## New Bishop To Have His Problems

Pope Paul VI has appointed the first Negro Bishop in modern times for the United States—Msgr. Harold Robert Perry who will serve as Auxiliary Bishop of New Orleans. Perry (R) is shown at the Vatican City being congratulated on his appointment by Archbishop of Chicago John Cody who made the announcement. Bishop Perry is expected to face exceptional problems in his new assignment, since the New Orleans area has been a hotbed of racism during the past decade.

## Time Issues Brochure on Life of Negro

NEW YORK—Fifty thousand copies of a special brochure called "Negro Americans" are being distributed free by Time, The Weekly Newsmagazine, to Negro students through the facilities of Negro State Teachers Associations in the South, Negro college presidents and leaders in the Negro communities.

While "Negro Americans" cites some prominent figures in the performing arts and sports, the primary focus of the brochure is on the seldom-publicized achievements of Negroes in other fields and professions. Included in the folder is a comprehensive bibliography on the Negro in the U.S., compiled by the New York Public Library.

According to Time Publisher Bernhard M. Auer, the 28-full-color photographic portfolio will serve a two-fold purpose: "We hope it will give all students who see it a better idea of the contribution Negroes are now making to virtually every branch of the U. S. economy. Second, we hope it will serve as an inspiration to Negro school children everywhere to see how many colored Americans are already winning success in almost every

field of man's endeavor—in government and the military, in business and the professions." Originally this gallery of
