Deadline for Reporting Tax Withheld Mon.

GREENSBORO — Employers have an important tax deadline on Monday, July 31, 1967.

This is the due date for reporting and paying withheld income and social security taxes for the calendar quarter ended June 30, 1967, according to J. E. Wall, District Director of Internal Revenue.

Employers who received a preaddressed Form 941 should use this form to report their tax liability and should attach to the return the validated depositary receipts previously received for the months of April and May.

Mr. Wall pointed out that employers who made full and timely deposits in Federal Reserve banks or authorized commercial banks, sufficient to pay their full tax liability for the quarter ending June 30, 1967, including those required to make semimonthly deposits, have until August 10, 1967, to file their returns.

"Employer's Tax Guide," (Publication No. 15), commonly called Circular E, which furnishes detailed information on this subject, may be obtained by dropping a post card to your District Director, Internal Revenue Service, P. O. Box 20541, Greensboro, N. C. 27420.
