

**SUITED FOR SPRING**—The biggest news from Paris is that suits are back—a wonderful piece of news for women who have always loved the good looks and comfort of this easy way of dressing. Davidow fashions an easy-fit town suit of Irish linen and buttons it in

brass. Flap pockets decorate the front of the jacket. A boldly printed Irish linen handkerchief spills out of one pocket. The balancer to this new fashion look is the rightness of knee-high socks for city wear on the elegant women this year.

## Progressive National Baptists Plan Regional Conventions

**CINCINNATI** — One of the key factors in the significant growth of the Progressive National Baptist Convention, Inc., is its Regional Meetings held in the different sections of this nation. The Convention which now reaches into nearly 40 states and into three or more foreign countries continues to attract followers. Through its regional meetings the Convention program is carried and interpreted to the people. Among National Baptist Conventions it boasts of having the first and only Executive Secretary, an office now being held by Dr. L. Venchael Booth of Cincinnati, Ohio. His office serves as the heart-beat of the Convention, directing and coordinating its activities in a very efficient manner. It was his vision which gave thrust to the idea that there are many unaffiliated Baptist Churches that need the interest of a national organization to bring them into the main stream of dynamic church life. The Progressive National Baptist Convention seeks through its philosophy of stewardship and democracy in office holding and conduct of the affairs of corporate church life to encourage young leaders as well as elder statesmen.

In late March 26-28, at the Bethany Baptist Church, Brooklyn, N. Y., the Convention in its

Eastern Region will enjoy the hospitality of Rev. W. A. Jones, Jr., and his Church congregation for a two-day session. Rev. Jones is one of the most militant and progressive of young Baptist preachers. His church was completely rebuilt in 1967 at a cost of \$1,250,000.00 is easily one of the most beautiful as well as functional of all churches in the entire country. Churches from many cities along the Eastern sea-board will be represented. It is expected that the New York and Philadelphia areas will report the largest attendance ever.

President Gardner C. Taylor is expected to return from a Winter Vacation in Jamaica for this session. His schedule at his 12,000 member Cong. Baptist Church and his many speaking engagements at home and abroad is very taxing on this young giant among Baptist leaders. The Eastern Regional Convention will be presided over by Rev. J. J. Koger of Washington, D. C. president of the Eastern Region.

### Durhamite Named To Hood College Dean's List

**FREDERICK, Maryland**—Miss Carol B. Myers, daughter of Mr. and Mrs. Roy H. Myers of Hathaway Road, Durham, has been named to the Dean's List at Hood College in Frederick, Md. At Hood, a liberal arts college for women, special recognition is awarded to students

in support of freedom of residence. The Proposal would become effective Jan. 1, 1970.

## Realtors Take No Action on Housing Bill

The Durham Board of Realtors will take no official stance on the open housing provision in Senator Everett Dirksen's compromise civil rights bill now.

The proposal would prohibit discrimination against Negroes if an owner sells his home through a real estate agent.

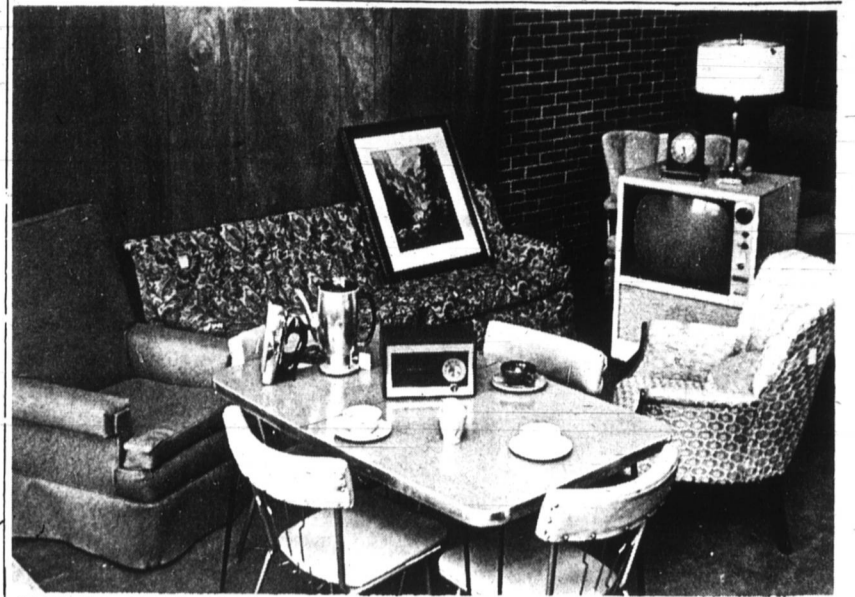

Tom Upchurch, president of the Durham board, said that the local group would not formulate any policy until after action in the Senate.

The proposal, however, is very definitely opposed by the North Carolina Association of Realtors, Inc., according to D. L. Godwin, president.

Said Godwin, "Our association is very definitely opposed to any legislation that denies the American public of the right to dispose of real estate as they see fit."

However, the proposal has drawn favorable comment from the North Carolina Council of Human Relations.

Will C. Allred, Jr., executive director of the council stated, "In light of the reluctance of elected officials in North Carolina cities to act to end discrimination in the sale and rental of housing, the council is presently appealing to the State Congressional delegation for action at the federal level
