### College Scholarships Offered to 4-H'ers

An \$800 college scholarship is available to present or former North Carolina 4-H Club members, announces the National 4-H Service Committee.

The scholarship is offered to college juniors or seniors majoring in courses dealing with crop production or crop protection. The major study areas include agronomy, soils, entomology, plant pathology or horticulture (vegetables or fruits).

California Chemical Company, Ortho Division, San Francisco, donor of two \$800 scholarships for the seventh straight year, provides this opportunity for two young people to continue their college education.

Scholarship candidates should submit applications to the State 4-H Club leader now to allow time for processing and forwarding to the National 4-H Service Committee by Oct. 20.

Final judging is conducted by the Cooperative Extension Service personnel. The 1953 winners will be announced at the National 4-H Club Congress the first week in December.

More information can be obtained from the County Extension Office.

### Wiley and Shavers Win Honors in Church Rally

DANVILLE, Va.—Dale Wiley and Rummel Shavers were crowned "Master and Miss Prospect Baptist Church" at the climax of a fund raising drive here recently.

The contest was sponsored by the Junior Missionary Society to raise a Korean offering. A total of \$135 was collected during the drive.

Master Wiley and Miss Shavers reported the largest sums of money during the drive.

Other contestants were Timothy Bowe, Kelly Adams, Keith Wiley and Constance Price.

The Rev. David Wiley is pastor of Prospect Baptist.

### CANNED SOUP BIG HELP IN FIXING QUICK MEALS

When you have only minutes to organize a nourishing meal for the family, look to your canned soup shelf. There are so many kinds to fill out the menu and the flavors combine so well with many quick-to-fix foods. Suppose you scramble eggs and serve them with toast and a healthy splash of bacon—a delectable complement to this is "Chicken Soup-reme." Combine 1 can each of condensed cream of chicken and cream of celery soups. Stir until smooth. Blend in 1 can chicken gumbo soup and three cans of water. Heat thoroughly. Makes 6 to 8 servings.

### Statesville Four Enjoy Camp

STATESVILLE—Four scouts from Troop No. 39 experienced a week of eventful, exciting, and fun packed days last month at Girl Scout Camp, Cassandra Bradshaw, Francis Dalton, Gloria Jean Holbrook and Rose Mary Robertson were the girls who attended this newly established camp, 7 miles from Lenoir.

The camp has to date not been named, but serves the Catawba Valley Area Council and was opened for the first time in July. Plans are underway to make major additions and improvements each year until the camp is completely established.

Francine also spent two weeks at Camp Graham with scouts from the Bright Leaf Council. There she received an Advanced Beginners Swimming Certificate and four awards, namely: most typical camper; the best all round camper; the nearest tent camp-wide and the most likeable camper.

The entire troop is encouraged to plan to spend at least a week at camp next summer.

PHYLLIS HARRINGTON

### Durham Girl Repeats as Top Scout Camper

Phyllis Harrington, eight year old daughter of Mr. and Mrs. James Harrington, of 125 Oakmont Drive, was voted the best all round girl scout camper in Durham area for the second straight year.

Phyllis also won three other camping awards during the season at the girl scout camp at Camp Graham.

The camping is sponsored at Graham by The Bright Leaf Council of Girl Scouts.

Phyllis won four awards this year. They included awards for the "Neatest Tent," "Best all around Swimmer," "Bravest Camper," and "Best Leader."

She won the most awards last year during the girl scout camping period at Graham.

Phyllis is a member of Brownie troop 9, of Burton school, headed by Mrs. Leak.

### Agency Helping To Find Homes For Babies

NEW YORK—Every child deserves to have a "home" and "No child is unadoptable."

These are the two beliefs of which Welcome House is based, a unique adoption agency for hard-to-place children now operating on a national level.

Welcome House has been the special concern of Pearl Buck, Nobel Prize-winning author, whose these ideas took root a decade ago on her farm in Doyersville, Pa. But such all-embracing concepts could not be confined to any one place, so that today Welcome House has become a heartwarming national symbol for finding homes for "the child nobody wants."

Because of its unique place among adoption agencies, Welcome House receives only difficult cases for placement. These include the physically handicapped, the bi-racial and the older child passed over in favor of more appealing babies.

Somewhere, somehow, Welcome House has found parents for a badly burned child, a polio victim, and for a brother and sister ages ten and twelve—left over the "cute" stage of most adoptions. But it is in the bi-racial area where so much need exists—particularly for the half-white, half Negro baby for whom a lifetime of institutional living may stretch ahead.

