

Whole House Air Conditioning

The above diagram illustrates how a two story home with basement can have whole-house year-round air conditioning simply by mounting a V-type cooling coil unit atop the existing furnace. Connected to a remote condensing unit (A) situated outside the house the V-type cooling coil (B) is easy to install and very economical.

This is only one of 17 similar diagrams contained in a flip up type booklet offered by Worthington Corporation, Harrison, New Jersey, to help the home owner select the right type air conditioning unit for his ranch, split-level or two story home.

A complete and practical guide to whole house air conditioning, the booklet outlines the benefits of whole house air conditioning; graphically illustrates how air conditioning works; contains information about electrical requirements, operating costs, duct work sizes, and insulation requirements. It is available on request from Dept. AC-4.

Whole house air conditioning not only helps your family add zest to living through year-round comfortable temperatures but it is more efficient to install and maintain than separate window units for each room. Central air conditioning units can be installed anywhere—in the garage, basement, attic, crawl space, closet, outdoors, carport, or utility room. Costs vary in each locality depending on water and power costs, temperature and desires of each home owner, but results around the country have shown whole house air conditioning operating costs to be surprisingly low. In water-shortage areas, air cooled units requiring no water may be installed.

Zebulon Lad's Exhibit Wins Grand Champion Title In Two County Four-H Dairy Show At Raleigh Recently

RALEIGH—Four-H and NFA boys and girls from Wake and Johnson Counties won cash prizes and trophies at their 5th Annual Bi-County Junior Dairy Calf Show held on the athletic field of Saint Augustine's College, Raleigh, Thursday, July 25.

Grand champion was exhibited by George Latham, Jr., Zebulon, and Reserve champion was shown by Luther Walker, Route 6, Raleigh. Best fitted was won by Cardell Jones, Route 1, Cary, and Showmanship was won by Mary Mayo, Route 1, Morrisville.

Twenty-seven fine dairy animals paraded the show ring escorted by 4-H Club and NFA members while officials of the sponsoring organization looked on with a smile of satisfaction. The show is sponsored annually by the Raleigh Merchants Bureau of which J. R. Thomas is president and G. Wesley Williams is executive secretary, and supervised by the Negro Agricultural Workers of Wake and Johnson Counties.

The show got under way at 9:00 a.m. with a short demonstration, "Good Points of a Dairy Animal", by R. L. Wynn, extension dairy specialist, of Greensboro. Greetings were brought by Dr. James A. Boyer,

president of the college. Official judge was J.D. George, extension dairy specialist, State College. Assisting was G. W. Miller and Bob Long, Wake County Agents, and Harry Privette, representative of Pine State Creamery.

John R. Thomas and G. Wesley Williams of the Merchants Bureau had praise for the 4-H and NFA boys and girls as they observed the progress over the 1956 show.

The Danish system of judging was used in judging. All animals fell in one of three groups; namely, blue, red or white. Cash prizes were: blue \$10; red \$8; and white \$6. Engraved plaques were additional prizes for Grand Champion, Showmanship, and Best Fitted.

Blue ribbon winners were: Herbert Sneed, Route 1, Fuquay Springs; Theron Hinton, Route 4, Zebulon; Howard Hood, Route 1, Varina; Benjamin Newkirk, Route 2, Raleigh; George Latham, Jr., Zebulon; Luther Walker, Route 6, Raleigh; Calvin King, Route 1, Fuquay Springs; and Herman Sanders, Route 1, Varina.

Red ribbon winners were: Willie Merritt, Yanceyville; James Thomas Dunn, Route 1, Knightdale; Bobby Jones, Route 1, Neuse; James N. Holden, Route 2, Wendell; Thomas

Hooker, Route 4, Raleigh; Isaac Sapp, Fuquay Springs; Willie Mayo, Route 2, Wake Forest; Curdell Jones, Route 1, Cary; and Frank Bryant, Smithfield.

White ribbon winners were: John Merritt, Route 1, Clayton; William Sanders, Route 1, Clayton; Mary Mayo, Route 1, Morrisville; Cleastes McCullers, Route 1, Wendell; Robert Utley, Smithfield; Prince Burton, Route 1, Raleigh; Larry Cogdell, Smithfield; Roosevelt Sims, Selma; and Julia Duncan, Route 1, Morrisville.

Agricultural workers supervising the 4-H and NFA BOYS and girls of Wake and Johnson Counties were: W. C. Davenport and C. L. Boone, County Agents; T. J. Culler and W. L. Graham, Vo-Ag teachers, Du-Boise High School, Wake Forest; Leroy Burton and B. T. Williams, Vo-Ag teachers, Fuquay High School, Fuquay Springs; Garrett Laws, Vo-Ag teacher, Berry O'Kelly High School, Zebulon, all of Wake County.

Also, L. R. Johnson and M. E. Reddick, County Agents; Richard Thacker, Vo-Ag teacher, Cooper High School, Clayton; and M. B. Albright, Vo-Ag teacher, Richard B. Harrison High School, Selma, all of Johnston County.

Barksdale Is Appointed Dean, New Dorm Ok'd By Trustees

Negro member of North Carolina College's integrated trustee board were named to key committee posts here Tuesday at a session that saw the group approve plans to raise funds for a new \$700,000 women's dormitory and raise all teachers' salaries nine percent.

Dr. J. M. Hubbard of Durham, veteran secretary of the board, was reelected with other officers R. M. Gantt, Durham lawyer, and Bascom Baynes, Durham insurance executive.

