**OUR RISE AS A MANUFACTURER BEGAN WITH...**

**BAKING POWDER!**

How come?  
Young George Hartford thought the price of baking powder was too high. So he hired a chemist, made his own... the very best... and sold it at an unheard of low price.

That was in the 1880's. That was the first step in developing what today is a long and respected line of manufactured products.

And every one is produced with just one thought. To give you the very best for the least amount of money.

Can you be sure they're the very best? We guarantee it... without question.

Are A&P Brands a good reason for shopping A&P? They're one of many.
