## Prelate Blasts Cult Leader Who Says All Churches In Durham Should Be Padlocked

Bishop C. L. Faison, presiding prelate of the Church of God in Christ Jesus, hurled a broadside at Bishop S. C. Johnson, head of the Church of the Lord Jesus Christ of the Apostolic Faith, here last Sunday afternoon in a sermon preached before a gathering of the Council now in session here at the local church.

Bishop Faison told his audience that he believed that there were some good people in all churches and that he did not sanction the idea that any particular church had a corner on all of the righteousness or that no one could be saved unless he was baptized by him or someone particular minister.

In a sermon preached here several weeks ago Bishop Johnson had stated that every church in Durham might as well be padlocked unless the people in it were baptized by him and that unless the ministers in those churches preached the doctrine he preaches all of their members were going to hell. The challenge of the so-called Bishop Johnson was in keeping with that he makes each Sunday in a radio broadcast.

Bishop Johnson, who usually travels in one or more Cadillacs has his Durham church housed in the building formerly used by a local theatre which he has rented. Rumors were flying around Durham that he had bought the theatre building at a fabulous price but upon investigation it was discovered that he was merely renting it.

"I am the husband of one wife," said Bishop Faison here Sunday, "and I challenge anyone to produce any other woman who claims me as her husband." Although Bishop Faison did not say so, it is believed that he was referring to several radio and cult "bishops" who have been

BISHOP C. L. FAISON

accused of having abandoned their wives and married a second or third.

Following the sermon here Sunday morning, members of the church raised a total of \$106 for the Bishop's wife as a token of esteem and affection. "Likewise I am not concerned about what a woman has on. What are you in your heart is more important than what you have on your back," he said.