By far the greatest number of children available for adoption today are those needing Negro homes. One institution offers 15 racially mixed children. Another is a different state, has over 25 awaiting homes, most of them having been there since birth—and with little hope for the year ahead.

However, an increasing number of Negro families are helping to solve this problem through adoption of children referred through Welcome House. Who are the couples that open their hearts and homes to these helpless unwanted children? Professionals men and women, mostly who understand the need and are willing to under take a difficult but vastly rewarding task.

### Elland Family Completes Home Improvement Drive

(Items this week from Orange, Wake and Person Counties.)

**REMODELS HOME**  
The Leroy Bradshaws, Elland, N. C. 1, have done extensive work on their home this year, says Mrs. Bonnie Davis home economics agent.

The Orange County family has added a bedroom den and bathroom. Mrs. Bradshaw and the girls have done the painting and the family members have already refinished several pieces of their old furniture to be used in the home.

will serve as a community building for all local meetings and affairs connected with the church.

**GARDEN PRODUCTION**  
Mrs. Sarah Lee, Harford, N. C. 3, has reported that it pays to have a good vegetable garden. Mrs. Blaine B. Taylor, home economics agent, says Mrs. Lee had 30 different types of vegetables with three new ones—broccoli, cauliflower and rhubarb.

**COMMUNITY DEVELOPMENT**  
Members of the Riley Hill Community development group in Wake County have been working this summer to obtain one of their major goals planned for the year.

Mrs. Lee has produced enough for the family's use and has conserved for the non-productive months. The family plans to use the income saved, by producing their own vegetables, for improving their home.

Mrs. Mary Graham, associate home economics agent, says the group has been working on a cafeteria to be annexed to the church building. This building

### Don't Delay Planting Tulips Any Longer

If you've been planning to buy tulip bulbs this fall, don't delay any longer. It'll soon be too late to get them into the ground before winter freezes begin.

Spring-flowering bulbs should be planted not later than the end of September in the North and late October in the South, say horticulturists in the U. S. Department of Agriculture.

If you haven't bought your bulbs yet, here are a few tips from the USDA's Agricultural Research Service—

First of all, remember that you get about what you pay for in quality. Large bulbs are generally better than small ones.

Make sure the bulbs are not diseased. Don't buy any that are moldy, discolored, or soft.

Buy the specific colors you want. It's probably best to buy bulbs individually rather than in variety packs. Mixtures sometimes contain too many of one color.

Choose either domestic or imported bulbs. They are equally good.

As for planting—Tulips grow best when they get long hours of direct sunshine and plenty of moisture. They prefer well-drained sandy soil. Plant on high or slightly sloping ground where excess water will drain away.

And here's a tip for early bloomers. Plant specific type bulbs on a southern exposure—near a building or wall. You'll be the first in the neighborhood with tulips next spring. For late spring bloomers, plant bulbs in a northern exposure late in the fall.

**CARNATION COOKING HINTS**  
by Mary Blake  
HOME SERVICE DIRECTOR AND HER STAFF

ROSA LIE SCOTT

Try Molded Deviled Egg Salad for your next outdoor meal. Hard-cooked eggs, green olives, crisp celery and Carnation Evaporated Milk make a tasty combination to serve with cold cuts or hot dogs. Carnation is made from fresh whole milk with only part of the water removed. It contains all of milk's nutrients for building strong bones and teeth. Use it often in cooking and baking. You'll like what it does for food.

**MOLDED DEVILED EGG SALAD**  
(Makes 4 to 6 servings)

1/2 cup mayonnaise	1/2 cup sliced stuffed green olives
1 tablespoon (1 envelope) unflavored gelatine	1 tablespoon prepared mustard
1/2 cup cold water	1 teaspoon seasoned salt
5 chopped hard-cooked eggs	1 cup undiluted CARNATION EVAPORATED MILK
1/2 cup chopped celery	2 tablespoons lemon juice

Place mayonnaise in mixing bowl. Soften gelatine in cold water. Dissolve over hot water. Add gelatine to mayonnaise. Mix well. Add remaining ingredients. Mix well. Pour into a 1-quart mold. Chill until firm, about 2 hours. Unmold by dipping in warm water for a few seconds. Turn out on salad greens. Garnish as desired.
