

STARS LEND A HAND—Eddie Albert (r) and charming Betty Furness, both top stage, screen and television actors, lend a hand to the Philadelphia division of the American Cancer Society during the volunteers kickoff last week. City co-chairmen Sedic William Melidosian (c) and Mark Hyman (l) will help direct the campaign in America's fourth largest city. Melidosian is a regional official with the Veterans Administration. Hyman is an advertising agency executive, civic worker and fraternalist.

Esso Ed. Fund Grants Over \$2 Mil. for 65-66

NEW YORK—Grants of \$2-348,000 to more than 300 colleges, universities and related educational institutions and organizations throughout the U.S. were announced last week by the Esso Education Foundation for the academic year 1965-66.

This brings to almost \$19.5 million the amount the Esso Education Foundation will have contributed to some 500 institutions of higher education during its first 11 years. The Foundation is supported by Standard Oil Company (N. J.) and several of its affiliates, including Humble Oil and Refining Company, Esso Research and Engineering Company, Esso Production Research Company and Humble Pipe Line Company.

Of the total amount disbursed in 1965-66, more than \$560,000 will go to 184 colleges and universities for their unrestricted use.

Another \$550,000 will go to 34 institutions in the form of capital grants for special development programs, building projects and laboratory and library facilities.

Graduate engineering and science departments of 29 institutions will receive 40 unrestricted grants totaling \$179,000.

Special purpose grants in the amount of \$576,200 will go to 34 institutions and organiza-

Asks Dis. Court To Halt White Pupil's Transfer

CHARLOTTE — Attorneys of the NAACP Legal Defense and Educational Fund last week asked the U. S. District Court here to block the parents of Terrence H. McClain in their efforts to remove their son from an integrated school.

The white parents have asked the Charlotte-Mecklenburg Board of Education for a tuition grant, payable from North Carolina's state treasury, which would allow Terrence to leave his present school.

The parents base their action on a North Carolina statute passed in 1956.

That statute also states that local school districts and the electors of such districts, may vote to close school when integration takes place.

It gives exemption, from compulsory attendance laws, to students who are assigned, against the wishes of their parents to integrated classrooms.

Legal Defense Fund attorneys are asking the District Court to:

—enjoin the tuition grant plan

—prevent local school boards an electors from closing schools.

—enforce the compulsory school attendance law when schools become integrated.

The Negro plaintiffs brought the action in their own behalf and in "behalf of the Negro children attending the public schools of this state.

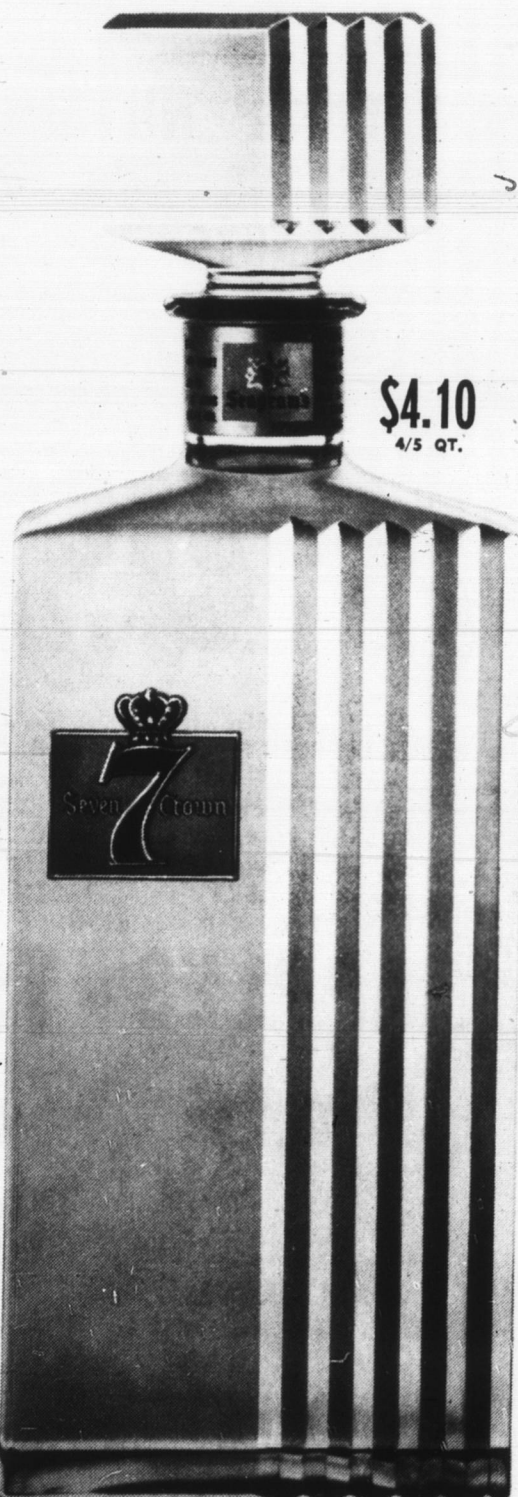

This suit follows on the heels of three other Legal Defense Fund victories in the U. S. Supreme Court in the area of school integration.

Recently, the High Court ruled out the grade-a-year plan in Fort Smith, Arkansas.

Several weeks before that, the Court called for integration of teachers and administrative personnel in Richmond and Hopewell Junction, Va.

Included under special purpose projects are four \$25,000 grants to major privately controlled universities in support of projects to strengthen their undergraduate colleges.
