

YOUTHS QUESTIONED — one person was killed and eight were injured in a shooting spree on Chicago's west side. Police say an unidentified victim was found dead in a truck. Police are holding one youth in custody in connection with the shooting and searching for 3 other persons allegedly involved.

LONG HOT SUMMER? — (San Francisco) — The actions of white Americans will determine whether another "long, hot summer" of disruptive rioting occurs in U.S. cities, the new chairman of the Student Non-violent Coordinating Committee said here May 25. R. P. Brown (seated-L) speaks to press at meeting called by Terence Cannon (L) who wears .38 automatic pistol on his hip. He is a field secretary for SNCC and an editor of "The Movement," a newspaper affiliated with the civil rights group. He explained the weapon as a precaution because of recent theft at the office of the newspaper of which he is editor.

Baltimore to Host Congress Of Christian Ed.

CINCINNATI — Significant history will be made when the Progressive Congress of Christian Education convenes in Baltimore, Md., June 19-25, at the Cornerstone Bapt. Church, 1627 Bolton Street, with Dr. Logan Kearshe, serving as host pastor, supported by the Baptist Churches of Baltimore. Perhaps no other National Congress can boast of both its President and Vice President holding earned doctorate degrees. While Progressives bar no one because of a lack of academic degrees, it bears in mind that it owes this kind of legacy to the youth of today. Many believe that the Progressive National Baptist Convention is building one of the greatest movements in history of able religious leaders.

In six short years the PNC has achieved both security and status in the nation. Its Congress as all of its other auxiliaries is "cause-centered" rather than "personality-centered." As one traverses this nation as does her president Dr. Gardner C. Taylor, he discovers that many pastors are turning to the Progressive Convention. Tenure is becoming a natural way of life with Progressive leaders. Dr. Garland K. Offutt, first President is making careful plans for an orderly transition of the Congress leadership to his successor. It is generally conceded that Dr. Melvin Watson, noted educator and pastor in Atlanta, Ga. is expected to succeed Dr. Offutt. He has served with distinction as Vice President of this body.

The Congress will feature four special events: Pre-Congress Musical Tuesday Eve-

COMMENCEMENT PRINCIPALS—Pictured here are the principal figures in the twenty-fourth annual Commencement week activities at Albany State College. In the upper left and right photos, surrounding the college's administrative office building, Caroline Hall, are two of the top ranking students, Bettie Hood (left) of Columbus, Ga., third ranking graduate, and King David Johnson (right) of Hazlehurst, Ga., the top-ranking senior graduate. In the left corner are Dr. Thomas Miller Jenkins, II, the college's president, and Dr. L. H. Sullivan, a '63 Russwurm Award recipient, who will deliver the commencement address on Saturday, June 3. In the right corner, from left to right, are Dr. E. James Grant, senior consecration speaker, Robert H. Simmons, dean of the college; and Erasmus Dent, who will deliver the major address to the gathering at the annual alumni meeting and retirement banquet.

ning, Christian Heritage Night, Thursday Evening, Reception for Out of Town Youth and Baptist Youth Night on Friday evening. Pres. Gardner Taylor will convene the Executive Board on Wednesday at 10:00 A.M. The place will be announced at the opening session. Dr. Taylor will leave shortly following the Congress for a preaching mission in the Union of South Africa.

Health Tips From AMA

Had your first sunburn of the season yet? If so, read on and find out how it happened. If not, read on, and possibly pick up some pointers on how to avoid or minimize sunburn. Actually, a suntan has no real health value. But there may be a psychological therapeutic result in the sense of relaxation and well being gained from basking in the warm sunshine, if it isn't overdone.

Over-exposure to the hot sun can cause burns, as almost everyone has found out. Less known is the fact that continued over-exposure over a period of years can cause the skin to look weatherbeaten, wrinkled, leathery and coarse in texture. The time of day of exposure is important. The burning ultraviolet rays are most

intense from 11 a.m. to 2 p.m. No sunburn is likely before 8 a.m. and after 4 p.m. High noon is the hottest time of day for sunburn. Rays reflected from sand or water can burn, even though you may not be directly exposed. Individual sensitivities differ. You must to some extent learn for yourself how much sun you can tolerate. A general guide for most persons, assuming that previously untanned white skin is exposed about noon, is: First day, expose skin to sun for 15 to 20 minutes. This means 15 to 20 minutes each on face and back.
