Alumna," the winner in a national fund raising contest sponsored by the A. and T. College General Alumni Association. Doing the crowning chores is Miss Dorothy Spain, also of Greensboro, the retiring queen. Mrs. Brown was sponsored by the Greensboro Gate City Chapter of the alumni group. The action took place at the annual homecoming ball, a feature of the A. and T. homecoming weekend celebration held at Greensboro last week.

Bids Run High For A&T Math-Business Bldg.

GREENSBORO—Bids opened last week at A. and T. College for the proposed mathematics and business building are more than \$100,000 above the funds made available for it. Low bids for the structure, including architects fees and contingencies totaled \$1,136,000 exactly \$107,670 more than funds appropriated for it. The college had available for the structure a State appropriation of \$714,101, and an award from the federal government; of \$314,229, for a total of \$1,028,330. Harvey Alexander, A. and T. business manager, disappointed about the development, said he was aware that building costs had made several advances since the funds were appropriated, but was surprised by the big margin indicated by the bids. He added that practically all of the low bids were close.

'CO-OP' GROUP NOW ALSO CO-ED A HUMBLE OIL—Miss Willie D. Pryor, a sophomore honor student at Texas Southern University in Houston, broke up a male monopoly that was 12 years old when she became the first of her sex in a successful Humble Oil and Refining Company program that is now helping 30 people earn their college degrees on the "co-op" plan. Miss Pryor, daughter of Mr. and Mrs. Will Pryor, Jr., of Brookshire, Tex., is a graduate of Houston's B. T. Washington High School. She also earned scholastic honors in each of her four high-school years. Above, a recruiter from Humble interviews Miss Pryor. Co-op students are usually enrolled through campus interviews.

Suit Charges Bias In Federal Aided County

BIRMINGHAM—Lawyers for the Legal Defense Fund have filed a suit this morning in the U. S. District Court for the Northern District of Alabama enjoining the Ketchum County Nursing Home from continuing their discriminatory practices against Negro patients residing in the area. The nursing home, a non-profit charitable organization, is owned and financed by Jefferson County for the purpose of providing a place for "all citizens of Jefferson County to receive rest, recuperation, rehabilitation and medical services." Legal Defense Fund lawyers have filed this "class action" suit in behalf of the Negro residents of Jefferson County. The attorneys for the plaintiffs pointed out in the suit that, under the Fourteenth and the Fifth Amendments, the Negro residents in Jefferson County also qualify to obtain medical and hospitalization attention

as provided by the defendant nursing home without discrimination on the basis of race and color. The Fund lawyers further invoked the jurisdiction of the Court under Title VI of the Civil Rights Act of 1964 and charged the defendant nursing home with receiving substantial funds from the U. S. Government for welfare administration, public assistance, and vocational administration as payment for services rendered recipients. Nursing homes that receive funds through federally aided programs, such as Medicare or state welfare programs, are covered by Title VI of the Civil Rights Act of 1964. Title VI prohibits discrimination on the basis of race, color, or national origin in any program receiving federal financial assistance. The defendant nursing home is charged in the suit for maintaining "separate buildings," administering separate treatment for Negro and white patients suffering from the same ailment, and employing Negro nurses, clerks and technical personnel only in buildings. This suit is the first of its kind filed against a public served for Negro patients, nursing home. Continued from page 1B
