

SENATORS BROOKE AND SCOTT EVALUATE FAIR HOUSING BILL, DR. KING'S WORK

Scott Praised for Support of Civil Rights

Senator Edward Brooke (R-Mass.) this week praised Senator Hugh Scott (R-Pa.) for his leadership in helping pass the Worker Protection-Fair Housing Act, the 1968 civil rights legislation.

During a television and radio program on which they appeared, Sen. Brooke said, "... you (Sen. Scott) certainly are deserving and entitled to much commendation for the part that you played in the passage of the civil rights legislation in the Senate."

Sen. Brooke commented further on Sen. Scott's efforts to urge prompt passage of the bill in the House of Representatives.

Both Senators then discussed the implications of the assassination of Dr. Martin Luther King.

Sen. Scott said: "Martin Luther King was an impatient man, but it was the kind of impatience which, if it was not then understood, had better now be evaluated and understood."

NIA Sets \$85 Million Goal in Coverage Drive

CHICAGO — A nationwide goal of writing \$85 million in new coverage during the second week in May is the aim of 8,000 agents for the 46 Negro-owned life insurance companies that make up the National Insurance Association.

This week, George S. Harris, president of the National Insurance Association, announced the 34th annual observance of National Insurance Week from May 13-18. In his official proclamation, Harris, reminded the member companies of their responsibility to extend the economic services of life insurance to all families.

Participating agents will wear lapel buttons declaring that "Security Is Power", theme of the nationwide sales promotion, which is being directed by Jas. S. Isbell, administrative assistant agency director of Chicago Metropolitan Mutual Assurance Company, and a special committee. E. Earhmon Fort, Agency officer of Mammoth Life and Accident Insurance Company, Louisville, developed the campaign slogan. The theme appears in a series of posters which designed to motivate agents and public. Additional displays and special programs in various cities have been planned by individual companies to keep the goals before all personnel.

National Insurance Week was instituted by the association in 1935 as a means of bringing the protection of Negro families closer to that enjoyed by the average American family.

The gap, though narrower, still exists today. Recent statistics show the national average protection to be \$15,000 per family. Average protection for Negro families is estimated at \$3,000 per family. Negro-owned companies alone have over \$2.25 billion of insurance in force and \$400, million in assets.

The National Insurance Association is a trade group of the major Negro managed life insurance companies. According to Harris, member companies conduct business through 500 offices in 25 states.

"Pope John XXIII was an impatient man. He didn't have much time. Calvin was an impatient man. Luther was an impatient man. The work of men on earth—God's work—is done by impatient men."

Sen. Brooke added: "Hugh, Hugh Scott, you are an impatient man and I'd like to be an impatient man myself, and I know you get really filled up about this. You feel so strongly about it and I'm grateful we have people like you in

this country who do feel very strongly about it.

"But our day is coming when we're going to have all that the Constitution has promised. Our day is coming when men and women of all races and all creeds are going to live together in peace and harmony in this country and across the world."

"Though at times we may seem to be out of step with the tune, in the long run I think that we are hearing the

same beat that others will get in step with."

In conclusion, Sen. Scott said: "Somebody said to me the other day, 'Who are the poor in America?' I think the poor are those who are poor in spirit; those who have jettisoned their faith; those who do not believe in the strength, the unity, the certainty that there can be no rule under law but the rule of fairness, the rule of justice, the rule of equality."

"If J/Wax Kit doesn't give you a shine as good as any paste wax and a lot easier, I'll turn in my trophies."
Stirling Moss

There's nothing ordinary about Kit. This is the paste wax that's pre-softened—so it doesn't take a lot of muscle to put it on. Kit liquefies as it hits your car's surface, practically slides on. And does a deep, thorough cleaning job as it waxes. You can forget the old hard buffing routine, too. Just let Kit dry to a haze, then easily buff it off. You get a shine that's deep and lustrous, and hard as nails. Try it. J/Wax Kit. In the yellow tub with high-speed applicator or convenient tin.
