believes in himself. Arnold Palmer knows he's going to run off a string of birdies on the last nine that will bring him a golf title. He's carried it off too many times in the past for him to believe that he might not make it.

"These factors and a little bit of luck—the good luck not to sustain serious injury and the good fortune to win at the right time, when your determination may be slipping—doesn't hurt a bit," concludes De'vany.

Evicted

Continued from page 2B
The workers are members of the Mississippi Freedom Labor Union, and had persisted in asking for \$1.25 an hour wage.

Two days later, the Andrews had an injunction served on the evicted strikers who were picketing the plantation. The injunction stated that on more than four men at a time could picket; that they had to use small or picket signs; and it gave the Andrews the legal right to throw the picketers' possessions off the land.

The strikers lived in shacks on the plantation, and worked for an average pay of \$3.00 a day. Now they are planning to put up a tent city to house their families. The land for the tent city is being donated by a Negro store owner and others. Almost \$400 in union dues has been collected to support the strikers and their families, but this will last only about a month.

Mississippi State Highway Patrolmen have been called out to watch the picketers, but no one has been arrested here so far. One striker was shot at by a Lindsay woman, the wife of the agent on a neighboring plantation. She was taken into custody but later released when the Justice of the Peace refused to press charges.

In nearby Shaw, where the union was first formed, several union officials have been arrested. They are being held on charges of "malicious trespass," which grew out of their attempts to persuade fellow workers to leave their jobs.

ON SLOW COUNTY CORE CHAPTER FORMED IN MAY

The Congress of Racial Equality has recently formed a new Chapter. Its name is the Onslow County Chapter of CORE. Core was organized on a national scale in 1942 in Chicago, Ill. designed to remove discrimination based on skin color. The organization is an interracial group seeking racial equality based on the American dream "Liberty and Justice for All." It works through non-violent direct action.

The new chapter is working in the following areas: housing, employment, education, community relations, Federal Programs and Anti-poverty.

Chairman, Alexander Hill; Co-Chairman, Christine Matlocks; Secretary, Derk Matlocks; Assistant Secretary, Annie Matlocks; Treasurer, Lynell Matlocks. Committees are also being formed.

Strikers Quit Sen. Eastland For More Pay

INDIANOLA—15 cotton choppers walked off Senator James O. Eastland's plantation in Dodville, Mississippi to participate in a strike in Indianola. They are the first workers to leave Senator Eastland's land. There are now over 400 workers on strike in Sunflower County and over 1000 in the Delta. All of the strikers are members of the Mississippi Freedom Labor Union. They are asking for a minimum wage of \$1.25 per hour.

Mrs. Fannie Lou Hamer, of the Mississippi Freedom Democratic Party states "What these people are doing here is the most important thing that has happened in Mississippi. It's something we've all wanted to do for a long time, but they are the first who have had the guts to do it."

The Student Nonviolent Coordinating committee stepped up its drive in the Delta. Each time a Negro is beaten up or his home burnt down, more Negro citizens join the big freedom drive.

The Mississippi Freedom Labor Union (MFLU) has its largest supporters in Washington, Bolivar and Sunflower Counties. Many have been arrested and families have been evicted from plantations, but there will be no stopping now. As one local Mississippian says, "This is only the beginning."

Field Secretary, The Rev. B. Elton Cox of High Point, and the National Chairman Attorney F. B. McKissick of Durham, were present at the Chapter's second meeting.