Ernest B. Johnson, Winston-Salem businessman and Dr. J. W. Black of Rocky Mount, the other two Negroes serving with Dr. Hubbard, were named to the Legislative and By-Laws Committee, respectively. Dr. Hubbard and Johnson are also members of the Building Committee.

The board also approved the appointment of Dr. Richard Kenneth Barksdale as full dean of the Graduate School. A professor of English at NCC since 1949, Dr. Barksdale previously served as assistant to Dean W. W. Pierson, retired dean of the University of North Carolina Graduate School, who was acting dean at NCC.

They are rendering," the spokesman said.

Planning for the new dormitory for senior and graduate women means raising the cost of housing at the college, the trustees said. They instructed the Building Committee to "execute the project."

Serving with Dr. Black on the By-Laws Committee will be Walter Jones, Jr., Rockingham, chairman; Frank Benzet, Warrenton, with two members to be named.

B. I. Satterfield of Timberlake and T. W. Ellis of Henderson were named to the Executive Committee to serve with the three officers.

Associated with Johnson on the Legislative Committee are Banks Wilkins of Sanford; C. A. Dandelake, Tarboro; Baynes, and Jones.

The new dean of the NCC Graduate School, Dr. Barksdale, is a native of Winchester, Mass.

He received his A. B. at Bowdoin College where he won Phi Beta Kappa honors.

He holds two master's degrees, one from Syracuse University, and another from Harvard University where he received the Ph. D. in English in 1951.

Dr. Barksdale is married to the former Miss Olga A. Marcette. They have two children, Maxine, 11, and Richard Kenneth, Jr., 8.

Air Conditioning All Types of Homes

The above diagram illustrates how a two story home with basement can have whole-house year-round air conditioning simply by mounting a V-type cooling coil unit atop the existing furnace. Connected to a remote condensing unit (A) situated outside the house the V-type cooling coil (B) is easy to install and very economical.

Bishop's New Athletic Head Tackles Task With Enthusiasm

MARSHALL, Texas—Residents of Dallas may have an opportunity to see the Bishop College "Tigers" football team in action in their own city this fall. That was the word this week from Dwight H. Fisher, New Director of Athletics and Coach at Bishop College.

Coach Fisher says negotiations are underway to schedule one football game in Dallas.

Bishop's new Director of Athletics comes from Oberlin, Ohio. For the past nine years he was director of athletics and coach at Alcorn A. and M. College. His teams played from October 1948 to 1955 without a single conference loss. The new athletic mentor plans to do his utmost to lead Bishop College back into the athletic limelight. But Coach Fisher pointed out that he is relying heavily on the support of alumni and friends of Bishop in developing a strong athletic program.

Since arriving at Bishop a few weeks ago, Coach Fisher has been visiting high school coaches and alumni in the area. He says he expects a large turnout of players when football practice begins September 1st. Meanwhile, he is negotiating for staff assistants to help him carry out the new athletic program.

Coach Fisher has been well-received in the Marshall area. His contact with alumni and friends of the college, and his determination to develop stronger "Tiger" teams have won him many friends. Much of the success of the new athletic program depends on whether or not the enthusiasm and support during the weeks

to come continue to grow.

Mr. Fisher, who is a veteran coach, says he is confident that Bishop alumni and friends will rally behind his program to place Bishop into top contention in conference games. Part of the plan for the program calls for the selling of 3,000 activity tickets at ten dollars each. Proceeds from these sales will go to provide scholarships for top athletes and will also be used to purchase new equipment. The tickets have been sent largely to alumni and friends.

The enthusiasm with which Mr. Fisher has approached his gigantic task generated much interest and comment among those who have followed Bishop College through the years. And so come next September, all eyes will be on the "Tigers" when they trot onto the football field!

Mr. Fisher has approached his gigantic task generated much interest and comment among those who have followed Bishop College through the years. And so come next September, all eyes will be on the "Tigers" when they trot onto the football field!

Expert Advises Dairymen On Summer Care Of Animals

GREENSBORO—Sound advice to dairymen on the proper care and feeding of dairy cattle at this season of the year was given this week by R. L. Wynn, dairy specialist with the A & T College Extension Service.

Wynn said that dairy farmers must observe, closely, the food consumption of his herd during late summer and issued the solemn warning that a cow could be ruined for life by improper feeding during this period. He backed this up with the statement that when the production of a cow drops, on account of inadequate feeding, she, very rarely, regains her original production peak.

"The main problem," he said, "is too many dairymen fail to observe the serious drop in both, quality and quantity in forage crops during late summer. When pastures first begin to "brown out", the grasses become too mature to give the needed materials for milk production or when pastures fail to produce a balanced ration necessary to both, cow maintenance and production, it is then time for the dairyman to act and act promptly.

A supplementary diet of grain must be added. In most cases, a simple, low protein grain mixture will be adequate to keep the cow producing well.

Not as much is required as during the winter months. Hay or silage should be fed as soon as cows are unable to get their fill in a reasonable length of time.

Wynn also warned of the importance in providing adequate salt and a constant supply of cool water. He suggests loose salt, provided free-choice is available in a sheltered box. Day round availability of cool water should increase milk production by three per cent over the old-fashioned twice per day watering.

He recommends that dairymen contact their county agents for more specific advice.

Livingstone Man Is Recipient Of Danforth Grant

SALISBURY—Prof. E. L. Harris, Chairman of the Division of Social Sciences at Livingstone College has just been awarded a special graduate fellowship by the Danforth Foundation to complete the work on his Ph. D. degree at the University of Pennsylvania, it was announced this week by Acting President J. H. Brockett, Jr.

Fifteen teachers were select-
