plate with waxed paper wrapped round and about both sandwich and plate makes the sandwich appear more appetizing. It also gives a little "at home" dignity to the meal which may slow down the gulp-and-run type eater to a more digestible chewing pace.

Many mothers with home freezers make a week's supply of sandwiches at one time. Each day's dose is placed on a different colored plate with plate and sandwich wrapped in one of the vapor-proof materials especially designed for home freezing. The sandwich is then stored away in the freezer until the day it's due for the lunchbox.

For a well rounded lunchbox menu, mothers might try the following recipe, adding of course the all important thermos of milk and a vegetable such as easy-to-pack carrot sticks.

CHOPPED TURKEY AND BACON SANDWICH
 (Makes 4 sandwiches)

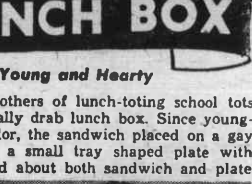

1 cup finely diced cooked turkey
 1/2 cup finely chopped celery
 4 slices crisp cooked bacon, crumbled

Mayonnaise to moisten
 Salt to taste
 12 buttered bread slices

Combine turkey, celery and bacon; add mayonnaise to moisten and season to taste with salt. Spread between buttered bread slices to serve.

What Makes A Good Paint Job?

With winter ahead, proper painting maintenance now will save many dollars in repairs later on. Now is the time to check for deteriorated areas and make certain the surface is properly prepared for repainting. Whether you hire someone or do it yourself, a coat of paint is the quickest, easiest and least expensive treatment to beautify and protect your major investment. Three "musts" for a good paint job according to J. C. Thompson, Jr., general paint manager of Pittsburgh Plate Glass Company, are (1) proper surface preparation, (2) quality paint— "inferior paint is false economy" and, (3) proper painting application. Carefully consider these points when painting your home and you will protect it from the ravages of weather for approximately five years.
