ning entertainers in its annual Theatrical Follies. P. Lorillard acted as host at a party afterward to pay additional tribute to the winners in several categories. And, at both Negro, white and mixed colleges throughout the nation, selected students, help finance their educations and prepare for business careers as Old Gold campus representatives. Likewise, numerous conventions Negro and white civic, cultural, professional and business groups are universally attended by Old Gold representatives.

And so it goes. To put it simply, an examination of P. Lorillard's employment, sales, advertising, public relations and promotional program will show that it applies to both majority and minority groups without qualification. For P. Lorillard's philosophy, on these matters might be stated succinctly: It necessitates the teamwork between people of every race, religion or national origin whether employee stockholder or the many-hued American public to enhance the economic life and well being of this nation and its citizens.

made by the State Board of Correction and Training, the Advisory Board, and Commissioner S. E. Leonard to the rehabilitation of boys. The State of North Carolina was also commended for the excellent buildings and program provided for its Negro boys.

E. L. Hauser, Superintendent, Cumberland County Department of Public Welfare, cited the philosophy and development of the training school program and the interest of the citizens of the State in boys who become involved in trouble that the Correctional School Program was initiated and developed so rapidly in this State.

Robert Murphy, a former student of Morrison Training School, rendered a solo; the school choir, under the direction of Prof. Tyner Scriven and accompanied by Prof. D. A. Oglesby, sang "The Lord's Prayer and I'm Leaning On The Lord."

Hillside P. T. A. Presents Family Film On May 2nd

The last regular monthly meeting, for this school term, of the Hillside P. T. A. will be held Monday night, May 2 at 7:30.

There will be an election of officers.

Mrs. Rosemary F. Funderburg, Case Worker of the Family Service organization of this city, will present a film entitled "A FAMILY AFFAIR." It is a drama of everyday family life, the story of the Cooper family, whose relationships are strained to the breaking point. Many families like the Coopers live through the years in constant conflict and bitterness or end in separation or divorce. How this typical family found a happier pathway is the subject of the film.

The film A FAMILY AFFAIR was produced by The Mental Health Film Board in cooperation with the Family Service Association of America.

The PTA urges all parents and friends to make the informative film a must on their program.

I wish to thank my clients who secured me to fill out their income tax returns for 1955. It was my pleasure to serve you.
