Congregational Church Group Opposes Bias

SPENCER

The Lincoln Congregational Christian Conference held its forty-fourth annual session at the Dorsett Chapel Congregational Christian Church in Spencer, Nov. 9-14.

On Nov. 10, the conference representing twenty-four churches comprising three thousand members, voted unanimously to support the decision of the Supreme Court of the United States, as handed down May 17, with regards to segregation. Where as we read that Christ in his prayer prayed that we might be as one, therefore we also voted that all segregation in our churches be abolished and that our doors shall be open to all who desire to come in.

Guest speaker J. H. Satterwhite, dean of the Dept. of Religious Education at Livingstone College, Salisbury, addressed the Lincoln Congregational Christian Conference in its forty-fifth annual session on Friday, Nov. 12, at 11:45 A.M. Keeping in mind the theme of the conference, "Improving the Quality of Community Living", Dean Satterwhite in his address suggested that greater emphasis be placed on Christian Education, evangelism and leadership.

How About That!

Only a really fresh cranberry will bounce. Eatmor Cranberry experts give them seven chances to bounce before selection and packing. Fresh Cranberries make your fall menus bounce too!

Cranberries came from the shape of the blossom which looks like a crane's head--first called craneberries--then later became cranberries.

When you eat fresh cranberries this fall thank the busy bee. One honey bee will pollinate 5000 cranberry blossoms in a day!

Life Is Like That-

(Continued from Page Two)

not gifts from God, but human inventions. But even they are blessings from the Lord. Regardless as to how I put the English language together whether to write a nursery rhyme or a scientific theory, I am dependent upon an alphabet of 26 letters which I did not create.

Whatever man puts together--house or cathedral, ox cart or diesel engine, the basic materials come from God.

There are some of us, who, as we bow before our Maker on Thanksgiving Day, will thank him not only for life, food, shelter and other temporal blessings; but we shall also praise him for spiritual benefits received.

With such blessings God gives himself and we feel an impact upon our souls of a transforming character.

First of all, there is the blessing of redemption which brings us freedom from condemnation with God. This experience for some is joy unspeakable.

Then, too, there is the blessed privilege of a fellowship in which we find a growing friendship with God and a deepening spiritual knowledge.

With raptured heart I have heard men sing, and I have sung with them, the joyous words: "It's a blessing just to call my Savior's name." In fellowship, we call him and he answers with his presence.

And, finally, there are those who can thank God this day for the sense of eternal security, a complete faith in the Master's promise of everlasting life, the certainty of a Brighter Tomorrow when our little day of life on earth is done.
