

**GETS GRANT**—The Research Grants Committee of the North Carolina Academy of Science awarded a grant of \$150.00 to William C. Swift, (left) a senior student of Fayetteville State College, to help finance a research study in the "Reduction of Nitrogen Compounds by Cytochrome C," under the supervision of Dr. T.T. Chao (right) of the Chemistry Department of FSC. Honoree Swift will present a paper of his findings at the Collegiate Academy of the N.

C. Academy of Science in May, 1966, according to word received from John A. Yarbrough, sec'y-treasurer of the Academy. William Swift, a member of the Omega Psi Phi Fraternity, made the Dean's List on three occasions; starred on the Varsity track team as a sprinter; is also a ranking member of the chess team. A native of Philadelphia, Pa., the researcher lives off campus at 1620 State Avenue, Fayetteville.

## Women Drivers Warned of Rising Perils

DETROIT—With the tremendous increase of automobiles on America's highways and turnpikes, women drivers have been especially cautioned by the Michigan Safety Study Commission Inc. to adhere to frequently published driving rules issued by similar private and commercial organizations. Since a substantial increase in female commuter drivers, and since the number of driving housewives taking husbands to stations, children to school, shop, and perform an ever-mounting number of driver chores, MSSC has made an appeal to women drivers of Michigan and of the entire U.S.

According to Walter L. Farrow, chairman of the commission, Hertz Rent A Car has produced the most complete list of driving rules which effect women.

1. Seat children in back. Don't let them stand up or lean out windows.
2. Study actions of other drivers and try to anticipate them.
3. Keep all necessary licenses and documents on the person or in the car at all times.
4. Keep one car length behind the driver ahead for every 10 miles of speed.
5. Use appropriate signals to show turns or change of lanes.
6. Before starting out check all lights, brakes, tires, gas and oil.

### WINTER DRIVING

To Meet The Problems Presented By Ice, Snow and Cold:

1. Use an "easy foot" in applying power to keep wheels from spinning. Get the feel of the road by carefully speeding up and slowing down to determine slickness. Pump brakes gently to stop.
2. Ease off accelerator during a skid and turn wheel in direction of skid. Don't straighten until skid is over.
3. Turn on headlights or parking lights during daytime snowstorm. At night use dim headlights in heavy snow.

## Lovely Carol Cole Making Movie Debut

Lovely Carol Cole (right), who makes her movie debut in "The Silencers," starring Dean Martin as Matt Helm, tells Hollywood Star Lee Marvin, left, and West German beauty contest winner Maria Brouckerhoff, of her experiences in Columbia Pictures new talent program. Marvin, currently filming "The Professionals," starred with Carol's father, the late Nat King Cole in "Cat Ballou," Nat's last motion picture. Miss Cole was the first Negro actress signed in the New Talent Program, geared to provide training and opportunity to young talent. Miss Brouckerhoff also has a part in "The Silencers."

## Successful Year Of Scouting Noted by Dist.

Successful scouting for boys in 1965 was noted this week by W. A. Clement of the Cheyenne Leaf District, Boy Scouts of America.

The Cheyenne Leaf District serves the Durham area. It has shown gains in the fields of membership, new units camping, "pot luck" dinner and unit activities.

We salute the 619 volunteer adults who make it possible for 605 boys to be Cub Scouts, 533 Boy Scouts and 246 Explorers. "The program of Emphasis Breakthrough for Youth has made it possible for us to achieve new objectives in making a quality Scout program available to more boys", Clement said.

There are 81 Scout Units in the Cheyenne Leaf District, which have 1,384 boys enrolled. Five of them are sponsored by the A.M.E. churches, four by the A.M.E.Z. churches, 42 by

### LOOKING UP

LITTLE MONIQUE, watched by her parents, intently follows a toy held by Dr. Frank Schuster, assistant director of the March of Dimes Birth Defects Center at Johns Hopkins Hospital, Baltimore. Born with an open spine and water on the brain, Monique underwent surgery by medical experts at the center to close her spine and relieve excess fluid around the brain which could have caused mental retardation, blindness or death. A quarter of a million babies are born in the U.S. each year with serious birth defects. March of Dimes contributions support 57 research and treatment centers across the nation to help children with conditions similar to Monique's.

the Baptist Church, five by the C.M.E. churches, two by the Church of Christ, two by the Presbyterian Church and two by the United Church of Christ. The Fire Department sponsors one unit, Housing Projects sponsor two; Building Firms, one and one, neighborhood Den. Schools and P.T.A.'s sponsor eleven units.

### WINTER FASHION NOTES

What's Suitable For Europe

In the winter Europe glows with the excitement of theater, opera, music, and restaurant and nightclub life. For winter fun in Europe, your travel wardrobe should include two wool costume suits, according to Pan American Airways' fashion advisor. A three-piece suit is versatile for travel, for sightseeing or daytime lunching and a dressy wool suit, perhaps with a sheath and fur-trimmed jacket, for the late-day. Wear the sheath with a stole or dressy sweater for chilly winter evenings and achieve another dimension. Be sure to include this season's all-important white turtleneck knit shell as one of your

blouse changes. Bright Ideas for Island Wear

For a winter holiday in the Caribbean, pack your gayest, most colorful resort clothes. They come in a variety of styles — cotton "Lillies," or shifts in daytime or evening fabrics and colors; all sorts of pajama outfits with wide legs and colorful print tops; Jamaica or Bermuda shorts; swim suits with matching coats. Each of the islands features its own local couture, so it's fun to supplement your resort wardrobe with something designed by an "on-the-scene" designer. **Sweaters Needed in Tropical Lands** The dressy sweater has come into its own for a "must" to include in your travel wardrobe.

## J. A. Dombrowski to Retire as Executive Director of SCEF

NEW ORLEANS La.—James A. Dombrowski a leading figure in the civil rights movement for three decades, will retire February 1 as executive director of the Southern Conference Educational Fund (SCEF).

SCEF is a Southwide organization dedicated to ending all forms of discrimination based on race, creed, color, national origin, or economic condition. President is the Rev. L. Shuttlesworth of Birmingham and Cincinnati.

Shuttlesworth announced that SCEF's main office, which has been in New Orleans for 20 years, is being moved to Louisville, Ky., with Dombrowski's retirement.

Dombrowski, who is 69, has been with SCEF and its parent organization, The Southern Conference for Human Welfare, for almost 25 years. The SCHW went out of existence about 20 years ago.

A native of Tampa, Florida, Dombrowski served with the 173d Aero Squadron in France in World War I. He graduated from Emory University, Atlanta, Georgia in 1923 with a degree of bachelor of philosophy. He organized and was first Executive of the Emory Alumni Association. He was also founder and first editor of the association publication, the Emory Alumnus.

### WEIGHING IN

MARCH OF DIMES volunteer checks the weight of a patient at Maternity and Infant Care Center. Volunteers assist the busy professional staff of the prenatal care clinic by keeping records and supervising a playroom for children who cannot be left at home while their mothers keep clinic appointments. By encouraging women to seek early and continuous prenatal care, March of Dimes volunteers hope to help reduce the risk of faulty development before birth.
